

ORDER-IN-COUNCIL REGARDING IMMIGRANTS

Regulation to Prevent Dumping of People Liable to Become Public Charge

The last issue of the Canada Gazette contains details of the recent order in council in regard to immigration passed by the Dominion government. These prevent the dumping of people who are liable to become a public charge or who are in any way undesirable as citizens. The order is as follows:

1. If an immigrant, male or female, other than a member of a family provided for under the next following regulation intending to enter Canada, arrives at the border or at any place of landing in Canada between the first day of March and the 30th day of October, both days inclusive, he or she shall, as a condition of permission to enter Canada, have in his or her possession at the time of arrival, money belonging absolutely to such immigrant to the amount of at least \$25 in addition to a ticket or such sum of money as will purchase a ticket or transport for such immigrant to his or her destination in Canada.

2. If an immigrant so intending to enter Canada is the head of a family and is accompanied by his or her family or any member or members thereof, the foregoing regulations shall not apply to such family or the members thereof, but the said immigrant head of a family shall have, in his or her possession, in addition to the said sum of money and means of transport hereinbefore required, a further sum of money, belonging absolutely to such immigrant, equivalent to \$25 for each member of the said family of the age of eighteen years or upwards, and \$12.50 for each member of the said family of the age of five years or upwards and under the age of eighteen years, and in addition tickets of a sum of money equivalent to the cost of transport for all the said members of the family to their place of destination in Canada.

3. Every such immigrant arriving at the border or at any place of landing in Canada between the first day of November and the last day of February, both inclusive, shall be subject to the foregoing regulations, with the substitution of \$50 for \$25, and \$25 for \$12.50, wherever the said sums of \$25 and \$12.50 are mentioned in the said regulations.

4. It shall be the duty of the immigration agents at the various places of arrival or landing in Canada to see that the foregoing regulations are complied with. Provided, however, that the immigration agent may, notwithstanding anything hereinbefore contained, except any immigrant from the operation of the foregoing regulations if it is shown to his satisfaction that:

- (a) The immigrant, if a male, is going to assured employment at farm work, and has the means of reaching the place of such employment, or
(b) That the immigrant, if a female, is going to assured employment at domestic service, and has the means of reaching the place of such employment; or
(c) That the immigrant, whether male or female, is of one of the following descriptions, and is going to reside with a relative of one of the following descriptions, who is able and willing to support such immigrant and has the means of reaching the place of residence of such relative:
(1) Wife going to husband.
(2) Child going to parent.
(3) Brother or sister going to brother.
(4) Minor going to married or independent sister.
(5) Parent going to son or daughter.

F. K. BENNETTS, Asst. Clerk of Privy Council. KELOWNA RIFLEMEN.

Kelowna, April 7.—At the annual meeting of the Kelowna Civilian Rifle Association the secretary, N. Ellison, read the financial statement, which, everything considered, was fairly satisfactory in spite of a few unpaid subscriptions. The project of a branch range on Mission creek was discussed at some length. It was resolved to go ahead with the scheme, if the requisite land can be obtained. The site projected for the new range will afford an opportunity to the riflemen to enjoy the Kelowna riflemen of practicing at 800, 900 and 1,000 yards. In view of a team match and several individual competitions at these ranges including the Kelowna events of the Okanagan Rifle Association meet at Armstrong in June, it is essential that an opportunity be given local men to learn the art of 'shooting at long range'.

NEW VIGOR FOR BRAIN AND BODY Comes With Every Dose of DR. A. W. CHASE'S NERVE FOOD

When you use Dr. A. W. Chase's Nerve Food you are doing good to every cell and tissue of the human body. The heart beats stronger, the nerves of the stomach do their part in making digestion better, the liver, kidneys and bowels are strengthened in action and you are certain to feel better in every way. True, Dr. Chase's Nerve Food cures nervous prostration, neuritis, neuralgia and partial paralysis. There is abundant proof of that. But do you want to take the risk of neglecting the earlier indications of nervous trouble? Why not put Dr. A. W. Chase's Nerve Food to the test when you are weak and run down, when your head aches and sleep fails you? Keep the blood rich and the nerves in vigor all the time and avoid the more serious forms of disease. You can depend on Dr. A. W. Chase's Nerve Food to do this for you. 50 cts. a box, all dealers or Edmanston, Bates & Co., Toronto.

