McLAREN'S COOK'S FRIEND THE ONLY GENUINE,

Continued from first page.] MORE COERCION.

The Dublin Freeman's Journal (National-Ist) says :-- "If the Government's object was to step the visit of D.llon and O'Brien to America the arrests are a shameful confession of weakness and discomfiture." It characterizes Balfour's policy as a piece of imbecility which will give to the plan of campaign a most invigerating and exhilirating stimulus.

The Independent Conservative Dublin Express says :- "It is an imperative necesaity to secure relief from the tyranny now exercised by the tenants."

DUBLIN, September 19 .- The busiest place in Dublin te-day was the headquarters of the Land League, Nationalists were calling in a constant stream to learn the latest news in regard to the arrests and to consult on plans of action for the future. Mr. Dillen was the centre of an animated circle. No note of despendency was detected in the atterances of the leaders. On the other hand, there seemed to be fresh confidence and new enthualasm. Instead of regarding the arrests as a calamity, the prevailing tendancy is to rejoice at them as a blessing in disguise. The action of Balfour the Nationalists held to have been an immense taotical blunder for the Government. They are satisfied that it will result in signal advantages to the Irish cause.

John Callinane and Michael Dalton, members of the National league, have been arrested. T. D. Sullivan will probably make a tour of America.

The inability of Dillon and O'Brien to make the proposed trip to America is much regretted. Bat the plan of presenting the true state of Ireland to the American public by means of speeches by leading Irish orators bay not been abandoned. Who will be selected to go to America has not been determined.

DUBLIN, September 21.-The Nationalists held a meeting to day at Swinford, County Maye. Although rain was falling a large crowd was present. Two hundred policemen and 150 soldiers were on the ground. John Dillon made a speech in which he denounced the Government tactics in dealing with the Nationalists. The Swinford magistrate warned Dillon that the masting would be ditpersed if illegal or intimidating language was used. Dillon made a vohement appech, in which he complained that the warning was a gross and shameful eutrage. An armed efficer, he said, had been sent by the Government to intimidate timants to pay rent, son slept in the same room with him and but he advised timants to held all they pos- awakened to find the father in the sgepy of seased in order to secure the necessaries of life for their wives and families.

ments it is the werst wreck that has ever oc. Finance commistee, and Mr. Ingalis, who was carred in this section in the history of the in the chair while the bill was under considerbeard from 125 to 150 passengers and it this city, there is a curve where the railread is about 18 to 20 feet higher than the Schuylkill river. Here shortly before six e'clock a freight train ran into a ceal train, throwing several cars of the latter on the oppesite track, and before the train hands had time to go back to warn any approaching train of the danger the Potteville express came around the curve and ran into the wrecked coal cars on its track. The engine went down the embankment, followed by the entire train with its human freight. The scene was one of great herrer. The ories of the imprisoned passengers were heartrending. Some of the passengers managed to orawl out of their pricon and arcuse the neighborhood. Word was telegraphed to this city and help summened, but all information was reinsed at this point by the railroad officials. Physi-clans and surgeons and three hundred workmen were taken to the spet by the company,

and with the aid of a travelling electric light plant the work of clearing away the wreck was at once proceeded with.

The loss of life was very great. Those most seriously injured at Reading were taken to the hespital and the others were transferred to their homes. There are but six of the wounded passengers left in the hespital. Seventeen of the dead were taken to Reading. prepared for burial, and then sent to their destinations. The body of George Lambert, of Tamanqua, has been recoverred, making the number of dead twenty-one. It is be-lieved that there are more bedies in the water and that these end the death list.

A Dishonest District.

QUEBEC, September 20.-Another series of robberles is reported from Lavis. Lieut.-Col. Fersyth, who is staying at the Engineers' camp, lost a large quantity of clething which he was sending to the washing. An unsuc-cessful altimpt was made to rob the parish church. The sexten noticed a window that had been left open and closed it without suspooting anything. On going outside, how-ever, he noticed a ladder resting against the window. Procuring a revelver he lay in wait until he saw a man endeavoring to force an entrance. He fired two shots and the man cleared out. Several minor thefts have been committed.

