JUST LOOK INTO THIS BARGAIN DAY OFFER

Here is the Chance for Contest Workers

Many Changes are Made in the List of Competitors—Get Busy Now and Profit by the Big Counts.

Candidates will bear in mind that the Sun and the Star cannot be sent by mail in the City of St. John.

It will pay every contestant and every prospective contestant in the great \$5,000 Prize Voting Contest of the Star and Sun to read every word in today's story of the race. A number of changes have taken place and each has been made with a view to affording every contestant a greater opportunity to secure votes and improve his or her standing.

Bargain Days—Extra Votes

The chief feature and absolutely the biggest thing of the contest is the fact that a bargain day offer is made in this issue. "Bargain days" means a greatly increased rate of votes commencing July 28th and continuing up to and including August 1st. Here is an opportunity to "clinch" one of thirty-four magnificent prizes.

The "bargain day" votes will help you to lay away a good reserve during this period and make the very means of your winning the prize upon which you have set your heart.

Russell Touring Car

The magnificent Russell Touring Car has been shipped to us on its way and will arrive in St. John in a few days. It will be on exhibition and all may have an opportunity to see the very did prize which will be won by the candidate having the highest number of votes.

Fairness of Voting Limit

The voting limit has been arranged so that it is fair to all. It places every contestant on an equal footing, no single contestant will be permitted to run away with the race, and if it is encouraging to one's friends to know that his or her favorite candidate has obtained a certain number of votes, it is not to be feared that the object is near the top of the list, that object being to reach by any one having the votes to reach the top of the list.

If the contest man were a candidate he would prefer this opportunity especially if he were a candidate for the entire campaign to make up a point to see all those friends who have promised to "help later" and impress them with the fact that they will never again be able to assist him so materially as right now, during the "bargain days."

Voting of Coupons

All ballots deposited in the ballot box must be fast and fastened together in packages and not put loosely in the box.

RAYMOND AND WHITCOMB

TOURIST PARTY HERE

Nineteen Came in on the Austin and Will Spend a Couple of Weeks in the Provinces.

(Continued on Page Nine)

Among the arrivals on the Calvin Austin this morning was the familiar figure of E. B. Fairbanks, of Manchester, N. H., who is in charge of a Raymond and Whitcomb party of nineteen, who are touring the provinces. The party left New York on the 27th, arriving in Boston on the 29th, where Mr. Fairbanks met them, he having reached Boston only two hours before from a previous trip.

This afternoon the party will be driven to Rockwood Park, the Falls, etc., seeing the various points of interest throughout the city. Tomorrow they will enjoy a day's sail on the river, leaving Indiantown at 9 o'clock. On Monday they leave via the Prince Rupert for Wolfville, Halifax, Charlottetown and other provincial centres, spending a few days in each place. The trip includes fourteen days' travel the party reaching Boston on the 11th of August via Eastern Steamship Co.

The only nineteen member of the party arrived this morning four others join the tourists at Wolfville. Members of the party include—Mr. and Mrs. John D. Baldwin, Windsor, Conn.; Mrs. R. D. Baldwin, Hartford, Conn.; Mrs. H. A. Brayton, Misses Dorothy, Katharine and Margaret L. Brayton, Fall River; Mr. and Mrs. Daniel W. Cory, New Bedford; Rev. P. J. Dalley, Misses Agnes, Annie and Helen Dalley, Philadelphia; Edward F. Flint, Lincoln, Mass.; Mr. and Mrs. G. M. John, Mr. and Mrs. Reuben Mason, New York; Miss C. D. Nahner, Springfield, Mass.; Mrs. L. J. Segoe, Boston; Mr. George Watson, Mrs. Richard Watson, Miss Jane Watson, Dorchester, Pa.

MUCH THIEVING ON THE CALVIN AUSTIN

Passengers are Robbed Nearly Every Trip

Some of the Colored Waiters are Suspected—Three Cases Reported on Trip to St. John This Morning.

Three hundred and seventy five passengers arrived by the Calvin Austin this morning, which steamer after feeling her way up the harbor through the dense fog docked about 9 o'clock. A good trip was experienced by those on board, no fog being met until just off the harbor.

Considerable petty thieving has been committed of late on the Austin. On the last trip one lady was left penniless by someone stealing her pocket-book and it was only by the kindness of friends that she was able to reach her home up river. Again this morning three thefts were reported and efforts are being made to find the guilty party.

Fortunately other members of the family had taken their pocket books with them and have sufficient money to continue their trip.