OAK BAY MAY ABOLISH PRESENT WARD SYSTEM

Petition Being Circulated Asking Council to Pass Necessary By-Law

Oak Bay has been the leader in the matter of municipal government reform, and still she sees the need of changes being made. The latest proposal is to abolish the ward system. With this object in view a petition is being circulated asking the municipal council to pass a by-law to abolish the present system of electing councillors. The claim is made by those who object to the ward system, that in all municipalities there is a danger of the wards with the councillors who are seeking re-election getting more work done than their less aggressive neighbors. Sometimes there is a great injustice done, and all sorts of underhand schemes are resorted to in order to secure an advantage. The councillors who have the good of the whole community at heart forget ward boundaries as soon as they are elected. If all did the same the system would be all right, but unfortunately this is not the case, and a great many of the Oak Bay people are anxious to have a change in the present election. That they will succeed seems assured.

DOLAURA RETURNS. Hunting and Fishing Trip Planned for May Next.

Steam yacht Dolaura arrived back in port on Friday after a week at Union Bay. She took Mr. and Mrs. Dunsmuir and family for a short vacation to visit the coal port. While she was there the steamer 'Egmont' commenced her survey work and the Kestrel came in for coal. There were also several freighters in port. It is probable that the Dolaura may not go out again until Mr. Dunsmuir and party go on a fishing and hunting trip to Gardner's canal in May.

MUST PROVIDE LANES BETWEEN SUBDIVISIONS

Effort to Be Made to Prevent Building of Several Houses on One Lot

Vancouver, April 7.—A recommendation was passed by the board of works which, if carried into effect by the city council, is likely to have a deterrent effect on people building three or four houses on double corners in future. It was to the effect that no plans for these subdivisions should be passed unless provision was made for a 12-foot lane in the rear. It was decided that the question of appointing a supervising engineer should be left to a special meeting of the board to be held at a date to be fixed next week. Recommendations for the wood block building of Pender street east, from Westminster to Campbell avenues, and of Granville street south, from Broadway to the city limits, both under the local improvement plan, were approved. The engineer recommended that the salary of A. G. Daise, assistant engineer, be advanced from \$125 to \$135 a month. The increase was recommended by the board. Messrs. Dow and Fraser presented a plan for the re-subdivision of a block at the corner of Tenth avenue and Scott street, subdividing the double corner to face with three lots on Scott street, instead of two or tenth avenue. This plan was passed, and the owner, considerable discussion as to compelling owners to leave lanes behind all subdivisions in future. As a result, a motion was passed, recommending that the council pass a by-law so that in future no plans of subdivisions should be passed unless a 12-foot lane was shown at the rear.

INDIAN IS IN CUSTODY FOR MURDER Charged With Killing Howard Wade in Harrison Lake District

August Charley, an Indian, is in custody at Vancouver where he will be charged with the murder of the man named Howard Wade, whom he is alleged to have killed about three months ago in the Harrison Lake district. He was arrested at Pemberton Meadows, and has been taken to Vancouver. The body of Mr. Wade was discovered with the skull battered in. The circumstances surrounding the crime pointed to August Charley, who was known to have been in the neighborhood about the time the crime was committed. The Indian fled and has remained at large for three months until finally caught at Pemberton Meadows, and, according to a report in the hands of Superintendent Hussey, of the provincial police, there is important evidence that will secure his conviction.

DRAINAGE SYSTEM. Chilliwack, April 7.—L. H. Beck of Vancouver, who recently completed a large drainage system for the city of Revelstoke, is taking levels for a sewer system for this city. The city council backed by the united approval of the board of trade and a majority of the citizens are determined to give Chilliwack the best and most modern system. Plans and estimates of cost will be laid before the council in the course of a month and will probably be followed by calls for tenders to complete the work.

A man named Adler, who shot himself last week at Leachbach, Austria, because he was penniless, is now found to be the winner of \$2,500 in a lottery.

LAW STUDENTS TO HOLD DEBATE HERE

Free Trade and Protection the Subject Between Victoria and Seattle

On May 13th the Law Students' Society of Victoria will essay to retain the honors won by them last spring in Seattle in debate on the subject of free trade with the University of Washington. This year the joint debate will take place in Victoria, and in anticipation of a large attendance a central hall will be secured for the occasion. The subject of debate is to be a timely one just now in view of the feeling arising across the line against the Payne-Aldrich tariff. It is a question whether free trade would be more beneficial to the people of the United States than their present high protective system. The Seattle boys are making forward to the Victoria boys in the hope of retrieving their position, while the Victoria students are feeling confident.

