

As part of ICAO, Canada has undertaken a number of responsibilities
 with the Organization, including the signing of certain legal and fiscal
 instruments to give Council representatives and members of the Air Navigation
 Commission and the Secretariat, and it subsidizes the rent paid for office
 accommodation in Montreal. In addition, Canada contributes on the same basis
 as other member states to the regular budget of ICAO, which in 1959 will amount
 to \$2,002,481; Canada's contribution will be between 3 and 4 per cent of this
 amount.
