THE INDIAN TROUBLE

Matters at Culcutta are Such as to Cause Anxiety.

Hud Hut, Which Was Called a Hosque All Telegraph Lines Cut and Building

mibay, July 2.—The assassina of Licot.
est of the commissariat corps, who was
und killed by concented natives while kind on the evening of June 22 (Jubilee Day), Plugue Commissioner Rand being dangerously wounded at the same time, are still at large.

The aggressive attitude of the natives prior to the shootings was remarked. There were whisperings of impending disaster to Europeans, and it is thought that the whole native community, including the police, and foreknowiedge that something was going to happen. On Jubilee night a delayed anonymous letter arrived at Commissioner liand's nungalow, saying:

"You will die to-day, and the Queen will die two days after. Hany others will follow, and the soldiers will all be killed."

Threattening letters have been received by other Europeans. During the progress of the plague prominent Hindoos made violent accusations against the British soldiers, charging them with reobling, ravishing and ill-treating all who came in contact with them.

The allegations that the Brahmins are responsible for the murders which have recently occurred are repudiated vigorously. The whole matter is causing the gravest disquiet in official circles.

The Liteting Ended. Calcutta, July 2.—The rioting has ended, a compromise on the plague measures having been arranged between the authorities and the riotes, whereupon the disturbances have monediately ceased.

The absence of rain is causing the greatest anxiet, arroughout India.

T " 'he Trouble Arese. Calcutta, J. ly 2.—The rioting arose out of the gr. w. g practice of the Mohammedans of s. i hag and refusing to pay sent for certain s. called mosques, built contrary to the feast of the Mohammedan religion on ground be maring to insidely.

The demolition of a mud but, a so-called mosque, led to the outbreak. The rioters were continually reinforced, in respons: to relegrams seet up the country, in which they appeared to all true Mohammedans to come to the aid of their co-religionists. For 48 hours the 14-like and military were repeatedly obliged to clear the streets. Detached parties of Mohammedans stoned Europeans wherever they found them, in some cases dragging them from their giveries. All telegraph lines were cut and the build-ings containing Europeans were besieged. There were many narrow escapes. The rooters shouted war cries and vite epithets and grossly insuited the European women.

... rittl in tranger, In several parts of Calcutta it is still den-gerors for k. opeans to go about, and it will remain so, owing to the nature of the compromise to which the riot was brought compromise to which the riot was brought to an end.

The trouble is greatly increased by the absence of the higher officials, most of whom are now in the hills. Those who remained behind health to undertake the responsibility of extreme measures. The result was that the troops were not allowed to fire or to take the offensive, even when exposed to every kind of indignity and insult. Their behavior and self-restraint under the circumstances were admirable. It is understood that the compromise is based upon the unconditional surrender of the land, but it is helieved that this concession will prove a standing menace to the safety of Europeans, as the rioters will celebrate the vectory throughout all India. In spite of the cessation of the riots, the situation is regarded as extremely grave, and it is felt that unless some official is invested with pleancy powers during the absence of the governing authorities. European citizens

adon. July 2.—The newspapers of this express anxiety at the occurrences in a intimating that the mass of the wes there are less content under Britzule than was generally believed, and a rebellion of unpleasant proportions be threatening. Constant communications are passing between the Indian and

Many Policemen Were Injured.

alcutta, July 2.—In the fighting which is place yesterday in the suburb of appose between the police and the riot-during which the former were commed to five on the latter, many police in were injured. A party of 24 members the native police was surrounded by a beand so roughly bandled that all of mare expected to die of the injuries 5 received. The rioters suffered heavilut they carried off their dead and unded.

A DAZZLING DISPLAY.

London, July 2.—The Duke and Duch ess of Devoushire gave a magnificent Piccadilly. It was an exception ally brilliant affair, even for this season

chatter that I had better state exactly what happened.

"At the Colonial Office, in discussing the possibility of a rising, Under-Secretary Fair-field remarked." If the Johannesburgers are going to rise, it is to be hoped they will do it soon. Having special knowledge of the subject, I think this remark gave the ground for saving it was wished the rising would occur immediately."

Replying to a question from Mr. Henry Labouchers, relative to Under-Secretary Fairfield's remark Mr. Chamberlain said it was a "casual observation, and," he added. "It was possible Mr. Fairfield was laughing at Miss Shaw."

The chalrman announced that he intended to re-examine Dr. Rutherford Harris, formerly Secretary of the British South Africa Company, but, continued the chalrman, Dr. Harris was abroad, and he was unable to reach him.

SIR WILFRID SPOKE.

