2. Has there been or will there be any follow up on such findings and/or recommendations and, if so, in what manner will they be implemented in each case?

Hon. Jean-Pierre Goyer (Minister of Supply and Services):

The list of contracts included in this question appears to have been taken from the DSS R&D Bulletin for October, 1976 which shows all unclassified contracts issued by the Science Centre during the month of September of the same year. All these contracts were issued by DSS on behalf of the science mission oriented departments of Government, the names of which are included in the Bulletin. In order to obtain detailed information relating to the purpose, findings and any follow-up on such findings, it is suggested that it be requested from the departments which requisitioned the contracts. It should be noted that many of the contracts will not be completed until the end of the current fiscal year, or in some instances, until later in fiscal year 1977-78.
