WINGHAM GIVES BAD BEATING TO STRATFORD

WINGHAM, July 21.—The lacrosse match here today between Stratford and Wingham intermediate teams was a surprise.

The score was 23 to 7 in favor of Wingham, which could easily have doubled the score, as Stratford was completely outclassed in every department of the game. Wingham showed a complete reversal of form and played like champions. Brown was Stratford's best, while it would be impossible to pick a star on the home team, as they all played good lacrosse. There was a large crowd in attendance, and lacrosse is gaining its old-time popularity here. The referee was Hennink of Sarnia.

Gifts to Women Who Use Jiffy-Jell

Jiffy-Jell users should write to the makers for a list of aluminum molds. Molds, spoons and measuring cups are supplied to users free.

Jiffy-Jell is the one dessert which has the fruit flavors in vials. A bottle of condensed fruit-juice essence comes in the package. So a Jiffy-Jell dessert is a real-fruit dainty. The flavor is not artificial. The sweetening is sugar, not saccharine. Women who once try it will always get it. Your grocer has fine flavors. Try pineapple and loganberry first.

For Thin Waists and Sleeveless Gowns (Toilet Tips.)

A safe, certain method for riding the skin of ugly, hairy growths is as follows: Mix a paste with some powdered delatone and water, apply to hairy surface about 2 minutes, then rub off, wash the skin and the hairs are gone. This is entirely harmless and seldom requires repeating, but to avoid disappointment it is advisable to see that you get genuine delatone. Mix fresh as wanted.—Adv.

DANDRUFFY SCALPS RUIN THE HAIR

See the Bald Spot—That Shows What Dandruff Can Do.

If you have dandruff, you must get rid of it quickly—it's positively dangerous, and will surely ruin your hair. Dandruff heads mean dead-looking, brittle, scraggly hair that finally dies. New hair will not grow—then you are hairless and nothing can help you. The sure way to banish dandruff for good is to destroy the germ that causes it. To do this quickly, safely and without risking a penny, get from your druggist some Parisian sage (liquid form). This is guaranteed to keep away all dandruff, stop itching scalp and falling hair, and promote a new growth, or the cost, small as it is, will be refunded. Parisian sage is a scientific preparation that supplies hair needs—an antiseptic, daintly perfumed liquid, neither sticky or greasy, easy to apply, and guaranteed not to color the hair or scalp. Good-looking hair is half the battle in any man's or woman's personal appearance. Neglect means dull, scanty, lifeless hair and finally baldness, while a little attention now helps insure thick and lustrous hair for years to come. No matter what your hair troubles try a Parisian sage massage. Don't delay—begin tonight.

Another convention is to be called to nominate candidates.

BY BUD FISHER

The sight of a train is like the throb of an enormous pulse in the arteries of the nation. To slow the beat is to slow the life of the country.

THE train in this picture is one of the eleven hundred freight trains in daily service in Canada.

It consists of one heavy-duty freight engine and 15 standard box cars.

It can carry 2,000 tons of wheat.

In 1913 its engine could have been built for \$34,700—to-day \$81,000; its box cars for \$1,138.85 each—to-day \$3,797.50.

In other words the rolling stock alone in the movement of 2,000 tons of wheat has increased in cost from \$85,948.25 to \$251,887.50, or 193.1%!

The labor bill of the railways has risen in the same period from \$115,000,000 to \$231,000,000,—101%!

The cost of rails for a mile of track has gone up from \$9.497 to \$19.680—107%!

No cost has been unaffected by the general rise.

Operating expenses continue to rise more rapidly than Gross earnings. Net earnings are sinking at an alarming rate.

These are the facts that lie behind the application for increased freight rates for the railways.
