# THE SCENE IS SET

Now the Exciting News Concerns the Far East, and Russia is the Power That is Causing the British Lion to Show His Teeth—British Warships at Wei-Hai-Wei Cleared for Action and Ordered to Be Ready to Sail at an Hour's Notice—Cable News.

The interest in cable despatches has suddenly shifted from Egypt to the far east, and this morning's reports indicate a state of affairs which may involve a break between Britain and Russia. Something serious must surely be on the tapis, when British warships clear the decks for action and make ready for sea, as is the case of the squadron at Wei-Hai-Wei. The fact that a large Russian fleet is assembled at Port Arthur, has an ominous look. Of course everything is kept secret as far as possible, but London has received the news with a feeling that grave events are imminent. The surmise is that Russia is preparing to make a move, and that Britain, having taken advantage of the situation to pursue her characteristic policy of aggression, and seize the treaty port of Niu-Chwang, which it is said Britain will not permit. A couple of weeks ago it was announced that a Russian regiment had occupied that port, and as Britain had a gun-boat there and no protest was made, it was thought Russia was to have a walk-over in securing the valuable strategic position, which would give her control of the whole Chinese province of Manchuria.

The World's special correspondent at Halifax this morning announces that the Russian liner Halifax City is being hurried over, with military supplies. Another ominous fact is that British securities took a drop yesterday. A further significant report is that war insurance risks have been doubled on British and French vessels sailing from New York. Altogether the outlook this morning is equally.

## BYRNE ENDORSED SALISBURY.

He is a Liberal, But There is No Party Division Now on the Foreign Issue.

London, Nov. 2.—The Right Hon. James Bryce, former Under-Secretary of State for Foreign Affairs, subsequently President of the Board of Trade, and now member of Parliament in the Liberal interest for Aberdeen, speaking in Great Britain, endorsed Lord Salisbury's stand in the Fashoda controversy, declaring that "the military control of all the navigable waters in the Bah-el-Ghazal basin, as well as the Nile, must be secured to Egypt."

Referring to the increasing cordiality between the United States and Great Britain, Mr. Bryce said: "When last in the United States, I was much struck with the change in public sentiment. The spontaneous outburst of feeling in Great Britain when the European powers wished to intervene against the United States during the recent war with Spain made the Americans understand how close we felt the tie between them and ourselves. They have shown that they appreciate and reciprocate our sentiment."

"I would never advocate a formal alliance. At all events, the obstacles at present are serious, but all the conditions exist for a solid and durable friendship between America and Great Britain. They have no adverse interests anywhere in the world, and they have common aims in certain regions."

"Everywhere where they can render a great service to the other, and they can understand one another better than either can understand any foreign country."

"Nature and history mean them to be friends, and the closer and deeper that friendship is, the more it will be for the greatness and welfare of both."

## THE SITUATION UNCHANGED.

London, Nov. 2.—The situation regarding Fashoda is practically unchanged. Baron de Courcel, the French Ambassador, who on Tuesday, saw Sir Thomas Sanderson, Permanent Under-Secretary of State for Foreign Affairs, was absent from Lord Salisbury's reception yesterday.

The special despatch from Paris repeats the semi-official statement that the evacuation of Fashoda is accepted in principle, but that other points in the Bah-el-Ghazal region will be maintained.

Various rumors are afloat as to Abyssinian expeditions nearing the Nile to assist the French, but nothing authentic is known on this point.

M. Delcasse, French Minister of Foreign Affairs, is expected to announce his policy to the Chamber of Deputies to-morrow (Friday). It is admitted on all sides that Fashoda itself offers no difficulty provided a way can be found to save French honour proper.

## THIS LOOKS OMINOUS.

British Warships at Wei-Hai-Wei Cleared for Action and Made Ready for Sea.

Wei-Hai-Wei, Nov. 2.—All the British warships here, the first class battleship Centurion, the first class cruiser Narcissus, the second class cruiser Hermione, the torpedo boat destroyer Whiting, the torpedo boat destroyer Fame, the torpedo boat destroyer Hardy and the first class gun-boat Peacock, have cleared for action, and are ready for sea at an hour's notice.

