But during that having taxes heaped upon them. I can war the farmer received excellent prices

theory such as is addressed to the had a poor time, a time of depression. long to a party to which I have always seasons of prosperity followed by sea-Canada, which has given to this coun- other quickly. But we, farmers, try all she possesses in the shape of had to pass through a season of deliberty, religious and civil. I am glad | pression after 1878, and I am bound to also to think that I have a love and say without reference to the National respect for the Old Country, and when Pol cy, that I sold farm produce lower friend to the poor, while the Tories,

the Liberal party of Canada and the in 1879 than since 1848, and 1879 was Old Country are compared, they will be the first year of the present Governfound to be very closely allied. The ment. Oats in Carleton then sold at Liberal party in the old land is 22 cents a bushel. We had the Nationalways the friend of the poor man; al Policy then, but of course it had not the Tory party, prior to Sir Robert | had time to bring forth fruit. But 1 Peel and the repeal of the corn | sold bay lower in 1880-fifty tons at

laws was the friend of the law monopolists. The Peelites and Liberals were friends of the poor, and in this county Policy, we are not receiving exactly as down still more instead of taking the the Liberal party has always been a high prices as some years ago. But I admit that my county is now very like the Tory party in England, are prosperous. We have Lumbering, supported by property-holders. I am and, if a man cannot get employment farmer uses on his farm, with the excepglad to say that I have the honor of on the New Brunswick side, he following a leader in this House against can cross to Maine, where there is tion of a bar of steel, that is not heave whom, after sitting in this House a any amount of work for man and beast. I will take the liberty to read the letter month, the worst thing that can be There are no idle men in the county, charged against him is comprised in the whatever be their occupation. If that that was read the other day by the hon. two words "Speak now." I am gratified also that the man, whom I love be due to the National Policy, let its friends prove it; I do not think so. It that member for North Norfolk (Mr. Charlfriends prove it; I do not think so. above any other man in Canada, the
With regard to manufacturing interests
by well as it did his. It is in reference
in New Brunswick it has always done
to the extra duty under the present above any other man in Canada, the hon, member for Lambton (Mr. Mac- in New Brunswick, it has always done Tariff on machinery, over the duty kenzie), has been followed by his oppo- well. I never knew a manufacturer nents from Dan to Beersheeba, and the to fail. We have in Carleton two Under the Mackenzie Adu only charge ever preferred against him iron foundries, whose owners com--and that charge never stuck to him menced with a little capital and are now —and that charge never stuck to him—was that he had purchased rails in Lugust, and the price had afterwards—was that they were better under details of extra duties over those of 1878 in our manufactures.

Below we give them to you. and they fallen. I remember very well hearing in 1848, when I landed in New Brunswick, a boy, that the times were hard, for they had not then the National has been no benefit to them. Then Policy. I bound myself at £16 a year to do labor as a servant, and I have manufacturers that we always laid down wrought iron, 19 cents; 1 lb. nuts, 1 in New Brunswick and that our Gov. never been ashamed of it. I have heard that Andrew Johnson, when he was in the height of his glory, was asked whether he had not been a tailor, country to encourage every class of I wish to ask hon. gentlemen on the and replied, "Yes, and I was a good manufactures, but that only those Treasury benches if they think that by tailor too; I made clothes and was a should be encouraged which could be taxing the raw material of every implegood workman." If I was a servant, I carried on successfully. Another prin- ment used on the farm they can enable was a good servant, and the man who ciple laid down was that raw material the farmer to work to greater advanhired me for £16 a year was the first should be allowed to come in free, so tage? Previous to this there was a tax man to vote to send me here. Nor am that our manufacturers could compete upon the tin which the farmer used, but I ashamed of my ancestors, for I am with others. Another point I wish to if it was for sealing fish or any purpose descended from a stock which wherever dwell upon is this: Before the Union, like that a rebate was allowed. I ask placed in the world makes its mark.— certain propositions were made to us if Canadian farmers can compete that I am bound to say the hon. gentle- fairly with those of other nations in Alma it is always to the front.—
Wherever I go in Canada and come have not fulfilled. When these propomore than their share of the revenue of across a full-fledged Tory manufacturer, sitions were made to us to enter the their country? The materials of which when he gets defeated in argument, he turns round, whether in the social circle or market-place, and says, "You are | was under a 20 per cent. tariff, and, in | extent of something like 5 per cent. It not patriotic, where is your patriotism order to induce us to enter the Union, is said that we are opposed to the and loyalty?" That is the incessant they reduced it 15 per cent. If it was manufacturers, but we never heard that cry. That was the old story and cry for our interest to reduce the tariff to until these hon, gentlemen came into when our fathers were fighting 15 per cent. in order to induce us to power in 1878. There is no reason for responsible Government. They enter the Union, how can it now be for why we should oppose the manufacture too were told they were disloyal our advantage to have a tariff rising to ers. We have mutual interests with when they were abolishing Clergy 30 or 40 per cent.? Then I must say them, we sell them our products and Reserves and other grievances. I this-and I am sorry to say it, I blush they sell us their goods. But the am glad to say, however, that re- to say it--that Canadian statesmen are farmer asks no favors from the Govproach and cry had died out entirely not exactly the material we thought ernment, he has the common sense to in this country till lately. From an they were. It is said of English states- know that the Government cannot give early period, after the Union, we were | men that they consider their country's | him a market, and that it is only tauntfor a short time troubled with it, and honor as their own, but I am sorry to ing and humbugging him to tell him so. it was owing to the want of patriotism say Canadian statesmen are not so sen. What we object to is that the Governin the tyrannical treatment of Nova sitive as that. If they can compass ment should take the manufacturers Scotia and our people. If they had their own ends they are not so very under their particular protection, that been properly treated there is no people careful of their personal honor. Another they should put them in hot-houses so more loyal. They were accused of base point I wish to direct attention is, that that they are afraid to come out for disloyalty, because they did not follow when the statesmen of this country de- fear the cold blasts of winter may strike the beck and nod of the tyrant. cided to make such a great change in them. The farmer, they say, is able to Harpily, till this National Policy was the Tariff, all parties should have been compete in the markets of the world, started, we never heard this disloyalty consulted. I am glad to say that I but the manufacturer is not. As a cry of late years. We entered the have the honor to belong to a great farmer, I am willing to protect the Union in good faith, expecting to be party in this country—the farmers. It manufacturer to a reasonable extent, treated constitutionally; but we find is said that four-fifths of the people of but not to such an extent that the purto our sorrow we were not so treated. Canada are farmers, but I am sorry to chaser of his goods may not have the I am bound to say we have never been say there are less than a dozen farmers right to use his own judgment in purtroubled with this foolish howl about in this House. You cannot walk about chasing goods. I do not think it neceswant of loyalty and patriotism until here without running against manufac- sary to give the implement manufaclately—till hon. gentlemen opposite turers. This country will soon be ruled turers of Canada a protection of 30 per returned to power. Why do they fling by manufacturers and doctors and law-cent. I do not believe that the

