

(a) Agriculture

The following agricultural products were contained on the ICL in 1984 and subject to control for the following reasons:

- i) to restrict for the purpose of supporting any action under the Farm Products Marketing Act, the importation in any form of a like article to one produced in Canada, the quantities of which are fixed or determined under that Act:
 - Turkey, turkey parts and products manufactured wholly thereof;
 - Eggs and egg products;
 - Chicken and chicken capons, live or eviscerated, chicken parts whether breaded or battered;

- ii) to implement any action taken under the Agricultural Stabilization Act, the Fisheries Prices Support Act, the Agricultural Products Co-operative Marketing Act, or the Canadian Dairy Commission Act, to support the price of the article or that has the effect of supporting the price of the article:
 - Animal feeds containing more than 50% non-fat milk solids (Canadian Dairy Commission Act);
 - Butter (Canadian Dairy Commission Act);
 - Butter fat in any form either alone or in combination with other substances (Agricultural Stabilization Act);
 - Cheese of all types other than imitation cheese (Agricultural Stabilization Act);
 - Dry buttermilk (Canadian Dairy Commission Act);
 - Dry casein and caseinates (Agricultural Stabilization Act);
 - Dry skimmed milk (Agricultural Stabilization Act);
