

GROW FLAX FOR FIBRE

The Canadian Farmer's opportunity to save
the lives of many of our men and
aid directly in our victory.

Aeroplane wings must be covered with
Linen.

The supply of Flax for this purpose is
alarmingly short and most sources
of supply are cut off.

Canada is expected to do her utmost to
make up the deficiency.

DOMINION EXPERIMENTAL FARMS.

SPECIAL CIRCULAR No. 20.

J. H. GRISDALE, B.Agr.,
Director.

R. J. HUTCHINSON, Chief Officer,
Division of Economic Fibre Plants.
