There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. It is a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

OPENING DISPLAY OF NEW FALL MILLINERY AT M. R. A.'S. Tuesday and Wednesday at M. R. A.'s will be interesting days to St. John ladies. There is not a point of interest that is absent from this showing. Every favored shape, every style, every new shade, every new effect in trimmings in yours to choose from if you wish.

RETURNS GREATLY PLEASED WITH THE ASBESTOS PLANT. Capt. C. W. Brannan, of St. John, and Arthur W. Orchard, of the King Lumber Co. of Chatham, returned to St. John on Saturday last on a visit to the D'Irrell Asbestos Company's at Quebec.

They both expressed themselves as highly pleased at what they had seen. When asked about the ore on the D'Irrell property, said not only was it rich in asbestos, but the visible supply was sufficient to last for generations. They state that the buildings are modern in all respects, being most strongly constructed on concrete piers and well adapted for the purposes for which they are intended.

They also found the branch line of the railroad from the Quebec Central to the quarry almost completed, and the manager informed them that he expects to be producing asbestos early in December.

Asked as to what they thought of the proposition as an investment, they declared that to their minds nothing better existed in Canada.

"Well, and how did you sleep last night? Did you follow my advice and begin counting?" "Yes; I counted up to 15,000,000." "And then you fell asleep?" "No; then it was time to get up."

SIXTH INNING WAS FATAL TO GREEKS

Perkins Weakens After A1 Tossing

All St. Johns Win - Saturday Afternoon's Exhibition Game a Lively One.

Perkins pitched great ball in the early stages of Saturday's game, but weakened towards the end and allowed the all-St. John aggregation to bunch hits and capture a victory over the Marathons by a score of eight to three. There were a number of brilliant plays, and from every standpoint the game was an interesting one. But the manner in which the old timers hit the wind was surprising. Perkins was "on the job" for five full innings, allowing but few safeties and striking out his opponents to a 1, 2, 3 fashion. Disaster overtook the Greeks team in the sixth.

The all-St. Johns, after two men had fanned, hit safely and with bunched wallops the leather was knocked about the field for five runs before the side was retired.

Bovald was on the firing end for the winners, and although his twirling was not phenomenal was fairly effective, and he fielded his position well.

The fact that St. Peter's could not play was a disappointment to the fans and the attendance was not as large as during the championship series. But several hundred persons, including a generous distribution of the fair ex-gathered at the grounds.

The Marathons took the field and until the crisis in the sixth had matters in their favor. The Greeks fielded good and were active on the bases. The champions on an error, a pass and a triple to centre by Captain Bradbury made the first tally in the opening inning. Dr. Gallagher, the fast full-way town man, scored in the second, and after Don. Malcolm had picked out a triple he walked the man on a pass ball, scoring the Greeks' third and last run in the match.

Craig worked the bases play in the first inning and with five in the sixth and two tallies in the eighth brought the all-St. John's total to eight.

Tommy Howe executed a double play in the fourth inning, with the assistance of Donnelly on first base. The latter covered the initial sack in errorless fashion and the double play, a single off Perkins, Gallagher, for the Marathons knocked out a pretty double to left field. Titus watched third in good fashion.

The family were awakened by the choking of the youngest child and found the house full of smoke and barely escaped with their lives. Mr. Sears' loss is a serious one, as he had no insurance.

SNAPPY FOOTBALL THIS SEASON

Teams Everywhere Getting Into Shape

PROVINCIAL LEAGUE

Moncton, Fredericton and St. John Have Many Good Players for Their Teams

The Rugby teams of the province are beginning to shake themselves for the season's work and get right down to business. St. John senior teams have already been out to practice and the prospects for two, or perhaps, three senior XV's is bright. Carleton has again elected Roy King captain and William Stewart will be vice-captain.

It is doubtful what the intermediates will do, but it is probable that they will reach a decision this week.

Other towns in the province are also getting into line. The Moncton team, which has had a pretty good record during the past few seasons is about to get into trim while in Fredericton, there is talk of reorganizing a city team and some of the U. N. B. players are already getting into shape while the fast college engineering camp.

W. E. Jardine, manager of the St. John New Brunswick's Fredericton branch, and well-known in St. John as a Rugby player, will very likely figure on the Fredericton City line-up should the team be put together, and it is also likely that some of the old timers like Adams, Christie, McKee and others will get into the game again.

The Fredericton team, which is expected to be a strong one, will include in its line-up some of the U. N. B. men who are resident in Fredericton. Deedes and Boyd will be in all probability play with the city team as well as with the college. Fredericton is thinking of nothing but its exhibition on Monday.

In Moncton the Rugby enthusiasts find that their team will be minus some players but nevertheless will have a strong lineup. Spence and Frank Brown of the latter town are expected to be in the forward line, but it is premature to say that they will be in the forward line, but it is premature to say that they will be in the forward line.

