

HEAVY TRADING IN BRAZILIAN IN MONTREAL

Drops a Point in First Half Hour, Then Firms 2 1-4 Points To 69 1-4

SELLING PRESSURE IN WALL STREET RESUMES

Several Stocks Sag To New Low Records For the Year

Canadian Press
MONTREAL, Feb. 26.—Heavy trading in Brazilian Traction and a substantial advance by B. C. Fishing, were the features of the opening of the Montreal Stock Exchange this morning. The former accounted for most of the transactions during the first half hour and eased a point at 95 1-4, while the latter registered an advance of 2 1-4 points at 69 1-4.

The balance of the market was quiet and prices continued to display an easier tendency. Canada Cement fell 1-4 at 109 3-4. Consolidated Smelters dropped 1 1-2 points to 238. Spanish at 105, was off one point. Dominion Textile was off a like figure at 95, and

Unique Heinz Anniversary Arrives

H. J. HEINZ COMPANY PLANT AT LEAMINGTON, ONT.

PITTSBURGH, Pa., Feb. 26.—February 26 is a unique anniversary in the history of H. J. Heinz Company, whose famous 57 Varieties of pure food products are known at every point touched by civilization. It is the 57th Day of the 57th Year of the 57 Varieties.

Canada has a particular interest in the anniversary because the company's plant at Leamington, Ont., is adding to the industrial progress of the Dominion. While the company has 20 factories in the United States, England, Canada, and Spain, the Leamington plant is operated as a separate unit and purchases its supplies, cans, labels, etc., as well as its raw materials in Canada.

H. J. Heinz Company engaged in the manufacturing business in Canada shortly before the dawn of the present century, operating a small plant at Burlington, Ont. In 1908 a tract was purchased at Leamington, on which there was a large building, and the company immediately began processing at that point, making use of farm products of Canada. Since that time the old building has been razed, and the Leamington plant is now modern and complete in the group operated by the company.

The anniversary recalls another day 57 years ago when H. J. Heinz Company's business began in two rooms and a basement of a house in Sharpsburg, a suburb of Pittsburgh, with the grating and preparation of horse-radish grown in a near-by garden. Today, 1,400 salesmen travel through the world's

channels of commerce, distributing Heinz products. Seventy-one warehouses and sales branches are maintained in three countries, and through its agencies the company is placing its products on the shelves of stores in every civilized community.

Untouched by the era of combinations and mergers, the personal integrity of the company has been continued over this long period of years, resulting in the sustained quality of its products. The business is conducted under the name of its founder, whose son, Howard Heinz, now occupies the president's chair and directs its world-wide activities. Every member of the board of directors rose from the ranks of employees and the ten have a total service of 349 years with the company.

SEVEN INITIATED
Seven new members were initiated into Sapphire Rebekah Lodge, I. O. O. F. at a well attended meeting last evening with Noble Grand Vera Williams presiding. At the initiation ceremony, directed by Past Noble Grand C. B. Bugdo, the following became members:—Mrs. D. Titus and Misses Y. Powell, F. Wasson, May Stevenson, D. Price, M. H. Watters and Y. Smith. A social time followed and refreshments were served.

The Hoosac is expected about the middle of next week from Glasgow to take the Ariano's east bound cargo to London and Hull. The Hoosac was formerly the Trojan Prince and this is her first visit to this port.

NEWCASTLE KEEPS JARDINE TROPHY

Defeats Chatham Curling Club By Twenty Points in Match

Canadian Press via Reuters
NEWCASTLE, Feb. 26.—The Newcastle Curling Club successfully retained the Jardine cup by defeating the Chatham Curling Club by 21 points yesterday and last night. Newcastle has held this cup for three successive years. Following is the score and skips: Newcastle—H. W. Crocker 12; J. H. Sargent 21; J. Russell 20; W. Gifford 18; total 66. Chatham—S. D. Heckbert 16; H. McKendry 19; R. A. Snowball 7; M. Jardine 8; total 45.

Morning Stock Letter
NEW YORK, Feb. 26.—Without any definite news being known yesterday, there was a constant stream of liquidation and professional selling in the stock market, resulting in a much lower price level. The action of the market has finally frightened a good many holders of stocks, who have been throwing stocks aboard. At no time was there any disruption, however, and there was always a good market for stocks. Once a wave of this kind of selling has been started it is hard to tell when it will stop. There was certainly no indication of any fall to the downward movement yesterday. However, just when things look worst, a covering movement usually starts, which causes a rather sharp rally. There is no telling whether this will come today, however. There are a large number of locomotive and rail car orders and inquiries in the market. U. S. Steel's operations are at a new high for the year, and steel men look for an improvement in the buying of steel products. The selling in the market, for as can be seen, is not based on the business situation. There is no telling how far this selling will carry in the near future, but the position of a number of companies is such that we still would rather buy on breaks than sell the stocks that we have mentioned recently.

The Brant County arrived last evening from Hamburg with grain and general cargo.
The collier Kamouraska sailed yesterday.