The first class battleship Victorious and the first class cruiser Undaunted, at Chee Foo, not far from here, are coaling to their full capacity.

The greatest secrecy is maintained as to the meaning of these warlike preparations, but there is no doubt important instructions are expected at any moment. A large Russian fleet is assembled at Port Arthur.

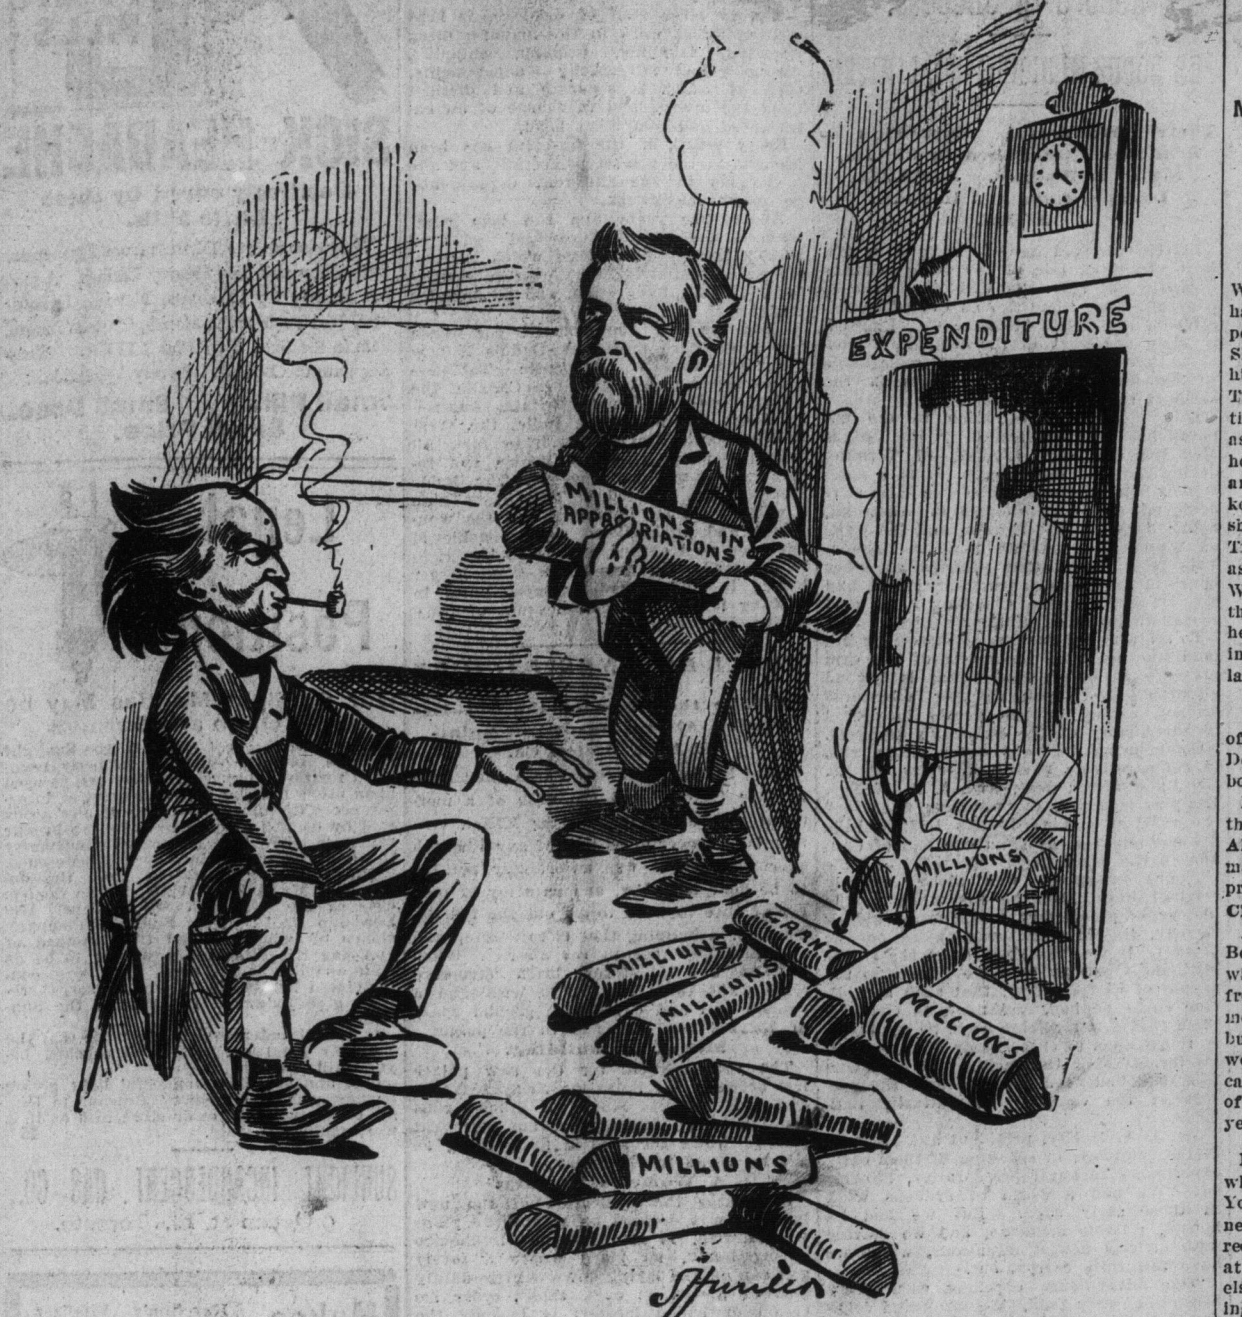

## THE SITUATION GRAVE.

London, Nov. 2.—The despatch from Wei-Hai-Wei announcing war preparations of the British naval authorities there is regarded here as being of grave importance, coupled with the Anglo-French war preparations. It is surmised that Russia, profiting by the present strained relations between Great Britain and France, has decided to push forward her aims in the far east by forcibly seizing the valuable treaty port of Niu-Chwang, which Great Britain cannot permit, it is said.

A despatch from London to the Associated Press on Oct. 29 said a cable message had been received there from Niu-Chwang by Russian troops. The despatch was worded: "A Russian regiment occupied the town of Niu-Chwang (province of Leaung) and the forts at the mouth

HEAD OF THE HOUSE: Israel, my boy, that's an awful fire, but don't forget that it all comes from Mr. Canuck's wood pile, and that it may not last long.

## ROSSLAND SPECIAL.

Powder Fumes Killed William Cain and Patrick Nolan—More Riches.

