"FOR A PURE SKIN."

A soothing, healing, and hygienically correct preparation for the cure of all forms of acne or impure skin, and the beautifying and strengthening of the complexion. Widely endorsed by the medical fraternity and guaranteed to contain no ingredient harmful in the least degree to the most delicate skin.

Extract from an essay by Professor Black, M.D., on an analysis of Koladermic: "And we are therefore able to say conscientiously that this preparation is one which has fully satisfied us, both with regard to the nature of its composition and the practical results produced by its use. We are prepared to endorse the claims for it—that it invigorates, heals and brings health to the skin."
