

in Nova Scotia, but according to its means, will endeavour to satisfy that this Colony is no unworthy child of its noble parent—and that the name of the actions of Britons, are not confined to the denizens of the United Kingdom. Halifax will do its duty. If it were possible, like as when a whole nation went up to Jerusalem, we would have it such a centre of attraction, that from all quarters of the Colony there should assemble the population in the Capital, with one heart and voice to keep the glad holiday in honour of the supreme exaltation of the Virgin Monarch of the widest dominion ever given to earthly sceptre. This, however, circumstances may not permit—though we are certain that all who come will pass a day of heart-felt pleasure. The business of the management is in good hands—those who must certainly have some experience in rejoicings of this nature, and who may be considered a sufficient guarantee that nothing insignificant or trifling shall interfere with the character of their arrangements. To them has the honor of Halifax been confided, and they will appreciate the trust.—Times.

Her Majesty's Ship Hastings arrived at Quebec on the 27th ult. with His Excellency the Earl and Countess of DURHAM, their Family, and respective Suites. His Lordship landed on the 29th—was received with all the honors due to his exalted rank, and to the office he has been appointed to fill—proceeded at once to the Castle of St. Lewis; took the usual oaths in the presence of the Executive Council and Officers of the Government of Lower Canada, and entered upon the discharge of his important duties.

PROVINCIAL SECRETARY'S OFFICE,  
Halifax, 12th June, 1838.

THURSDAY, the 28th inst. being appointed for the celebration of the solemnity of the QUEEN'S CORONATION at Her Majesty's Palace at Westminster, His Excellency the LIEUTENANT-GOVERNOR is pleased to command that the said day be observed as a Holiday at all Public Offices throughout this Province.

We are concerned to state, that all the reports given in the Falmouth Papers, received by the Sheldrake, of the safety of the Officers and Crew of the Briseis Packet, were unfounded. The Jupiter did not fall in with the Rainbow, as stated; nor had any tidings of the Briseis reached England at the latest date.

Her Majesty's 23d or Royal Welch Fusilier Regiment, under the command of Lt. Col. Ross, arrived yesterday in the James Troop-ship, from Cork. It disembarked to-day at 1 o'clock, and marched into the South Barrack—they are a fine body of men, and we have no doubt in a high state of discipline.—Gazette.

Captain Farmer's Company and Captain Bloomfield's, of the 11th Regiment, are under orders—the former for Annapolis, the latter for Windsor—and will commence their march, we understand, on Friday next.—Ibid.

ONE THOUSAND POUNDS REWARD.  
DURHAM.

By His Excellency the Right Honorable John George Earl of Durham, Viscount Lambton, &c. &c. &c.

A PROCLAMATION.

Whereas information has been received by Me, that on the Twenty-ninth day of May last, at a certain Island called "Wells Island," in the River St. Lawrence, within the territory of the United States of America, a body of armed men, at midnight, seized upon a certain Steam Vessel called the Sir Robert Peel, belonging to certain subjects of Her Majesty in the Province of Upper Canada, then moored at the said Island, to which she had resorted in the peaceable prosecution of her accustomed voyage, for the purpose of taking in fuel; and, having with violence driven the passengers and crew of the said Steamboat upon the said Island, deliberately plundered, burnt and destroyed the said Steam Boat, and whereas many of the said passengers were females, and were thus assailed with a total disregard of their sex and their condition at that hour of the night, thereby greatly aggravating the outrage; and whereas the due protection of Her Majesty's Subjects, and the demands of justice, imperatively require that the perpetrators of such a crime should not escape unpunished; and whereas with that object I am desirous of co-operating with and giving every facility to the authorities of the United States: Now Know all men by these presents that I do hereby promise the sum of one thousand pounds to any person or persons who shall identify, and bring to conviction before any competent tribunal, any person actually engaged in, or directly aiding and abetting the perpetration of this last mentioned outrage.

To allay the alarm which has again unhappily disturbed the peace of the Frontier of the Province of Upper Canada, I do hereby proclaim to the subjects of her Majesty residing therein, my determination to secure their present and permanent protection by the employment of every means at the disposal of Her Majesty's Government;—for which purpose a sufficient Military force will be immediately concentrated on such points as shall best protect the frontier line from all aggression on the peaceable inhabitants of those Provinces; I shall also lose no time in appealing to the Government of the United States, to vindicate its own honor

by avenging the insult which has been offered to their authority by a band of lawless pirates, and repairing the wrongs which have been inflicted on Her Majesty's subjects.

Pending such appeal, I earnestly exhort all Her Majesty's subjects, notwithstanding the aggravated provocation they have received, carefully to abstain from any act of retaliation which may expose them to the imputation of a disregard of their honor, by a violation of the international rights of adjoining Powers.

Given under My hand and Seal at Arms at the Castle of St. Lewis, in the City of Quebec in the said Province of Lower Canada, the second day of June, in the year of our Lord one thousand eight hundred and thirty-eight, and in the first year of Her Majesty's reign.

(By Command,) CHARLES BULLER,  
Chief Secretary.
