### LIBRARY RETURNS.

Toronto public library returns show that 1,279,417 books were lent in 1918. Influenza decreased the circulation by 100,000.

Boys and girls used 347,510, and in eight children's rooms 359,122 children were present during the year.

There was a large increase in the use of books dealing with poetry and dreams, while there was a decided decrease in the use of books on the war.

### SIX MONTHS FOR HARRY CHEESMAN

Carpenters Not Admitted—Distinction Between Free Speech and Sedition.

Magistrate Kingsford sentenced Harry Cheesman, a member of the Carpenters' Union, to six months in Burwash Reformatory for having in his possession socialist literature, banned by an order-in-council, in yesterday's court.

The halls and corridors of the city hall were crowded by members of the Carpenters' Union, who had gathered to demonstrate their sympathy with the cause of the prisoner, but they were not allowed in the court room and shortly before the sentence was imposed they were ordered out of the hall by the police. There were no unruly demonstrations, however.

In summing up the case and passing sentence, Magistrate Kingsford said: "This prisoner is much younger than the prisoner Watson. Comparatively few papers were found in his room or on his person. He seems to belong more to the class of tools which older or more cunning men use and then desert when the crisis comes. I hope that the leniency shown him will also show that while the law demands

punishment, allowance is made for any extenuating circumstances. He wishes to take this opportunity to give an explanation and a warning. Free speech has always been and is the birthright of every British subject; but free speech is not license. Free speech will not be interfered with or repressed; sedition will not be tolerated."

It is understood that Cheesman is not in good physical condition. He was born in London, England, thirty years ago and has been in Canada about eleven years. His mother still lives in the English capital and a brother-in-law, E. H. Wood, resides on River street, Toronto.

Ex-Policeman Charles Watson was sentenced last week to three years with \$500 on a similar charge.

### ANOTHER EMPLOYMENT BUREAU TO BE OPENED

To meet the rush of applicants for work the Ontario Government will open a new employment bureau in the old colonization building at 173 Front street west. The bureau will be in charge of Superintendent Miller, who will look after the needs of foreigners here. The unemployment situation in the city is assuming grave proportions. A number of available positions are listed with the government employ bureau, but they are all out-of-town situations. Employers of labor throughout the province have responded to the government's appeal and have listed all their demands with the bureau, but the suffering is not to any extent alleviated yet.

### HOPE OF CANADA, A.O.F., INSTAL THEIR OFFICERS

At the regular meeting of Court Hope of Canada, No. 564, A.O.F., held in St. George's Hall last night, Jas. Addison, D.C.R., installed the following officers: Chief ranger, W. T. Butcher; sub-chief ranger, J. McAlister; secretary, W. H. Henley; recording secretary, C. E. Woodstock; treasurer, Chas. Fry; S.W., J. W. Haynes; J.W., A. J. Cooke; S.E., J. W. C. Walker; J.E., E. W. F. Roy.

Suitable testimonials were presented for services rendered to Chas. Fry, Geo. Parkinson, W. E. Swain and H. C. Wilson.

### MUNITION BOXES FOR FUEL

There is at the present time a large number of boxes being offered as firewood thru the munition board. Orders have been issued the city to hand over these boxes to be used as fuel by the poor, and as far as is possible the matter is being dealt with by the house of industry. The boxes will be broken up and distributed.

### CALLED TO THE BAR

In the weekly court yesterday four young lawyers were called to the bar by Justice Britton. They are Winnet W. Boyd and Harry B.S. Hammond of Toronto and William Kenneth Lees and Alexander Carew McFarlane of Hamilton. Lord Lees and McFarlane were in uniform.
