The work is easy, the paper recommending  
itself; and is specially adapted for clerks in

The G.T.R. folder descriptive of the World's  
Fair at St. Louis, Mo., and the G.T.R. route  
there, is perhaps the most complete and best  
printed one issued by any line. The folder  
contains in addition to the usual map of the  
G.T.R. and its connections, an outline map  
showing the routes over which the company  
is issuing tickets to and from St. Louis, a map  
of the city of St. Louis showing steam and  
electric railway routes to the Fair grounds,  
and a plan of the Fair grounds. The illustra-  
tions of the buildings, and the descriptive letter  
press give practically all the information a  
visitor requires.

The Minister of Railways has a bill before  
the Dominion Parliament at the current ses-  
sion for the purpose of amending the law re-  
lating to the payment of subsidies to rail-  
ways. The bill provides for the fixing, upon  
the report of the Chief Engineer of the  
Department, of an amount per mile at the  
time of the entering into the contract. Of  
the amount so fixed upon \$3,200 a mile will  
be paid on progress estimates as at present,  
then 70% of the excess, the remaining 30%  
being held until the completion of the line.  
The total amount of the subsidy will not ex-  
ceed in any case \$6,400 a mile, and the extra  
amount over \$3,200 a mile, will be calculated  
as at present, upon the extra cost of the line  
above \$15,000 a mile.
