NERVOUS DISEASES. As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nerve Tonic, which is very pleasant and harmless in all its effects upon the youngest child to the oldest and most delicate individual.

Dr. Wm. W. Phelps, of New York, Ind. writes: "I had been a distressed condition for three years from Nervousness, weakness of the stomach, dyspepsia, and indigestion. I tried every medicine I could get, but nothing doing. I was advised to try your Great South American Nerve Tonic, and after taking several bottles of it I must say that I am now as well as I ever was. I would advise every one to use it. It is a wonderful cure for every class of Nervous Diseases, and I would not be able to express my gratitude enough for it."

A SWORN CURE FOR ST. VITUS' DANCE OR CHOREA. My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Nerve Tonic, and she is completely cured. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause. JOHN T. MILLER, State of Indiana, Montgomery County, Ind.

Naphtalene is death on moths, but very dangerous to handle. Roasted coffee and ground coffee beans mixed with honey are used to restore broken-down horses in Germany.

ODDITIES OF NATURE.

Male mosquitoes do not bite. The original inventor of paper was the Mount Sinai, in Arabia, in 6,541 feet in height. The humidity cure unwarmed in Egypt has fed the world.

GLIMPSES OF EUROPE.

Dutch country houses are decorated with legends. In Paris the undertaking business is monopolized by the city government. On some parts of the coast of France when the wind is east the mist that appears, it is said, bears with it a noticeable perfume.

NEWS NOTES FROM EUROPE.

Nelson's old battle ship, the Foundry, is being exhibited at various parts of Great Britain. It is said that every timber of the old ship is as sound today as when she was launched, a hundred years ago. In an annual parade of track horses held in London recently there were two gigantic hounds, each measuring eighteen hands—that is standing just six feet high at the shoulders—and weighing at least a ton.