Another lady passenger reports being awakened during the night by a party breaking into the room and reaching for the light turned on in time to see a colored man, also from the floor and rush from the stateroom. Owing to the sudden brightness of the light she was unable to recognize the man other than that he was black.

When asked by the star reporter concerning these reports the purser made no statement other than that efforts were being made to find the guilty parties. It is understood that such thefts are being committed on nearly every trip, that the steamer's officers are inclined to blame the colored waiters, and that there is fairly strong suspicion against several of these employees.

MRS. CURREY UNDER CROSS-EXAMINATION ALL MORNING

She Does Not Like Cold Toast—Talks of Miss Currey's Influence in the Household and Tells of Treatment She Herself Received in St. John and at Woodman's Point

At the hearing of the Currey divorce case before Mr. Justice McKenna this morning, Mrs. Currey spent the entire session on the stand under the severe cross-examination by Hon. C. N. Skinner, counsel for Dr. Currey. The proceedings were enlivened by a number of interruptions from counsel. Mrs. Currey vigorously objected to her previous story and throughout the examination showed no signs of breaking down.

Upon the resumption of the court at 10 o'clock cross-examination of Mrs. Currey by Mr. Skinner was continued. Witness told about Dr. Currey's earnest desire to get a house at Woodman's Point. In all her married life she never saw him so eager about anything.

Witness told about illusions which Dr. Currey had at different times. On one occasion she told the children that she would like very much to go and visit her mother, who was very miserable. When Dr. Currey came home the children rushed to their father and said "Oh, can we go and visit grandmother?"

Witness said that she talked it over with Dr. Currey. Then later he got it on his mind that she had told her friends that she was going, that she had made all her plans before talking him. He kept this incident on his mind for years and never ceased talking about it. "As I said yesterday, an ink was never dried by Dr. Currey."

She did visit her mother on this occasion. This was in September, 1928, and she stopped till December. She took Willie and Julia. She wished to take the youngest. He did not want her to take them all. He gave his reason. Dr. Currey did not object to her going.

Mr. Hamilton objected to Mr. Skinner's mode of cross-examination as unfair to the witness. His Honor acceded.

Witness said that Dr. Currey was always unreasonable. He was against anything she particularly enjoyed. There were many quarrels over trifles.

In 1924 they were again at Woodman's Point. She was occupied a good deal with gardening. She had a girl named Ethel Day, who did most of the inside work under her guidance. The work was very simple. Witness told of incidents of their life in the winter of 1924. She was in a condition when she should not be nursed.

Mr. Skinner—"Abused" does not mean "witness"—"No."

The trouble on this occasion was that she made too much of "Vickey" according to Dr. Currey. On that occasion he treated her very wrongly, and when she chided him at that date cries and frets, witness said that she believed that she knew the reason. Dr. Currey told her that some of the ladies were going to cut her for treating "Vickey" as an equal. He even gave her the names of the ladies. He should never have talked to her as he did at that time. It would have been brutal at any time.

Dr. Currey himself deferred to "Vickey's" judgment as much as she did. Dr. Currey's unmarried sister, she believed, influenced Dr. Currey against her.

Mr. Skinner—"There was nothing worse than you described during the winter of 1925?"
Answer—"No."

On further examination Mrs. Currey said "Vickey" shot had left the household in August, 1926. She engaged Mary McBeath, a country girl, prior to "Vickey's" leaving. "Vickey" had not left the household on account of any difficulties between the witness and her. In 1924 Mrs. Currey's parents first visited the household. Her mother had visited the city on former occasions, making in all two journeys to St. John. The visit of her mother here 1924 had been pleasant ones. During the parents' stay at Woodman's Point, Currey had entertained them on two occasions. Currey had treated her parents in a perfectly proper manner. On the birth of the child a bottle of champagne was opened. "There were occasions when Currey would give my father whiskey, but he did not enjoy it."

Mr. Skinner—"I did not ask you how he enjoyed it."
Mr. Hamilton—"Yes, you did."

CONSTABLES UPHOLD THE THIRD DEGREE

Object to Criticism of Sweat-box Methods

Higher Rents in Cobalt—Man Wants Money to Build Flying Machine—Lumber Co. Employee Killed by a Train.

HAMILTON, Ont., July 29.—Mark W. Watson, a Canadian residing at Lapeere, Michigan, is trying to raise \$10,000 here with which to construct a flying machine which he wants to exhibit at the Canadian National exhibition at Toronto this fall.

