

*Business of the House*

If we make progress on these bills during the course of Friday's sitting, the following will be the tentative order of business: Government Order No. 40, Bill C-158, the Nuclear Liability Bill and Government Order 75, Bill C-190, the National Energy Board Act Bill.

**Mr. Howard (Skeena):** Mr. Speaker, before concluding his announcement, I wonder if the President of the Privy Council could give us some indication of the business for next week, with particular reference to the amendments to the Fisheries Act?

**Mr. Macdonald (Rosedale):** Yes, Mr. Speaker. The intention would be to call the Elections Act again on Monday and, basically, to stay on the Elections Act until we complete it. We cannot be definite as to the time of calling the Fisheries Act, but I would be prepared to

call it during the course of the week. However, I think we should try to finish the Elections Act first.

**MESSAGE FROM THE SENATE**

**Mr. Deputy Speaker:** I have the honour to inform the House that a Message has been received from the Senate informing this House that the Senate have passed the following bills to which the concurrence of this House is desired:

Bill S-23, An Act to postpone the expiration of certain provisions of An Act to amend the Canada Shipping Act.

Bill S-25, An Act respecting Hudson's Bay Company.

At six o'clock the House adjourned, without question put, pursuant to Standing Order.