what changes they required? No, Sir; they promised that they would make everyone rich, and, if I am informed orrectly they sent over to Uncle Sam's rritory and brought over two Tariff tinkers to fix this up, and then the hon. Minister of Finance issued his circulars to all the manufacturers to come up and meet the Tariff tinkers, and arrange the Tariff so to have just what they wanted. The farmers of Canada have to purchase goods from the manuthey committed acts, which in the eve facturers; but did he ask the farmers of the people of Canada, and according to come up here to see whether he was giving the manufacturs' produce preferwhich disgraced this country; and in ence or not? No, he insulted them, openly and knowingly insulted them, pounded a theory or policy which we and they are of poorer stuff than I were promised would make everybody think they are, if they do not resent it, rich-farmer, manufacturer and all. they are not the material I think they remember that I am an Irishman, and An hon. member.-Their righteous

did they call upon the farmers to know

righteous men among them they might be saved. Righteous! The whele head is sick and the heart faint. Righteous! The men who wouldperhaps I had better stop. I am very glad I have had a chance to meet these silk-stocking chaps that have been ruining the farmers. I am about the first farmer that has had an opportunity of I am just in the place where I am, for ravenous wolves were around, and I had a serious time of it. I am bound to say that here British liberty is the ruling principle in the House. If we better under the Mackenzie Administration than they do now. As far as exports of manufactured goods are concern ed they exported nearly, if not quite three-quarters of a million more in 1878 than in 1881. The exportation of having taxes heaped upon them. I can war the larmer received account by the speak from practical experience, and for his products, though we had no to \$4,715,776, and, in 1881, to \$4,045, manufactured goods in 1878 amounted one ounce of such is worth a pound of National Policy then. Afterwards, we 123, so that the manufacturers made a House. I am pleased to say that I be- What I hold is, that we have generally But what I object to in this arrangement belonged, the great Liberal party of sons of adversity, the one following the advantage over the farmer. I will exis, that the manufacturer has an undue plain the farmer's position. He has no home market except for a limited amount of his products. In 1881, the entire exportation was \$53,000,000, of which farm produce amounted to \$44,-000,000. The farmer is obliged to go into the broad world to dispose of his produce; he connot do it at home. Now, I ask you if every weight should not be thrown off the farmer? I ask you, if he is to run the race successfully, Reel and the repeal of the corn laws was the friend of the law monopoweights off of him. We have to go to the markets of Europe to sell our prounder the Mackenzie Administration

"DEAR SIR,-Yours of yesterday re-

representatives should assist in consoli- European markets and bring the money turer does so, he is not of the stuff that

this disloyalty across the floor? Simply yers. I say, with all due respect to manufacturer is made of any such for the reason, that those gentlemen the occupants of the Treasury benches, material that he will fold his arms and who formed the coalition, including some of the men of New Brunswick who contribute so much to the material the American manufacturer unless you that we honored—though we never prosperity of Canada, who export more give me the benefit of a 30 per cent. liked coalitions, we were willing our than half the products of Canada to the duty." At all events, if the manufac-