Rossmore, B.C., Nov. 2.—(Special).—Powder fumes caused the death of William Cain and Patrick Nolan, miners, at the Sunset mine last night. The men went into the mine before the gas was blown out, felt the effects and tried to escape, but were overcome and fell from the ladder, death resulting. Fred Holt was rescued by George Dwyer, who descended in a courageous attempt to rescue the others, and nearly succumbed himself. The boiler was being cleaned, and the hot was not working.

## WAR RISKS GO UP.

New York, Nov. 2.—It was learned today, through the office of the British and Foreign Insurance Company, that rates of war risks on British and French vessels were doubled here yesterday; so that French owners must now pay as high as 14 per cent, war risk on sailing vessels.

## MILITARY SUPPLIES.

Furness Liner Bringing a Large Consignment to Halifax.

Halifax, N.S., Nov. 2.—(Special).—The Furness Liner Halifax City has a large consignment of supplies for the military authorities here. The ship will be hurried along at all possible speed and is expected to arrive here on record time. She brings an unusually large supply of ammunition and arms for the station, and is due on Saturday.

## ANOTHER TANGLE FEARED.

Tribes of Danakils Attacked Abyssinian Envoy Just Returning From France.

London, Nov. 2.—The correspondent of the Daily Mail says: "The Government has received news from Massowah, in the Red Sea, that 1800 Danakils, members of a tribe under Italian protection, recently attacked a caravan near Jibuti on the west coast of the Gulf of Aden, belonging to the Abyssinian envoys, who were returning to Paris to the Court of the Emperor Menelik of Abyssinia, with M. Lagarde, the representative of the French Government, and the late Governor of Obok."