CLOVERDALE SPORTS IN LACROSSE GAME

Enthusiastic Meeting Elects Officers and Starts Things Going

That Cloverdale is to be counted a big factor in summer sports in the future, was demonstrated last night by the large number of athletes who attended the Cloverdale summer sports' organization meeting at the Victoria Sporting Goods store on Douglas street. The meeting was one of the most enthusiastic sporting affairs held this year, and there is no doubt the club will be able to hold its own in the lacrosse field. It was definitely decided to enter a lacrosse team in the Victoria city lacrosse league this summer, and the club expects to have in its line-up a few of the fastest and most experienced players in Victoria. Officers for the year were elected. F. Julian was selected captain, S. H. Redgrave vice captain, and R. Owens secretary. These, with J. Hancock and A. Cars will form the club committee. In the list of officers are the names of some of the speediest lacrosse boys in the Victoria, and there are others from whom the club can fill its twelve, the sports of Cloverdale district anticipate they will come right near the top in the league games.

BOARD OF TRADE AND FREIGHT RATE INQUIRY

Government Asked to Join in Application to Railway Board

At the meeting of the board of trade council on Friday a report was received from the freight rates committee, stating that they had asked the provincial government to join the board of trade in bringing the question of freight rates before the railway commission. The secretary reported having approached the managers of the different local telegraph companies with the application that the night rates in vogue throughout the United States be made to apply to this city. Mr. Fulton, manager of the Victoria branch of the Great Northwestern, within a few days had announced that the request had been complied with and that the same charges as those levied on the south side of the border would be introduced here forthwith. This also, he had declared, would apply to Vancouver and New Westminster. Reference was made to the disgraceful condition of the Bastion street block pavement, and it was agreed that this and other questions of a similar nature would be among the issues discussed at the forthcoming quarterly meeting of the board of trade on Friday afternoon. Hon. William Templeman, minister of mines and inland revenue, wrote acknowledging the receipt of a copy of the board's resolution in support of the Dominion government's naval policy. A letter from Hon. W. L. Mackenzie King and others from the coast representatives in the Dominion House, noting the board's endorsement of the bill for providing for the investigation of alleged combines were received and filed. The London Chamber of Commerce asked the local body to participate in the forthcoming international congress of commercial bodies. The communication was referred to the committee on trades and commerce.

STURDY CHILDREN

In every home where Baby's Own Tablets are used you will find that baby is healthy, happy and free from all ailments. Baby's Own Tablets cleanse the stomach and bowels, aid digestion and thus bring perfect health. And you can get them for your baby from the new born baby or the well grown child. Mrs. E. M. Leod, Woodstock, Ont., says: "I have used Baby's Own Tablets since my baby was two weeks old, and have found them of great benefit for the ailments of childhood, especially for stomach and bowel troubles, and when teething." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

NEW PRINCIPAL FOR CRESTON.

Creston, April 7.—Miss Donard, B. A., of Edmonton, also qualified to teach in British Columbia, has been appointed principal of the Creston public school. After completing the term of service here the Rev. T. G. McLeod has gone to Grand Forks, where he will pay a brief visit to his family prior to his taking up a new field at the coast. It is not known yet who will be in charge of the Presbyterian church in place of Mr. McLeod.

COLLECT ALL GARBAGE FREE

IMPORTANT CIVIC ENTERPRISE MOOTED

Proposed to Introduce Modern Sanitary Methods in City of Victoria

The streets committee, at its meeting Friday night, approved a scheme to concentrate the garbage system, and the matter will receive further consideration at Monday evening's meeting of the city council. The plan will necessitate an addition to the wharf at Telegraph street and involve an expenditure of \$14,492. A force of 16 men and eight horses will require to be employed. It is proposed to finance the proposition out of general revenue and to do so by a levy on property. The streets committee will recommend that 1/2 mill be added to the rate. All garbage will be collected free of charge save from hotels and restaurants. A standard style of garbage can, costing approximately \$2 apiece, will be distributed to all householders. The permission of the government to make the necessary addition to the present wharf has been secured. VICTORIA WEST WILL HAVE THREE TWELVES

