## THE MODERN WAY TO FURNISH HOMES

In these days of Pullman sleepers, no one would think of using a prairie schooner to cross the country. With modern plumbing facilities, nobody takes clothes down to the river to wash. The old way of doing things gives place to the new. It is the same way with furnishing a home. No one thinks of doing without furniture in the home. We make it possible to have not only the necessities, but what is modern and in good taste, at Amland Bros.' low prices.

## A REMARKABLE STATEMENT

Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill.—"While going through the Change of life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the insane hospital."—Mrs. E. Sheldon, 6667 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, but with this case steadily and could do no more but often the medicinal treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound. If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

## Why Drag Through Life

Wearing Worthless Trusses?  
90% of the Suffering and Trouble Ruptured People Go Through is Caused by Spring and Leg-strap Trusses

Are you sick and tired of wearing trusses you can't make hold, which you can't feel safe in, or which hurt so they scarcely give you a minute's peace? Don't you know that such contraptions will sooner or later let your rupture get the best of you? Don't you know they are almost sure to cripple you up, so you won't be able to keep at work, won't be able to make a living?

Are you afraid they'll gradually let you get so bad that sooner or later you'll have to face a dangerous operation? Aren't you willing to make a sixty-day test—without having to risk a cent—and see for yourself what a relief it is to get rid of such misery-causing makeshifts?

**No More Belts, Leg-Straps or Springs**  
We have found a way to hold any man's rupture without harmful pressure, without any belts or springs around your waist, without having to wear leg-strap. It is our guaranteed rupture holder. It is as big an improvement over elastic and spring trusses and so-called "appliances" as the modern locomotive is over the first steam engine ever built.

**60 Days Trial to Prove It**  
We have so much faith in it—have seen what it has done for so many others—that we are willing to make one especially for your case and send it to you for sixty days' trial. Willing to give you plenty of time to see for yourself just how good it is.

If it doesn't keep your rupture from coming out or from bothering you in any way, then you can send it back and it won't cost you a single penny. It is the only thing we know of for rupture that you can get on long enough trial to make sure; because the only thing good enough to stand a long and thorough test.