Letters to the Editor

(Will correspondents please note that the only letters printed in The Times-Star are those which bear in print the name and address of the writers.—The Times-Star.)

WHO IS THAT "SOMEONE"?
To the Editor of The Times-Star:—Sir,—Regarding civic administration, it does not make much difference what system there is unless it is run in a business way. No city in this country has been kept in the rut as this one has. When you think of a candidate spending \$2,000 or \$3,000 to get elected, I often wonder if the parties who were working for him ever think how he is going to run the city.

Let anyone go to City Hall and get a copy of the report of last year, or any year, and he can see by looking it over where the money goes. I can show anyone where there has been over \$60,000 of the taxpayers' money wasted in the last four years and not a word said about it.

All that is wanted among them is someone who is not afraid to stop it. Yours, etc., R. J. LOGAN.

Saint John, N. B., Feb. 26, 1926.

CIVIC MATTERS.
To the Editor of The Times-Star:—Sir,—Our young men and women continue to leave us. There are empty flats everywhere in Saint John.

Taxes are going up, while city constables are collecting rents from the tenants. Where will it all end? Are we to remain in apathetic indifference while our properties and the city generally are drifting to destruction?

The government has spent millions to make Vancouver the cheapest grain port in Canada.

Let them build the necessary facilities here, and Saint John would be the cheapest grain port in the East as Vancouver is in the West.

Let the C. N. R. make Saint John instead of Portland, Maine, its winter port, and our property-holders will be able and willing to pay their taxes without the intervention of constables. Shall we continue to allow our money to be used in the development of an American port, aiding it to benefit in direct ratio to our loss?

We are actually helping the other fellow to take the bread out of our children's mouths.

Why did the government stop the work at East Saint John? Was it because they took over the Grand Trunk railway, running from Portland, thus making an American city their winter port?

What have we done towards compelling the government to make Saint John the winter port?

If we don't help ourselves in this matter, no one else will. We are asleep and poverty-stricken with an undeveloped goldmine at our doors.

Let us make up and insist upon our rights. Yours truly, GEORGE MARVELL.

Carroll Hall, Saint John, Feb. 26, 1926.

ONE THIN WOMAN GAINED 10 POUNDS IN 20 DAYS

Skinny Men Can Do The Same

All weak men and women. All nervous men and women. All skinny men and women.

Can grow stronger healthier and more vigorous and take on solid needed flesh in 30 days just by taking McCoy's Cod Liver Extract Tablets four times a day—sugar coated and easy to take as candy.

And what a hit these flesh-producing tablets have made. One druggist tripled his sales in one week.

Everybody knows that from the liver of the humble codfish comes a first-class vitamin that is a wonderful vitality, flesh producer and health creator.

Millions of McCoy's Cod Liver Extract Tablets are sold every week and thousands of frail run-down underweight people are being helped.

A box of 60 tablets for 60 cents and if any skinny man or woman doesn't gain at least 5 pounds in 30 days—money back. Ask Watsons two stores, Ross Drug Co., Wm. Hawker & Son, or any good druggist.

Be sure and get McCoy's, the original and genuine, and don't forget there is nothing on earth so good to make backward, listless, underweight children grow strong and robust.

Get Firmly in Mind that

CONSOLIDATION
is the Word to Remember When You Order Miller's Creek Coal

There is only one genuine CONSOLIDATION Miller's Creek Coal, but there are other coals mined in what is known as the Miller's Creek district. Some are Cannel coals, others are Gas coals, and some just plain ordinary Soft coal. Most of them are good coals, but none have the qualities of CONSOLIDATION Miller's Creek.

GENUINE CONSOLIDATION Miller's Creek Coal

Is peculiar—different from anything you have ever used before. In size and looks and lasting qualities it resembles Anthracite, yet it starts with a quick, sharp, clear blaze like soft coal; no stone, no clinker and almost no ash.

Lowest Ash Coal.
It Burns Bright Like Soft Coal, Makes a Strong, Hot Lasting Fire Like Hard Coal

Burned according to instructions, which are very simple, it makes long lasting, virtually smokeless fires. It costs several dollars a ton less than Anthracite. Being almost pure fuel (about 30 lbs. of ash to the ton) it spends further than Anthracite. For your protection see that the word "CONSOLIDATION" as well as Miller's Creek is on your delivery slip. That is the only way to be sure you are getting the genuine article. That is the sure way to get the Coal with the qualities to be found only in CONSOLIDATION Miller's Creek.

For the Grate For the Furnace—For Cooking For Heating Stoves

—excepting only a self-feeder. Genuine CONSOLIDATION Miller's Creek is the most economical, efficient and satisfactory Coal for both heating and cooking.

Genuine CONSOLIDATION Miller's Creek Coal can be had in Saint John from C. R. Nelson, Fairville, telephone West 576; Robert Roberts, 26 Murray street, North End, telephone Main 4763; Peerless Coal Co., 71 Dock street, telephone Main 2647; or direct from the sole wholesale distributors in the Maritimes.