Ottawa Land League.

The Ottawa Land League has passed the following resolution :--" That the members of the Gladstone branch of the Irish National League learn with deep regret of the widespread distress now imminent in Ireland, and at this crisis of affairs have heard with indignation of the arrest on filmsy charges, of two of the most illustrious leaders of the Irish people, John Dillon and William O'Brien, and feel convinced that this arbitrary act of the Government will only have the effect of stimulating the friends of Ireland throughout the world to greater activity in the struggie for Ireland's rights."

Superfluous Lags the Veteran.

CHICAGO, September 19 -- Colonel Dake Baillie, formerly of the U. S. regular army, but mere recently an author, committed sul-cide last night in his room. It was reported during the afternoon that the con-ferees had finished their work and that the bill would be reported to morrow. This, the gen-tleman said, was not the case. The best that could be done, in his estimation, would be to finish the report by Tuesday night and have it ready to make to the House Wednesday morning.

IRISH NOTES.

Ifems of interest From the Provinces of the Green Lile.

In Listrim county the potate disease is genoral, and the crep will be disastreusly short.

Throughout Cork, particularly near the coast, the potate disease has wreught ead havec, and the portion of the crop that is not diseased will consist largely of soft unmatured tubers.

The potato Elight is very general in Olare the crop will be very much below the average, and even the potatoes that are not diseased will be soft and unmatured. Altogether the prospect is gleemy in extreme.

The Land Commissioners thus report on the condition of the potate orep in Galway : "Os good well farmed land disease is not serious, leaves only affected. On poorer and badly farmed land the tops are black and much spotled, and growth appears checked, tubers also being affected."

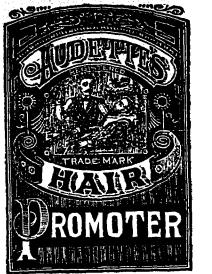

The Land Commissioners have, in many cases, made considerable reductions in the rents of tenants on the estates of A. P. Bond, Mrs. M. A. Tiernan, Rev. J Crawford, John Malane, Captain R. Smyth, William Dopping, Capt. J. H. North, Wm. Pilkington, Earl of Longford and others in Westmeath.

Most Rev. Dr. O'Dennell, Bishop of R-phoe, in a letter to the Freeman's Journal, affirms that the prospect is not less gloomy for the inhabitants of Donegal than for the neeple of the South and West. "With the exception of the Lagan district and an accasional spot elsewhere, the potato crop is," he says, "a dead failure throughout Donegal."

The potato blight is general throughout Kerry, but is worst in old tillage. A Cahicivaen correspondent says. "Although the season is not far enough advanced to estimate quite accurately the extent to which the potato crop has suffered, yet the general appearance of the crop confirms one in the opinion that there cannot be more than half a crop.

The Land Commissioners report under date of Aug. 15 : "The potato disease (in King's Co.) is very general. The stalks only are afficted except in a few instances where tubers are touched. The growth is not yet stepped, but the yield is below the average, and the return of sound potatoes will be below the average. In consequence of the bad weather which has since prevailed the situa tion is now much worse.

The Father Mathew Contenary is not likely o pass away without leaving behind some interesting memoriais to commemorate the teaching of the great temperance advocate in Dablin. Canon Baget has succeeded in having constructed an automatic street fountsin, and it is intended to place one in several of the principal thoroughfares of the city. By dropping a panny in the slot milk, coffee, tes, mineral waters, with biscuit, butter and cheese, or whatever kind of refreshment is can be had at the shortest notice.

Dillen says this proves the intention was to frustrate bis and O'Brien's American tour, Sir Charles Russell, in a speech at Darlington, says the arrests might have incited the people to violence, but happily they have not.

THE GRAND TRUNK.

