We regret to have to record the death of Mrs. McSloy, the beloved wife of Mr. McSloy, of St. Catharines. The deceased lady, who died on the 10th links, was the eldest daughter of Mr. Thomas Long, of Taronto. Her early deaths at the age of twenty-light has been a keen sorrow to her richtives and friends. The deceased lady passed the last two winters of her life in California, hoping that her health would be benefited. This change failed to accomplish the desired result and she passed away at the date given above. To her bereaved husband and artiflected parents we tender our deepest sympathy.

WELL EARNED HOLIDAY.

Rev. Father Lennon announced to his people at the late Mars on Sunday, that owing to his continued poor health have been obliged to obtain a vacantion of some months from the duties of his pastorate. He expected to leave in a few days for a season of change and rest. Sunday was the 18th anniversary of his pastorate of St. Basil's church, and he hoped to sud his days among the people of Brantford. During those years he had bearned to love them; and though had would be absent for a time, he would be just as much their parish priest, and would pray for them daily in the Holy sacrifice.

A glance at the work done by Father Lennon during the eighteen years he has been in charge of St. Basil's church would indicate that he has had plenty to occupy his energies. When he assumed charge there was a debt in all of about \$15,000, and no plaster or interior Thish on the edifice, and only one half of the roof calted. His first effort was to complete the interior. The plastering cost \$10,000. About \$200 was expected in placing the present spays in the church; set of Stations of the Cross (oil paintings), was broaght from Stanleh, in set

neighborhood of \$2,.00, though part of their cost was overset by domesions from a few members of the partin, the bed was dometion from Mr. Though was dometion from Mr. Though the partin was also plus in the same their factor steps, and almost all the surroundings of 8t. Beally admost his was the partin of the surroundings of 8t. Beally admost his washington work he was maturemental. Another work he was maturemental in a rrying out was the improving and beautifying of the completery. There has been introduced a complete system of waterworks, and the outer and adornment of the place of the provincial and partin of the specific provides the specific of 8t. Beally 8t. No loved outs, and pay sincerely for falling health, and pay sincerely for his specify restoration.—Brantford Expositor.

THE "PERFECT" **CHAINLESS MODELS** FOR 1900

Experience, skill and proper mechanical appliances have overcome all the snortcomings in the Bevel-Gear principle of chainless wheel construction so that to day it is developed to a high state of perfection, and in the adoption of it in the construction of the Welland Vale it was because after the most thorough testing and experimenting it proved the most reliable—the only correct and perfect principle. The Welland Vale Chainless for 1900 has many improvements over last scason's models, and their great popularity then is bound to grow vastly greater. Is bound to grow vastly greater. Is bound to grow vastly greater. In the perfect "Chainless gives the most speed for the least effort. The "Perfect" Chainless days thoroughly lubricated. Climatic chee have no effect on the "Perfect "Chainless. The "Perfect." Chainless Gear improves with use—easy to keep clean, The "Perfect." Chainless is a perfect mount in every detail of its construction.
