We have a thousand wants, which a thorough business edu ation will aid us to satisfy. I wish it were possible to give every young man who is going to take charge of a farm, or a factory, or a mechanical establishment of any kind, or to enter into commercial pursuits, the elements of busi-ness education. Business colleges mean that there are wants which pre-existing institutions were not shaped or calculated to meet. I say prosperity and success to business colleges. - *Horace Greely*.