## PROTECTORATE OVER EGYPT.

John Bull Has Taken Action Before Any Question of Interference Can Be Entertained.

New York, Nov. 2.—The Journal has the following special cable from London: "If indications, preparations and guarded hints mean anything they mean that the British Government is about to perpetrate a coup which is nothing more nor less than the proclamation of Egypt as a British protectorate—that is to say, as an integral portion of the British Empire."

## THOSE \$45 SEEN JACKETS AT DUNEEN'S.

These are made of the choicest select Electric Seal, exceptionally rich in lustrous fur quality, lying in appearance with the finest creations in Alaska Seal. The jackets are fashioned on a model of exclusive style, of the newest and dressiest features, and they are finished with perfect taste in every detail. If it were possible for any other fur house to equal them in quality, style or price, you might perhaps see such jackets elsewhere. They were made to prove to you that a lower cost garment Duneen can produce for \$15. They are 24 inches long. Others, exactly like these, but 25-inch lengths, are \$30. In style and appearance they are as elegant as if the cost were \$150. A visit through Duneen's fur department in the new store, 140 Yonge-street, corner Temperance, proves a delightful revelation to ladies interested in new fur fancies, and everything is tickled with Duneen's low cash prices in plain figures.

## BIG MICHIGAN DEAL.

Standard Oil People to Work Copper Mines.

Old Cosens' Property on Michipicoton Island Taken Over by Iron Ore Deposits Northwest of Lake Superior—Stocks.

Houghton, Mich., Nov. 2.—(Special).—Nathan F. Leopold of Chicago sent seven men yesterday to Michipicoton Island, Canada, on north shore of Lake Superior, and within one month will have 100 miners there reopening the old copper mines. Leopold has reopened the late Bonale and Arcadia mines here, now valued at nearly six millions, within the past two years. Standard Oil people who are in Arcadia mine are also in the Michipicoton venture.

## AN EVEN HUNDRED.

Hon. John Dryden's Majority in South Ontario With All the Returns in.

Whitby, Ont., Nov. 2.—The two outstanding polls in the South Ontario election have just been heard from.

No. 2, Pickering Township (Cherrywood) gives Dryden 9 majority.

No. 3, Birch Township (Gregg's School-house), gives Calder 23 majority, making Dryden's net majority 100, with all places heard from.

## PEACE AND ONMECA.

Lots of Obtainable Placer Gold in the Latter Country.

Vancouver, B.C., Nov. 2.—(Special Letter).—A great many prospectors are returning from the Peace River and Onmecca countries over the Edmonton trail. They produce the trail a long and tedious one, but the food supply is so abundant even at the Hudson Bay posts that it pays to go in comparatively light. Besides this the game is very abundant. The report of the Peace River country is not encouraging. It is said that there is gold everywhere, even on the mountain tops, but so fine that it will float in water, and is impossible to separate from the slime in the sluice boxes. This is the verdict of hundreds of Americans.

## THOSE YUKON CHARGES

Major Walsh Says He Had No Interview With Miss Shaw of The London Times—Allan and Dominion Lines May Be Pressed Into Naval Service—La Patrie Alleges That Late Honore Mercier's Tomb Was Robbed of Floral Decorations—Montreal Notes.

Montreal, Nov. 2.—(Special).—Major Walsh, late Administrator of the Yukon, has made a very important statement to a personal friend here regarding Miss Flora Shaw's charges, as far as they relate to himself. The Major declares he only saw The Times correspondent twice. The first time she came to the Major's office and asked him if she could have a couple of hours' interview with him. He complied, and Miss Shaw was to return and talk Yukon from 3 to 5. She, however, failed to show up, and soon after the Major met The Times correspondent in the street. She asked about his office hours, and Major Walsh told her he was at home from 9 in the morning till 5 in the afternoon. Again, he says, Miss Flora Shaw came not, and, in fact, the Administrator did not see the lady journalist afterwards.