COBALT, Ont., July 29.—Mining companies have decided to charge from 75 cents to \$1 per foot rental for all lots in the burnt-out districts, an enormous increase over the rents that have been paid for a period of ten years, with a six months' cancellation clause. The foreign element which largely composed the population on the fire zone claim this rent is prohibitive and may not settle there again.

NIAGARA FALLS, Ont., July 29.—The executive committee of the Chief Constables Association of Canada, which concluded its convention here yesterday afternoon, will ask the Minister of Justice to amend the criminal code so that search warrants may be executed by any police officer. It is held in the view that the present code calls for execution by the chief constable alone. Resolutions were passed protesting against criticism of the chief constable and third degree methods. Officers were elected as follows: President, Emil Truday, Quebec; Secretary, Wm. Stark, Toronto; Treasurer, Inspector McEneaney, Toronto. Vancouver was chosen as the next convention city.

KEENOWA, Ont., July 29.—William Morris, aged 33 years, an employe of the Keenowin Lumber Company, was struck by a train while on his way home from Keenowin last night. He died shortly after being brought to the hospital here. The remains will be shipped to his former home at Carleton Place.

NEED NEW STYLE TICKETS TO FIT FERRY FARE BOXES

Ald. Potts Sees Necessity of Another Reform—New System May be Operated Monday

Ferry Committee Meets Today.

The new fare boxes will occupy the attention of the ferry committee at the regular monthly meeting at the City Hall this afternoon. The boxes have been installed in the toll house on the eastern side of the harbor and those for the west side are ready to be put in place. The boxes to be used outside for drivers of vehicles will be of a different type in order that they may be conveniently handled by the gate-men, and they are not yet ready.

It is possible, however, that the boxes for the use of passengers going through the turnstiles may be used for the first time on Monday and this will be decided at the meeting this afternoon.

Ald. Potts, the chairman of the committee, has decided to have ferry tickets of a smaller size made of stiffer paper as such tickets would be more easily handled in the boxes.

He will place the suggestion before the committee this afternoon.

INQUIRES FOR SON FOUND DEAD AT LITTLE RIVER

Father Learns Sad News From Saskatchewan Paper—Wants to Collect Insurance.

Enquiries are being made concerning the death of E. Sydney Morris, whose body it will be remembered was found in the woods near Little River, some months ago. Registrar of Vital Statistics, John B. Jones, has received a communication from E. Morris, father of the deceased, asking for information concerning the deceased. The letter is written from Mr. Morris' home in Walmer Villa, Wexham, Wales. The writer states he learned of the death of his son from a Saskatchewan paper, and asks for full particulars.

Morris reached the city from the Old Country in November. He was an industrious chap and was probably from to death while wandering through the woods.

The father desires to secure the verdict reached by the jury, as he is anxious to settle the life insurance claims of the deceased.

Mr. Jones will endeavor to supply the necessary information.

Since the death of young Morris, Coroner Berryman, as well as the Salvation Army Officers here, have answered a number of inquiries from relatives concerning the death. Morris appears to have been well known in England.

BOYS WERE BROUGHT TO COURT FOR NOTHING

Magistrate Dismisses Lads Against Whom There Was No Evidence, Criticizing Persons Who Made the Report

This morning's session of the police court was a short one, three cases being disposed of. John Boyd was fined \$2 or two months for drunkenness. Magistrate Ritchie, in dismissing the case, spoke in most emphatic terms of the injustice done three lads in being taken to the police court with apparently no cause whatever. On Wednesday the lads appeared to answer the report, but Lindsay did not appear, and the case was postponed until this morning. The lads told the magistrate on that occasion that they were not guilty, and this morning's evidence proved their statement.

John Perry, a fifteen year old, who had been reported for driving a horse and sledge on the sidewalk at Rockland Road, was allowed to go upon giving a satisfactory reason to Magistrate Ritchie.

ST. JOHN MAY ENTER THE GOLF TOURNAMENT

St. John golfers are considering the advisability of entering a team in the maritime championship series at Halifax in August. A circular containing the full programme has been received from Halifax and a team from the local club will attend the meet.

The entries for the maritime meet will close on July 31. Mr. S. S. McClure, 169 Hollis street, Halifax, on August 18th, 19th, 20th and 21st.

There will be in addition a meet for the ladies at Halifax during the same days. A feature of the play will be the finale between New Brunswick and Nova Scotia at the completion of the meet.
