**A. E. Henderson's Removal Sale of Men's Clothing will be continued this week at 104 King St.**

While the carpenters and painters have charge of my new store at 81 Charlotte street, I will stay on here for the balance of the week and continue my removal sale of men's high grade clothing. Never have I been so busy as I have been the last two weeks serving out the best clothing values in St. John. Come, look our values over and be convinced.

**PHYSICAL CULTURE AND PHYSIQUE TYPES**

**Men of Today Want the Quick, Prompt Service**

"It was the development of the physique type that, while first made it possible without risk to use the best and most expensive cloth in the making of men's clothes for a fast man, delivery after a try on," said the Chief Designer of Semi-Ready Clothing.

"A quarter century ago a ready-made clothing shop was an assembly of cheap cloth carelessly thrown together, and made in two types, for the average man and for a fat man. And the average man fought shy of the cheap store on Chatham Street."

"When the physique type system was developed it became an easy matter to tailor the finest cloth to the quick finishing stage, for the seven types of men were provided for, and the Semi-Ready system quickly uplifted the clothing shop to the stage where the most particular dresser could find just what he wanted in style and fabric. "We show all the new styles and patterns in Semi-Ready suits and spring top coats," said the manager of The Toggery, in King street.

**"THE HOUSEWIFE'S PRAYER"**  
(Mrs. Riddle, Silver Creek.)

Dear Lord, give us patience to dust once more.

Things dusted a hundred times before. Give us the calm that naught can shake.

Not broken china, nor fallen cake. Give us the patience that won't "see red."

When Johnny puts a eel in the guest-room bed.

When the cook elopes with the chauffeur's brother.

Then give us the patience to power to housewives pray.

Not for riches or power do housewives pray.

But for grace—the minna—fresh each day.

For the greatest gift since time began—Patience enough to manage a man.

Jack Leo Lamonte, daredevil climber, known as "The Human Fly," arrived in the city Saturday night and will remain here during the week. He has just completed a series of sensational performances in Quebec and other cities, and in all probability will perform in St. John.

**Y. W. C. A. NEEDS \$10,000 TO CARRY ON WHAT WILL YOU GIVE ON THURSDAY?**

On Thursday, May 3, upwards of seventy-five canvassers will cover the business districts of the city in an endeavor to raise \$10,000 for the Young Women's Christian Association. This amount is needed to wipe away an accumulated debt that is slowly but surely draining the life blood of the organization.

The Y. W. C. A. has done splendidly in its work among the girls in this community and there is every reason to believe that this appeal will meet with the entire success it merits.

**MOST OF BRITISH LABOR PARTY TASTE NO LIQUOR**

Members of Parliament May Be Forced to Pay More for Their Meals.

London, April 29.—(By Mail)—In proportion to their number, the members of the Labor party drink far less than those of any other political party represented in Parliament, it was asserted by Dr. Salter, Labor M. P., in an address before the Industrial Christian Fellowship. So many of his party are teetotalers, he said, that they will soon be called upon to pay more for their meals.

Dr. Salter said in the last few years the kitchen committee—that is, the committee responsible for the conduct of the refreshment department—had barely succeeded in making both ends meet.

"But the committee now complains," he added, "that the restaurant is being run at a heavy loss. The sole reason for that is that the great accession in strength to the Labor party—which now numbers 144 members—has caused a great falling off in the consumption of alcoholic drinks in the house. Many members who had formerly patronized the bar in the past did not succeed in getting re-elected. And of the Labor members who took their places, three-quarters are total abstainers. They contribute practically nothing to the profits of the restaurant. Everybody familiar with the restaurant business knows that it is out of the drinks sold that the bulk of their profits are made. "The kitchen committee is now con-
