MARIJUANA—CONSIDERATION OF LEGALIZATION

Hon. John C. Munro (Minister of National Health and Welfare): Mr. Speaker, I have a question of privilege. I think the hon. member should be aware that he is very badly misinformed. I made no such statement.

Mr. Woolliams: I am glad to hear the minister deny it. Then, he must have been misquoted and this puts the Minister of National Health and Welfare and the Minister of Justice at last in the same bed.

Mr. Munro: Mr. Speaker, a question of privilege—

Mr. Speaker: Order, please. The minister has already raised a question of privilege. I suggest there should be no debate on the matter. Perhaps the minister and the hon. member might get together and decide just exactly what has been said.

TELEVISION AND RADIO CIGARETTE ADVERTISING

Mr. Gérard Laprise (Abitibi): Mr. Speaker, I should like to put a question to the Minister of National Health and Welfare.

Does he intend to recommend any legislation to prohibit all advertising on radio or television concerning cigarette smoking?

Mr. Speaker: I do not believe this is an urgent question. It might be put on the order paper.

INFORMATION

RETRAINING PROGRAM—LACK OF KNOWLEDGE BY FARMERS

Mr. Lorne Nystrom (Yorkton-Melville): Mr. Speaker, I have a question for the Minister of Manpower and Immigration. In view of the fact that the report of the task force on government information revealed that approximately 40 per cent of Canadian farmers were not aware of the government's retraining programs or even the location of manpower centres, is it the intention of the government to

provide some emergency information to the farmers or must they wait for a white paper on this subject?

Mr. Speaker: Order, please.

SPORTS

PAN-AMERICAN GAMES—INQUIRY AS TO FINANCIAL ASSISTANCE TO WINNIPEG

Mr. Craig Stewart (Marquette): Mr. Speaker, I should like to direct my question to the Minister of Industry, Trade and Commerce. In view of the settlement the government is proposing to offer the Expo Corporation to cover its deficit, is the same consideration being given to the city of Winnipeg to cover the deficit incurred during the Pan-Am games, the major Canadian sports event of centennial year?

Hon. Jean-Luc Pepin (Minister of Industry, Trade and Commerce): The question was raised in the debate yesterday and I am obtaining information on it.

NATIONAL REVENUE

REQUEST FOR REMOVAL OF DUTY ON BIOLOGICS

Mr. Cliff Downey (Battle River): Mr. Speaker, I should like to address this question to the Minister of Industry, Trade and Commerce. In view of the fact that veterinary medicines and biologics for the prevention of livestock diseases are equally important to those for the treatment of diseases, and in many cases are the same basic biologics, can the minister assure the farmers and ranchers that there will be a discontinuance of the 15 per cent duty on preventative biologics that was imposed in August of this year as a result of the re-interpretation of the Canada Customs Act by some overzealous customs inspectors?

Mr. Speaker: I would think the question is one which might very well be debated at the time of adjournment.

EXTERNAL AFFAIRS

VIET NAM—U.S. POLICY STATEMENT—CANADIAN POSITION

Mr. J. Edward Broadbent (Oshawa-Whitby): Mr. Speaker, I have a question for the Prime Minister. In view of the fact that Senator Fulbright, Chairman of the United States Senate Foreign Relations Committee, was extremely critical of President Nixon's recent statement of United States policy on Viet