The Banquet to the Colonial Premiers by

London, July 2.-The Duke of Connaught presided at a banquet given this evening by the Colonial Institute to the colonial premiers at the Hotel Cecil. Covers were laid for 600. Among those present were Lord Salisbury, the Lord Chancellor, the Earl of Selborne, the Faul of Jersey, Lord Loch, Mr. Goschen, the Pirst Lord of the Admiralty, Sir George Faudel-Phillips, the Lord Mayor, and most of the consular agents-general. The Duke of Connaught toasted the "United Empire," coupling Sir Wilfrid Laurier's name with the toast.

Sir Wilfrid Laurier, in responding, said that if the colonial premiers remained much-longer in England, they would all be killed by kindness. He admitted that the goal of his aspirations was to see Canadians of French descent sitting at Westminster. If he was a younger man he would hope to realize that ambifion, but to-day his only ambition was to get a denunciation of certain foreign vening by the Colonial Institute to the

get a denunciation of certain foreign treaties, which were a blot on colonial development. VISITED THE OUEEN.

The Colonial Troops Were Reviewed Her Majesty at the Royal Home. Her Hajesty at the Royal Bome.

London, July 2.—(Telegram Cable,)—The Camadian contingent, on leaving London for Windsor to-day, to be inspected, with the other colonial troops, by Her Majesty, were fixteringly received all along the rorse to Paddington Station. To-morrow-they will bid good-bye to London and embark at Liverpool for home.

The people of Windsor gave a grand reception to the colonials on arriving, and all the way to the castle cheered them repeatedly. Her Majesty, after the inspection, expressed the greatest satisfaction with the appearance of the men.

20,000 PEOPLE BOMELESS.

London, July 2-A despatch to The Daily Mall from Braila, the principal port of Rou-manta, says that 20,000 inhabitants of Gaomeless, as a result of the recent floods homeless, as a result of the recent floods. Most of them are destitute also and camping in the streets, where they are fed by the military. The Roumania gunboats are busy rescuing families still in danger. It is estimated that no fewer than 100 persons have been drowned, though the authorities are reticent on the subject, for fear of censure for their failure to adopt precautions earlier which might have mitigated the disaster.

A NEW SCHEME ON

London, July 2-The Berlin corresp of The Daily Mail asserts that Dr. W. J. has engineered a syndicate, ostensibly French, in order to conceal its political nature, which has bought up all the available shares of the Mozambione Company. The money is actually contributed, according to the correspondent, by the Transvaal Government and several German financial houses, and the syndicate will pay Fortugal a large sum for a new charter to the Mozambique Company, including the whole of Deingon Ber, with its port customs and entire administration.

"Thus," continues the correspondent, "unless Engiand acts quickly, the Delagon region will full within the control of a Boer-German group."

Victim of an Accidental Wound

Toronto, July a.

The well-known barrister, W. G. Murdoch, died yesterday morning in Grare Hospital in this city. On Wednesday afternoon he was taken to the hospital, suffering from if wound in the eye, which he had received during the previous evening in a friendly fencing bout with umbrellas whilst in the Caer Howell Hotel.

A post-mortem was held yesterday afternoon and an inquest at the Hospital at night.

The only mark of violence on the body was that on the left eye, or more definitely between the eye ball and the eye brow. The attendants stated that if was badly swollen when the body was taken to the Hospital.

Dr. P. J. Strathy, deposed that he dressed the wound in the eye. When he saw deceased the latter had made light of what had happened and Mr. Charles Mead had told him that deceased and Frank Lockwood had been fencing with umbrellas and Lockwood's umbrella had gone into the eye of-deceased. Charles Mead swore that, in company with Dr. Strathy, he had found in the Caer Howell Hotel Frank Lockwood, Killally, Robertson and deceased. They went into a room and he heard deceased say to Lockwood: "Are you any good at fencing? you are not much good 2' anything else. Stand upon your feet." Lockwood did so and deceased made a sort of lunge at Lockwood: "Are you any good at fencing? Pon are not much good 2' anything else. Stand upon your feet." Lockwood did so and deceased made a sort of lunge at Lockwood with his umbrella. The latter put up his umbrella to foll the thrust and deceased ran into it catching it in the eye.

The Coroner: Did Mr. Murdoch lose his balance and fall upon the umbrella? Witness: Yes; he lunged too far, and fell over.

Frank Lockwood was next sworn. He had met deceased at the Caer-Howell

Witness: Yes; he lunged too far, and fell over.