Sir Henry Tyler Speaks on the Prospects of the Line.

In conversation with a *Gazette* reporter on the subject of the Grand Trunk Railway and its prospects Sir Henry Tyler said, the other day, in answer to a question whether the com-pany will be likely to extend its line into Mani-

"We already," Sir Henry replied, "have connection as Duluth in the summer by steamer. I have no doubt we shall some day have further connection with Manitoba, but the time is not yet.

"Has your trip been a satisfactory one ?" "Has your wip been a sausiactory one " "With my trip generally I am presty well satisfied, having found everything in good con-dition. The double tracking between Montreal and Toronto is going on most satisfactorily and is being completed as fast as the work can be performed, baving regard to all the difficulties to be encountered in keeping the single line going whilst the double one is being constructed. It is now practically half completed, and a good deal of the preparatory work for continuing it is finished. A large proportion of the line has also been doubled or will be doubled by the end of this year between Toronto and Hamilton, which is quite as important a division as the one between Montreal and Toronto." "What do you think of the general condition of the Grand Trunk, Sir Henry?" "The Grand Trunk is physically in an ad-mirable condition. I are your old to find that

mirable condition.] am very glad to find that the traffic is continually increasing and the country generally is developing in a most satis-factory manner."

What are the harvest prospects, Sir Henry ?"

"Upon the whole I think the harvest will turn out to be satisfactory.

"Rep rts state that in the Northwest much damage has been done to the crops by frost. Did you hear complaints to that effect !" "I was told at Winnipeg that the frost had dene a little damage, but it was the rain they were afraid of. They had had a large amount of rain, and it was a question whother the harvest rain, and it was a question whether the harvest would be injured by it or not." On the central system of the company's line

Sir Henry went as far as Nipissing, and this week he starts over the eastern section. He expects to be back in England by the middle of October.

FATAL RAILWAY ACCIDENT.

The Potterville Express Runs Into Wrecked Coal Train.

READING, Pa., Sept. 19 .-- A wreck occurred on the Reading railroad. seventeen miles

Departure of the Fleet.

QUEBEC, September 20 - The round of festivities in honor of PrinceGsorge of Wales closed at Qiebec on Thursday night with the ball given by the Governo-General and Lady Stanley. The affair was in keeping with the well-known large-beartedness and goed taits of the wesithy English nobleman who at present graces the viceregal chair of the Dominion. Among the incidents was a view of Montmorency falls under flashes of electric light, which set the guests in raptures. On Friday an "at home" was given by the efficers on the Bellerophin in the afterneon, and the squadren sailed for Halifax early on Saturday morning.

A Tough Oustomer.

QUEBEC, September 20. - Detective Walsh had an exciting adventure yesterday, while endeavoring to arrest a deserter from the Cavalry school in a Lower Town hetel. The soldier drew a revelver and, when disarmed, endeavered to throw the detactive out of the window. He was everpowered and handcuffed and taken back to the school, where he will be tried by court martial.

Increased Postal Business.

OTTAWA, September 22,-The report of the Postmaster-General this year will show a great increase in business. The greas revenue for the year ending June, 1890, was \$3,223, 614, compared with \$2,984,222 for the year ending 1889, or an increase of \$239,392. The net revenue for the past fiscal year is \$2,357, 388, against \$2,220 503 fer 1889, shewing an Increase of \$136,885.

A Western Oatestrophe.

CHICACO, Sept. 21, —At 8 o'clock to night a suburban train on the Ohicago, Burlington and Quiney railroad ran into the rear of an excursion train on the Illinois Central near 18th street, For a time the confusion was so great that even an approximate idea of the loss of life was impossible to obtain. First reports from the police had it that forty people probably had not death, while the railroad officials said only two or three persons were certainly known to have been killed. Within half an hour, however, four mangled corpses had been dragged out of the heap of broken timbers and twisted iron that marked the spot where the collision took place. The four dead were two sisters named Gunnan and two young men, indentity unknown. By theis time it had also been ascertained that at least three persons were seriously injured and six others slightly.