North Ward Return Game Will Take Place on 23rd of April

Friday night a very largely attended and enthusiastic meeting of the Victoria West Athletic Association took place at the club rooms, with President D. S. Tat in the chair. The chief business before the meeting was the formation of lacrosse teams for the summer months. The result of the meeting was very encouraging and it was decided to enter three teams in the proposed city leagues, a senior, an intermediate, and a junior, the latter to consist of boys eighteen years and under. It was thought that there was material enough to make three good teams of this calibre, and practicing will commence immediately, the first of which will take place to-morrow morning at 10 o'clock at Macaulay's Point grounds, when a large attendance is requested. A committee consisting of the following was appointed to hustle new material and get things into shape: P. Wilson, S. O'Neil, H. Campbell, M. Keappock, J. McLaughlin and S. Ross. All members present were urged to attend the general meeting which will be held in the Eagles hall on Monday night, so that it will be a success, as the club wishes lacrosse matters to be run more harmoniously this season than last, as they would like to see the game flourish and Victoria take its right place among the other cities of the province, namely, first. A general meeting of the V. W. A. will take place next Tuesday night at the club rooms at 8 o'clock, when matters pertaining to the building fund will be discussed and reports received from the lacrosse committee. Two weeks from to-day the Wests and Ward's soccer teams will play a return match. Arrangements have been completed to this end. The game will probably take place at Oak Bay.

OUTLOOK BRIGHT FOR FRANKLIN CAMP

Building of Railway Will Result in Activity During the Summer

Phoenix, April 7.—Franklin camp promises to be the scene of considerable mining activity during the coming summer. During the past few weeks a number of experts have been examining properties in the camp and several owners are getting their prospects in shape to commence development work. The announcement that the Kettle Valley Railway Company have let the contract for an extension of ten miles to be built up the north fork of the Kettle river early this summer has added enthusiasm to mining on the north fork and a general boom in the Franklin camp district is looked for. The railway extension will cut in two the present distance between the camp and railway connection. W. S. Hawes, a mining promoter of Butte, Montana; F. W. Mason, a mine surveyor, and Jos. Thomas, assistant of E. Howard Russell, B. A., the leader of the Arion Club, who takes the tenor role, the Pied Piper. Clement Goss takes the part of the mayor. Miss Miles, A. R. G. M., is the society's enthusiast displayed by conductor and chorists there seems every prospect of an exceedingly meritorious musical performance.

MAY DAY CELEBRATION.

New Westminster, April 7.—The celebration of May Day will take place this year on Friday, May 6th. This was decided at an organization meeting held in the city hall. J. Johnston is master of ceremonies. This was decided last year and the meeting confirmed him in his office. W. N. Carty and G. A. MacGowan were re-elected to their respective offices of secretary and treasurer. Various committees were appointed. Chief Watson has been chairman of the procession committee for the last two or three years and the meeting wished him to continue on the job, but the chief was strongly of the opinion that someone else should have the honor, and on his recommendation W. C. R. Baker was appointed. The treasurer's report showed that there was a balance of \$132.23 left over from last year.

DIGGING CANAL.

Washington, April 8.—The total excavation of the Panama Canal for the month of March was 3,067,473 cubic yards, against 2,602,965 yards in February. The daily average output was 117,980 yards, against February's 113,174 for eight days.

REGIMENTAL ORDERS FOR LOCAL CORPS

Examination for Certificates in Signalling Will Be Held on Monday

The following orders have been promulgated by Lieut. Col. Currie relative to the week's work of the Fifth Regiment: The following extract from D. O. No. 10, 1910, para. 1, is published for general information: "Leave of absence has been granted to Major S. Booth, Fifth Regiment, C. G. A., from 1st inst. to 31st proximo, both dates inclusive."

"White cap covers will be worn on forage caps from this date until further notice. The general cargo was brought from Salina Cruz, and is mostly from Europe. The concentrates are from the Richmond chemical works at San Francisco, the value being about \$60 to the ton. The steamer made a good run north, coming to this port from San Francisco in 89 hours. A very heavy swell was encountered out of San Francisco. Speaking of his former effort to reach Victoria when the steamer had to turn back, Capt. Kiocking said that it nearly broke his heart to return to San Francisco. They had a splendid lot of excursionists aboard, and it was such a pity to have to give up the trip. The steamer was out of the port on Monday night, and will be back on Monday evening, one which was liable to happen to even a new vessel. The steamer will go into dock for permanent repairs as soon as the cargo is discharged, and will not sail south until May 5th. The excursion party which went south on the Ella was at Mexico City little more than a week ago. They are "doing" Mexico pretty thoroughly.

