died a week ago. He left no will.

As the laws cannot be altered to meet the individual needs of the family, the amount for distribution-\$50,000-will be divided as follows:

Mrs. Doe one-third-\$16,666, which at 6% yields an annual income of \$1,000.

The sons and daughters divide equally the remaining two-thirds, namely, \$33,334. Invested at 6%, their annual ncome will be \$2,000.

The time to provide for equitable distribution is now. Consult your lawyer and ask him to write The Canada Trust Company into your will as executor.

Store Opens at 9 a.m.; Closes at 6 p.m.

The January Clearance Sales will start tomorrow—and with them dawns a year of new endeavor, and with them comes new hopes. But with them comes no new pledges—only the recommitment of this store and the business of this store to the pledges of old, for which we do not attempt modern substitute. Such pledges as this store has made and now renews are those which men must make, perforce, because by nature they can do no less, consequently they are made without assuming virtue in their performance.

To deal fairly is one. To act courteously is another. To serve without servility is a third. But to do these with intelligent foresight, and always with consideration of our customers' advantage is the fourth and greatest of them all. These January Clearance Sales are these simple pledges (which have been adhered to by this store for over forty years) renewed in terms of action.
