FINE EDIFICE OPENED RIVERDALE GROWS

Throngs Crowd Simpson Avenue Church-Accident on Metropolitan-Notes.

RIVERDALE, May 12.—(Special.)— The opening of the new Simpson-avenue Methodist Church at the corner of Simpson and Howland-avenue to- 21, and will continue to meet on every day, was a notable event in the his- third Tuesday. tory of Methodism in the Riverdale district. The handsome new edifice, which was formally dedicated this morning, to the service of praise, was morning, afternoon and evening, thronged to the doors, while hundreds were unlegiate Institute met Saturday night and received tenders for a number of repairs and supplies to the amount

gathering of the adults. The rever-end gentleman spoke from the subject, "What is the Church For?" and made a strong appeal for greater devotion a strong appeal for greater devotion a strong appeal for greater devotion the chief of police has issued 175 dog licenses and more than 40 team-sters' licenses so far this year.

tor Carlton-street Methodist Church, gave an eloquent and powerful address, from Deut iv., 6, "Surely this great nation is a wise and understanding people." "The most potent influence for good in the world to-day is in the home. If," said the Rev. Dr. Kankin, "the occasion arises where a man must choose between going to church three times a day, without prayer, or reading the Bible in his own home with his family, I would

to be maintained on the broad religious principles laid down by our forefathto be maintained on the broad religious principles laid down by our forefathers, it could only be done thru the influence of the home. Would the tide of immigration alter our religious views or would we remodel the foreign element? The great influences in the mind of the preached were in order of importance the home, the school, the press, parliament and the church. The days of the signboards on the corners of the streets. This will be done in the mear future. Town Clerk the press, parliament and the church. The duty of the latter was to dig about all the others and aid in every way to the work of practical Chris-

The total cost of the church will been already subscribed by the members, together with \$10,000 by Mr. membership of about 600, and the greatest enthusiasm thruout. The new edifice, which is an the direction of Messrs. Burke and Harwood, archi-

To the devotion and energy of the Rev. Wesley Dean, the present pastor, much of the success which has attended the building of the church, is attributed. In the face of great financial and other difficulties his enthus iasm and that of his board of man-agement knew no bounds. The dedicatory service will be continued next

Wheat vs. Beef

Wheat (whole wheat) is the most

valuable food stuff the world produces. It is man's natural food and the only one which supplies all of the elements of nutrition, properly proportioned by nature, for human health and strength is only 35 per cent. nutriment (the balance water and refuse). The same report shows wheat to contain over 90 per cent, nutriment (the balance wat-There is no "refuse" in wheat. In connection with this it will be of greater interest to know that without aoubt the most wholesome preparation whole wheat is Malta-Vita, It is made from the choicest entire wheat in the cleanest food factory in the world. One could live entirely on

because it contains all that is required

to make pure blood; to build up and

sustain body, brain, nerves, muscles and bones. Wheat in the form of bread, or reakfast foods that have to be cook ed, is hard to digest, unless it is very thoroughly chewed, on account of its high percentage of starch. The chew 2-year-old bushes..... 35c Each ing mixes it with saliva, converting the starch into maltose, very highly nutritious and healthful, and easy to digest. Malt extract has the same digestive effect upon starch that the saliva does—it changes it into maltose. Malta-Vita is the most wholesome of all prepared wheat foods because it

makes Malta-Vita practically predigested Malta-Vita is very highly recomvery nourishing—yet does not tax the digestion, and because it is the only prepared wheat food that contains foreign sweetening such as glucose or All grocers, 10 cenfe

MONTREAL, May 12 -- (Special.) The Ogilivie Flour Mills Co., Limited, received the following wire from their Winnipeg offices on Saturday evening:
"Weather generally clearing, but unsetuled, with cold winds. Seeding only
general in the afternoons, owing to night frosts. The Free Press estimate 15 per cent. seeded in Manitoba, 10 per cent. in Saskatchewan. Our reports of reduced acreage ranges from 15 to 33 per cent." F. W. Thompson, vice-president and

F. W. Thompson, vice-president and managing director of the Ogilivic Flour Mills, Limited, in commenting on the above, stated that the present season above, stated that the present season is undoubtedly the latest in his experience of a quarter of a century in that country, yet, he added, that these conditions were not alone peculiar to our Northwest this year, as practically every country has experienced an equality late spring. above, istated that the present season crops Backward Everywhere:

are the poorest in many years. naturally reflects itself in higher prices for wheat, pats and barley as well as rye in the large producing centres of Europe. Only a few days ago Kansas experienced a very heavy frost, which is unusual at this time of the year. "As far as our Northwest is con-cerned, I do not think that we should feel unduly anxious, for while there will be a large decrease in wheat acreage, we believe that weather conditions will permit of such deficiency being largely made up by coarse grains, an the steadily advancing prices for all these grains will in a measure assist the producer very materially, besides being conducive to the general welfare

of the country. in our country is, of course," he added, "the fundamental basis of our commercial prosperity, and the more the farmers obtain for their products the better It will be for the whole Dominion. Prices of all these commodities are steadily advancing in all foreign mar-kets, while the United States this year

"On the whole," concluded Mr. Thompson, "I think we can look forward with a reasonable hope, because of the steadily advancing prices, to a fairly successful season for ing community.

ALARM SUBSIDIES.

WINNIPEG, May 12.—(Special.)—The

speculative interests has been heavy in Winnipeg the past week, on information of positive failure in many localities. The steady ad vance of prices has been very generally anticipated by speculators in different parts of the west.
