BUSINESS.

FIRE INSURANCE.—The Premiums received by the
 Liverpool and London and Globe Company in the
 year 1863, amounted to \$2,900,000, and exceeded by not
 less than \$1,000,000, those of any other Fire Office in
 England.

LIFE INSURANCE.—The enormous resources of the
 Liverpool and London and Globe Company present
 an amount of security to Insurers such as few, if any,
 offices can give. The very large funds actually in-
 vested, and the unlimited responsibility of the nume-
 rous and wealthy Proprietary are not surpassed. The
 various scales of Premiums will be found not more
 than commensurate to the advantages afforded; and
 the Bonuses being guaranteed when the policy is
 issued, and not being contingent on the profits made,
 entail not the remotest liability of partnership. A
 contract of Life Insurance should not be a speculation.
 Its fulfilment should not depend on problematical
 success. A leading object aimed at in the practice of
 insurance is to render that certain which otherwise
 would be doubtful only; and that Company would
 seem to fulfil most entirely this purpose of its exist-
 ence, which places all the inducements it holds out to
 the world, on the clear basis of distinct guarantee.
 This certainly is the characteristic of the Liverpool
 and London and Globe Company. The premiums on
 Life Insurance received in 1863 were \$1,050,000.
