

*Landsat moves north to south over the continent, and as the earth turns, the successive pictures move west. Those taken on sequential passages can be joined to form a wide map mosaic. This one is of the Lake Ontario basin. The strip in the center was covered by clouds during that over-*

*flight. A similar section from another passage was inserted to give the map context. Each strip was collected in about fifty seconds. The dark brown to the east is the Adirondack Mountains, and to the north, the Laurentians.*