The Tariff Conference.

WASHINGTON, Septembea 21 -- Conferees on the Tariff bill say to day that an agreement is not probable before Tuesday or Wednesday. As the report goes first to the Honte for con-sideration it will not reach the Senate until the latter part of the week. It will then depend upon the desire of senators to get away whether the discussion shall be long or not. Notice has

Wiman's Company Beaten

The Court of Queen's Bench, appeal side, has decided against the Western Union Telegraph Company in its action against the Montreal Telegraph Company for a reduction of rent on the ground that they had been deprived of the revenue actruing from the belegraph lines of certain railwaya, especially by the action of the Canadian Pacific railway building new lines along those railways after coming into possession of them. It was asked in consequence that the rate of interest on the capital stock of the cempany defendant be reduced from eight per-cent to six, and that plaintiffs be refunded \$80,000 paid ont under protest. Chief Justice Sir A. A. Dorion ruled against the plaintiff and did nor recognize the rights of action at all,

Mortality in August.

OTTAWA. September 21.-The monthly return of mortuary statistics in the principal cities of Canada for August has just been issued by the Department of Agriculture. There is a considerable decrease in the death rate in the city of Montreal as compared with the month of July, when it almost headed the list. St. Johns P.Q., stands 3 27 per thousand out of an estimated population of 5,500. Three Rivers comes next with 3.26 out of a population of 500, while St. Hyacinthe has a percentage of 3.12; Hull, 3.14; Quebec, 3.00; Sherbrooke, 2.62; Halifax, 2.57; Windsor, 2.28; and Mont. real, 2.27. The lowest death rate was in the city of Galt, which gives .41 out of an estimated population of 7,304. Peterborough and St. Thomas show .75 each, Belleville .76, London .93, Winnipeg 1.67, and Victoria, B.C., 1.63 per thousand.

Troubles in Goa.

LONDON, September 22.-Advices from Goa in Portuguese, India, state that 18 persons were killed and 50 wounded in the election riot there by Portuguese troops, who fired upon a crowd. The Portuguese residents of Bombay have re-solved to appeal to England to annex Goa unless the Portuguese Government redresses the grievances of its subjects. The riot was caused by an armed mob attacking the Municipal hall and preventing the entrance of the president and other officials. The leaders of the mob were arreated'

FLOUR, GRAIN &c.

Flour,-Recapts during the past week were 25,736 bbls_against 38,940 bbls for the week previous. The market has been quiet. Shippers have tried bard to get prices down, but Untario milers state that as they have to pay 95c to \$1 00 for the winter wheat, they cannot sell straight rollers at less than \$4.95 to \$5.00 on track here, but at these figure buyers seem to hold off. Newfoundland buyers will not even reply to offers made within the past week, although stocks there are known to be only moderate. New Ontario flur will come for-ward more freely naxt month the quality of which. will it is said, be very fine, as the new wheat is as dry as the old. Some splendid samples of new wheat flour have already been received in this market. The Ontario flour from this year's wheat will, it is stated, be batter than for several years past. Oity strong bakers is still held at \$6,00. BRANS. -Market sready. Sales of car lots re-ported at \$15.50, and we quote \$15.00 to \$16.00. Shorts are steady and firm at \$17 to 18 and moullie at \$21 to \$23 per ton.

moullie at \$21 to \$23 per ton. WHEAT.-Receipts during the past week were 51,942 bushela, against 106,596 bushels for the week previous. A sale is reported of new Manitoba wheat for Ocrober shipment to Glasgow, but the price was kept private. Sales of few cers of new wheat have also been made at 80c to 83c at Brandon. This would be equal to 81.12 to 81.15 here, but the first few cars either at Ontario points or here might bring \$1.25 to \$1.30, but they would be no criterion of the market. Prices here are therefore purely nominal. In Chicago the price of No. 2 spring wheat fell from \$1.07 to \$1.01 since our last