FIRST CONCERT OF NEW CHORAL SOCIETY

Initial Entertainment Will Be Given in Victoria Theatre Wednesday Evening

On Wednesday, the 27th inst., the first concert of the recently formed Choral Society will be given in the Victoria Theatre. The programme is a very attractive one, and includes the following: "The Swan and the Skylark," by Goring Thomas, and "The Pied Piper of Hamelin," by Sir H. C. Parry. Both are works of more than passing difficulty, and it has taken four months of earnest work on the part of the society, under the direction of Gideon Hicks, to prepare. For the former work the society has been fortunate enough to secure Mrs. Grace Bradley Tallman (nee Miss Grace Helen Bradley) of Tacoma, Wash., for the soprano solos. This lady is well and favorably known here, having visited the city in years past on several occasions, once at the invitation of the Arion Club and on three occasions when the Haydn's "Creation" was given. Herbert J. Cave, who delighted the audience at the Arion Club concert on Wednesday last, has been engaged to take the tenor solos, and two veteran members of the society will take the contralto and baritone parts respectively, Mrs. Gideon Hicks and Clement Goss. "The Pied Piper of Hamelin" is an admirably setting of music of the famous old poem and will provide a great deal of amusement. The music is perfectly adapted to the theme and the society has secured the assistance of E. Howard Russell, B. A., the leader of the Arion Club, who takes the tenor role, the Pied Piper. Clement Goss takes the part of the mayor. Miss Miles, A. R. G. M., is the society's enthusiast displayed by conductor and chorists there seems every prospect of an exceedingly meritorious musical performance.

THE CITY HALL CLOCK IS AGAIN IN COMMISSION, the necessary repairs having been effected very promptly by C. E. Redfern.

THE VANCOUR AMATEUR OPERATIC SOCIETY IS NOW MAKING ARRANGEMENTS for the production of the sterling Gilbert and Sullivan favorite "Pinafore." It is expected that they will appear here in about a fortnight's time. This society has been organized by New Westminster to give the same performance.

THE WESTHOLME LUMBER COMPANY is about to commence building a three-story store and warehouse on Government street. The exact locality is the lot between Johnson and Pandora streets adjoining the "Cheapside." The building inspector on Friday, calling for a brick store and warehouse of three floors, at a cost of \$44,000.

THE FIGURES WERE INCORRECT IN THE REPORT Recently Published. In the Balance Sheet of the Bank of British North America, published in the Times last week, the Capital of the Bank appears as \$1,866,666. These figures should have been \$1,866,666.66. As there is such a wide difference between these amounts, it is desired to make this correction, with regrets for the error. The Capital of the Bank of British North America is 20,000 shares of \$50 each, which figures out at \$4,866,666.66, as above stated.

A GOOD MEDICINE FOR THE SPRING Do Not Dose With Purgatives—A Tonic is All You Need. Not exactly sick—but not feeling quite well. That's the way most people feel in the spring. Earthy, tired, listless, nervous, depressed, with a feeling of depression. Pimples, eruptions may appear on the skin or there may be twinges of rheumatism or neuralgia. All these things indicate that the blood is out of order; that the indoor life of winter has left its mark upon you, and may easily develop into more serious trouble. Don't dose yourself with purgatives as many people do, in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you that a tonic that will make new blood and build up the nerves is Dr. Williams' Pink Pills for Pale People. Every dose of this medicine surely makes new blood, which cleans the skin, strengthens the nerves, and makes you bright, active and strong. Miss Mary Baker, Tancock, N. S. writes: "Dr. Williams' Pink Pills have done me a great blessing to me. Last year I was so weak and completely run down that I thought I would have to give up my school. I was afflicted with dizziness, and would fall down at any time. I got half a dozen boxes of Dr. Williams' Pink Pills and before they were half gone I felt much stronger. By the time I had used them all the dizziness stopped completely gone, and I was again enjoying good health."

Sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
