Order Dress Patterns decribed and illustrated in these Columns as directed below.

6751-Ladies' Shirt Waist (Hints by May Manton.) Our illustrations portrays one of the newest designs in this ever popular and f shionable John C. Taylor road, garment. It is made of figured linen and Moran road, ... with white linen collar and cuffs which can be made removable or attached permanently, as desired. The waist is reled by a red leather belt and the neck alshes with smart tie in red satin (as red properly speaking, the color of the shoulder edges produces a soft and graceful ffect over the bust. A box-plait finishe the right-front edge through which button-holes are worked to effect the c'o i g with stads or butten. The back is sathered at top and joined to a yoke lining with straight lower edge, the double pointed yoke being placed over the gathers and stitched firmly lown on its lower edge, thus insuring a double finish. A shaped neck band com-pletes the neck when the rolling collaris made separately. The sleeves are slarhed at the back and the opening finishes with James Lynch meadow road,... ouf laps, wrist-casin; and draw-strings Cook's road,.. 10 adjust the fulness at the waist ln , and the dress skirt is worn over the full lower edge. Striped and figured lineus, Indian dimity, French organdy, tissue and figured lappets McKenzie road, are among the chosen materials for making with machine stitching as the accepte

To make this shirt waist for a lady in the medium size will require three and one-hal yards of thirty-six-inch wide material. Th ern, No. 6751, is cut in size: for a 32 34, 36, 38, 40 and 42 inch bust measure.

7080-Child's Bathing Suit. Hints by May Man This pretty bathing suit is adapted to children of either sex. As illustrated it is made of flaunel in a deep shade of red, mmed with white moh ir braid. The suit is easily adjusted in one piece, a centre seas in back and inside leg seams shaping it correct'y to the figure, and the closing is made in front with button-hol s and buttons. A deep sailor collar finishes the nech, and a beit holds the garment in position at the waist line. The sleeves reach hearly to the clow, and are sufficiently arms. A plain, short, gathered skirt can be sewed to the belt if a skirt is wanted. Flaunel, serge, alpaca, Henrietta or any other woolen goods make pretty hathing suits in this style, trimmed with braid of contracting color. The preference of material in children's bathing gowas is

given to flinnel, however, as there is less danger of catching cold, particularly a little folks have a fondness for playing or the beach, and the wearing of flann l pre are the favorise colors. To make this bothing suit for a child o

six years will require three yards of twenty neven nch material. The pattern, No 7080, is cut in sizes for children of two, four ix, eight and ten years.

042-Misses' Waist. 6874-Misses' Circular Skirt

Hints by May Manton. shown, made of bulrush-brown zibeline, and opening upon a full vest of green peau de aleeves, and lower edge of the skirt are neatly trimmed with black sontache braid arranged in trefoil effect. The waist is sup ported by a glove-titing bodice foundation terminating at the waist line over which the material is arranged, the pretty fulness of the front being garhered at the upper edge waist line the insterial is lad in plaits, The side-fronts are uniquely slashed from the waist to bust, displaying the fulness of the silk beneath. Smooth under-arm gores separate the fronts from the backs, which are smooth-fitting across the shoulders with the scant fulness at the waist collected in gathers. The closing is effected invisibly at he centre with hooks and eyes, which may be substituted for buttons and button-holes, or the waist may be made to close invisibly
