

NORTHROP & LYMAN'S VEGETABLE A Great Blood Purifier A Sure Cure for Dyspepsia

DISCOVERY

A Medical Triumph! A Very Bad Case!

HOW THE HEALTH OF
ONE OF BELLEVILLE'S CITIZENS
WAS RESTORED.

Remarkable Cure of Dropsy and Dyspepsia.

MR. SAMUEL T. CASEY, Belleville, writes: "In the spring of 1884 I began to be troubled with Dyspepsia, which gradually became more and more distressing. I used various domestic remedies, and applied to my physician, but received no benefit. By this time my trouble assumed the form of Dropsy. I was unable to use any food whatever, except boiled milk and bread; my limbs were swollen to twice their natural size; all hopes of my recovery were given up, and I quite expected death within a few weeks. NORTHROP AND LYMAN'S VEGETABLE DISCOVERY having been recommended to me, I tried a bottle with but little hope of relief; and now, after using eight bottles, my Dyspepsia and Dropsy are cured. Although now seventy-nine years of age, I can enjoy my meals as well as ever, and my general health is good. I am well known in this section of Canada, having lived here fifty-seven years; and you have liberty to use my name in recommendation of your VEGETABLE DISCOVERY, which has done such wonders in my case."

DYSPEPSIA VANQUISHED.

MR. JAMES JOHNSTON, 4th con., 7th lot, Amaranth, writes: "Two bottles of NORTHROP & LYMAN'S VEGETABLE DISCOVERY cured me of Dyspepsia. Mine was a bad case and I had tried a number of other preparations without getting any benefit from them."

Dyspepsia Had to Go.

MR. W. J. DEVELL, Wingham, carpenter and builder, writes: "Three years ago I was greatly troubled with Dyspepsia; a pain between my shoulders was so bad that I thought I would have to quit work altogether. No medicine gave me ease until I got a bottle of NORTHROP & LYMAN'S VEGETABLE DISCOVERY, which gave me relief. I continued using the medicine until I had taken three bottles, when I was perfectly well. I consider it invaluable as a cure for Dyspepsia. I know of several persons who have used it with the same benefit."

DONALD KENNEDY

Of Roxbury, Mass., says

My Medical Discovery seldom takes hold of two people alike! Why? Because no two people have the same weak spot. Beginning at the stomach it goes searching through the body for any hidden humor. Nine times out of ten, inward humor makes the weak spot. Perhaps its only a little sediment left on a nerve or in a gland; the Medical Discovery slides it right along, and you find quick happiness from the first bottle. Perhaps its a big sediment or an open sore, well settled somewhere, ready to fight. The Medical Discovery begins the fight, and you think it pretty hard, but soon you thank me for making something that has reached your weak spot. Write me if you want to know more about it.

A STRANGE VERDICT.

HAVE THE JURY ARRIVED AT AN CORRECT
CONCLUSION?

There can scarcely be any doubt that the investigation of Dr. Koch the German Specialist, will lead to radical changes in the treatment of tuberculous diseases. That the eminent physician has discovered a specific for certain forms of skin diseases, the Medical fraternity have already admitted, but that he has made any advance in the treatment of pulmonary affections, they are not prepared to certify to, nor are they willing to believe that disintegrated tissues can be restored by the mere process of subcutaneous injection. On the other hand, the people at large have rushed wildly to Berlin with the firm conviction that Koch's lymph will stay the progress of advanced consumption and lend them a new lease of life. Some have been benefitted—not cured—for the very simple reason that the entire nervous system is overlooked in the treatment. No character of disease that assaults the vital organs can be successfully treated without reaching the nerve centres. In this very particular, the public appears to have rendered a strange verdict in favour of Dr. Koch, strange for this reason:—for many years the remedies discovered by Dr. T. A. Slocum of New York, now manufactured at 186 Adelaide street West, Toronto, have been supplied to the afflicted and so far have proved unfailing as curative agents. They have been introduced into hundreds of thousands of households free of cost, have been given grateful testimonials from numberless thankful hearts, have been publicly endorsed by successful practitioners and are to-day the indispensable articles of the family medicine chest. With such a record the haphazard verdict of the people in favour of Dr. Koch does indeed seem strange. Dr. Slocum's treatment has been common property for years, has given incalculable relief, and is still administering its generous, life-giving nourishment to stricken humanity. Consumptives or those disposed to pulmonary complaints, should consult Dr. Slocum's pamphlet and make immediate and methodical use of his remedies. Address a letter to T. A. Slocum, M. C., 186 Adelaide st. West, Toronto, and you will receive by Express two free sample bottles with full information regarding lung troubles and their proper and successful treatment.