Frank Lockwood was next sworn. He had met deceased at the Caer-Howell Bowling Club about 5.45 p.m. on Tuesday. Deceased challenged him to a game of bowls. He accepted, and, the ground being wet, they only played a few minutes. Each won a game, then witness had won the final, the scorer being Mr. Killally. Messrs. Robertson and Mead were in the club room when the players went in. Deceased said to witness. "You can't bowl; can you fence?" Witness had objected, but tapped on the shoulder he arose and held up his umbrylla to defend himself. Deceased bad made a forward movement and had received witnesses' umbrella in the eye. Continuing, witness remarked that he had apologized to deceased, but the latter had said. "That's all right. It was my fault." Deceased seemed soher, but was in a funny mood. Everyone in the party was sober also.

The inquest was adjourned till next Wednesday evening at the Police Court.

The Great Strike of Coal Miners About to Begin.

ter of a Million Employee Will Co Out Because They Claim That Wager are Too Low to Let Them Live in Suci a Way as Becomes Citizens of the Gree be lidle Till the Matter Is Settled - Seriou Outlook, in Canada, as the' Supply !

Cleveland, O., July 2-A national strik of the coal mine workers has been ordered to take place on July 4. This order affects all the mine workers i Pennsylvania, Ohio, Indiana, Illinois, West Virginia and Kentucky, 250,000 in all. The struggle will be a long and bitter one ,as the operators have expected trouble and have prepared for it as far as possible by accumulating stocks of coal.

tircular to Miners. Columbus, O., July 2.-The officers of the Union Mine Workers sent out this moruing a general order for a strike in all the bituminous coal mining States to go into effect on July 4. The strike was decided a week ago to-day, but it was the intention of the officials to keep it quiet up to the last minute. The circular is in part as follows: To the mine workers of the country, greet-

To the mine workers of the country, greeting:
Fellow Miners.—At the last annual convention of the United Mine Workers of America held in the city of Columbus. Obio, Jan. 12-16, 1897, after a full and careful review of the distressing condition of our craftsmen, brought on by the continued reductions in our wages; in order to prevent any further reduction from taking place and to secure for us a living rate of wages that will enable us to live as Americans ought to, so as to realize from our labor at least a sufficiency to provide the necessaries of life, it was determined that the scale of prices should be advanced to the following rates:

Pennsylvania (Pittsburg district), pick mining, 63 cents per ton.
Ohio, pick mining, 60 cents per ton.
Litting, Green of the prices and prices.

Litting Green Crass, mich mining, 65 cents per ton.

Indiana, bituminous pick mining, 60 cents per ten.

Illinois, Grape Creek, pick mining, 55 cents per ton.

The baiance of the State Gilinois mining rate of 1884.

Mining to be paid three-fifths per ton of the price paid for pick mining, except in indiana bitumipous, where the price shall be four-fifths per ton of a per ton price shall for pick mining; other mining sections a corresponding increase in price that will place them on a relative basis.

It was further agreed that the time for enforcement of the scale be left with the National Executive Board and the district president to determine when it would be most opportune.

nost opportune.

Therefore, pursuant to the instructions of the National Convention, the National Board and District Presidents met in Columbus on June 24-26, and decided that in their judgment the time was opportune to muspend on July 4, 1897, for the enforcement of the before-mentioned scale rates.

Therefore, mine workers everywhere will take notice and govern themselves accord-

cars at any time of place, or under any circumstances.
Bulletins will be issued from time to time to keep you informed of the progress of affairs.
Signed by members of the National Executive Board and district presidents:
Fred Dilcher, R. L. Davis, J. H. Kennedy, Henry Stephenson, James M. Carson, Patrick Bolan.
Members of National Executive Board:
W. E. Farms, W. G. Knight, James M. Carson, Patrick Dolan, district presidents.
M. D. Ratchford, president National Executive Board:

M. D. Ratenard Cutive Board. John Kane, vice-president National Executive Board. W. C. Pierce, secretary National Execu-

Terre Haute, Ind., July 2.—Next Sunger, or prior to that day, circulars will be placed in the hands of all bituminous miners in the United States, calling them out on strike. It is estimated that 250,000 men will be involved. Pennsylvania, Ohio, Indiana, Illinois and parts of West Virginia and Kentucky will contribute to the movement. The strike is to enforce the Columbus scale of 69 cents per ton for Pennsylvania, 60 cents for Ohio, 60 cents for Indiana and 55 cents for Illinois. When the Columbus scale was adopted it was not thought advisable to attempt its enforcement. A committee was then appointed to take in hand the matter of a strike, and to order one as soon as such a course seemed opportune. This committee has decided that the time has come to act.

Strentor, Ill., July 2.—A mass meeting of miners here voted unanimously to go of strike now, and not walt for a general sus-pension order. As a consequence, no coal is being mined here, and nearly 3000 min-ers are idie.

Bradwood, III., July 2.—The miners of the entire Wilmington field met at Glack-en's Grove and decided by a unanimous vote to go on strike when the National officers shall order a suspension of work.

Five Thousand Men Affected. Cleveland, O., July 2.—The Cleveland Rolling Mill Company and the Britton Iron and Steel Works have shut down, failing to sign the amalgamated scare. About 5000 men are affected.

Tin Plate Works Closed Anderson, Ind., July 2.—All the tin-plate works in the gas district around Anderson, Elwood, Atlanta, Gas City and Montpeller have closed in all of the departments governed by the wage scale. All skilled labor in the union window glass factories is suspended, pending a readjustment of the wage scale.

Toronto, July 3

certainly be most serious if the strike should extend and production cease. Three years ago, in connection with the last strike, coal was at what was called famine prices. Nova Scotia coal had to be brought to Toronto. The Grand Trunk has not much coal ahead and the stocks of all railroads are at present very light.

NOTES FROM OTTAWA. Crow's Nest Road to be Pushed at Once Climbing the Tower stairs Per-

Ottawa, July 2 .- (Special.)-T. G Shaughnessy, vice-president of the Canadian Pacific, was in town to-day. He nad a conference with M. J. Haney, superintendent of construction on Crow's Nest Line, as a result of which it was decided to immediately call for tenders for construction of the first 100 miles of the new line from Lethbridge westerly. Mr. Haney left for Montrea with Mr. Shaughnessy this afternoon. He proceeds to Winnipeg on Monday, thence on to Macleod, where he will op-

on the tenders, which are for two of

five-mile sections.

bye-mile sections.

During the past fiscal year 10,000 people climbed the stairs leading to the main tower of the Parliament Buildings, whence such a splendid view of the city and its beautiful surroundings is to be had. All visitors to the tower are expected to conform to the practice of recording their names and addresses in the register heart for the practice. the register, kept for that purpose the foot of the stairs. The register in charge of a most obliging messenger, who is quite a statistician. He finds that the total number of visitors to the tower for the year just closed was 10,347, and they registered as follows:

From Ontario 7296, Quebec 2085, Nova Scotia 48, New Brunswick 58, Prince Edward Island 19, Manitoba 47, British Columbia 32, Northwest Territories 22, United States 646, Europe 94. This total is some 2000 in excess of the number of visitors last year.

The reduction of the staff of the Government Printing Bureau has commenced. The first relay of 24 men was laid off to-day, and contrary to the custom that prevailed in the democratic days of the Tory element, these printers, who have been a long time in the employ. in charge of a most obliging messenger

of the Tory element, these printers, who have been a long time in the employ, have to go, while the extra hands taken on the sessional rush, are retained. Among the printers discharged was one who had 24 years' faithful service to his credit.

The Premier of Prince Edward Island, Hon. Pred Peters, Q.C., is not likely to take much vacation this summer. At present he is campaigning is his Province in preparation for the general election to be held July 21. After that he will have his hands full as British counsel in the Behring Sea scizure arbitration, for the commission will meet at Halifax. Angust 28, when final arguments will be made on both sides. Sir Richard Cartwright is taking a few days'rest in Kingston and is not expected to return to the Capital before Tuesday.

A prominent lumberman said to-day he was very glad to hear of the reduction

A prominent lumberman said to-day he was very glad to hear of the reduction in the American duty on white pine to a dollar, and hoped it would be finally passed by the President. He does not think Canada should retaliate, as the duty formerly was \$1 a thousand. If the United States duty had been left at \$2 and a Canadian export duty put on logs, it would practically prohibit all export. The new duty will, he thinks, be not too hard upon the Canadian trade. The Journal urges an export duty on logs equivalent to the duty on sawn lumber. Mgr. Merry del Val, the Papal Able agr. Merry del val, the rapal Amegate, will stay in Ottawa the remainder of this week. Next week he will pay a visit to Toronto, and as he expressed a wish to view Niagara Falls it is likely he will go there for a few days' rest. This will end the delegate's visit in Canada. After seeing the Falls he will proeed direct to New York and thence take

steamer home to Rome.

A. M. Burgess, Commissioner of Do-minion Lands, returned from Winnings vesterday, where he has been engaged weeks in closing the Ottawa's oldest inhabitant died last Ottawa's oldest inhabitant died last evening in the person of Joseph Dubels, who was 109 years of age. He died at the home of his son-in-law, Mr. Victor Reauchamp, 467 St. Patrick-street, Mr. Dubels was born in 1788 at Point St. Claire, One. He was in possession of all his faculties up to the day of his death, and is said to have worked when he was 100 years of age.

business they have with the departments.