Capt. Archie Babbitt, of the U. N. B. team, informed a Sun man on Saturday that he expected the Fredericton club to have a pretty good team. "Cow" Dolan having been indiscreet enough to play semi-professional baseball, is out of the game, and Rugby and Brown will be absent from the forward line. There is also talk of Deves' retirement, but it is premature.

U. N. B. lost but lightly by graduation. It looks now as if the team will be a pretty snappy football season.

HORSEMEN FORM MARITIME ASSN

A meeting of the owners of horses and drivers was held here yesterday and there was a large attendance. Many letters of regret from those not now in the city were received, all expressing the heartiest sympathy with the movement. The purpose of the gathering was to form a Maritime Horsemen's Association and among the objects proposed are the question of freight rates, the exclusion of American horses from the provincial races, the bringing before the managers of the several tracks that all dates for circuits be fixed, so as not to clash, and the establishing of a regular Maritime circuit. A committee composed of R. H. Edwards and James Adams of Halifax, Dr. Strickland and S. J. Cameron of P. E. Island, and A. B. Kitchen and J. D. Black of Fredericton, was appointed to make arrangements for holding another meeting at Halifax during exhibition week, and in the meantime draft a constitution to be submitted to the meeting. It is proposed to have a regular paid official to take the business in hand and devote part of his time to the work. J. D. Black was elected secretary pro tem. Among those who attended the meeting yesterday was Dr. J. P. Perkins, aged eighty-one, the veteran horseman of P. E. Island. He took a most enthusiastic interest in the proceedings.

SHOOTING SEASON IS NEARING ITS CLOSE

Spoon Matches Held Saturday - Weather Conditions Unfavorable

Unfavorable weather conditions kept down the scoring on the rifle range Saturday, when the end fustlers and the City Rifle Club shot regular spoon matches. The wind was strong and shifted continually, veering from five minutes left to three minutes right. Saturday's was the last spoon match of the season for the end. Next Saturday they will hold a cash match, which will wind up their season.

The Fustlers had pretty good attendance and had matches in classes A, B and C. The St. John City Club had a slim turn-out and there was competition in class A only.

The scoring was as follows: 2ND ST. JOHN FUSTLERS. Class A-- Sert S. Day 88 L. Bentley 82 well. B. L. Durand 75 Major Marce 75 Class C-- Pte. H. A. Wetmore 63 Col. Sergt. Vall. 59

MELVA P. WINNER IN THREE-MINUTE GLASS

Sports Disappointed, and a Lot of Money Changed Hands--Monday's Program.

FREDERICTON, Sept. 19.--The second day of the races at the Fredericton Driving Park drew an attendance of about one thousand. The weather was fine, but owing to the rain of the first day, the track was very muddy. The program consisted of the 225 trot and the 3 minute-stake trot and pace. In the three minute-stake Trot, Melva P. won by a margin of one length, and she was the only one who succeeded in getting third position. Her defeat meant the loss of several hundred dollars to the stake. Fred Bob, who was second favorite, obtained fourth place, while Melva P. won the stake. After a contest of five heats, King Arion was the horse of the day, and his travelling in the first two heats of the stake surprised the multitude. In both of these heats the King proved an easy winner and the remarkable time of 2:27 in the second heat. After this he tried very badly, and it was evident that had the horse kept the lead it would have won the race easily.

Monday the regular programme will be put on. It may be that the races that were to be held Saturday, according to the programme, may be declared off. If not they will not be held until Wednesday and the contest will be named races. Neither of the classes set down for Saturday filled.

LEXINGTON, Ky., Sept. 17.--The world's trotting record for yearlings was broken at the Colored Fair here today by Miss Stokes, who made the mile in 2:10.4. The former record of 2:12 was held by Adèle.

Miss Stokes is the daughter of the late W. E. D. Stokes, of the Patches Wilkes farm.

LANYON'S CREW WON FOUR-RACED

Did Not Have It All Their Own Way

ROSS DEFEATED

By Hilton Belyea in an Exciting Race--Stackhouse's Motor Boat Lead

It looks as if St. John's old-time interest in rowing is on the verge of experiencing a revival, judging from the number of people who turned out to watch Saturday afternoon harbor races. It is estimated that upwards of five thousand people gathered on the water front to see the boat races, while craft of all kinds were on the waters of the harbor bearing numerous interested spectators.

The regatta was carried out without accident of any kind and furnished lots of excitement. The sculling races were close and showed that St. John has still some oarsmen who can be depended upon to give a good account of themselves when they get in a boat.

One regrettable feature of the regatta was that public interest has not yet been aroused sufficiently to produce support to the La Tour Rowing Association of such a kind that prizes of some kind could be given those who compete.

The races for the fours proved very close and interesting. The competing crews were as follows: McLaren, bow; McCollum, forward-mid; Harrod, after-mid; Silliphant, stroke.

Ross, bow; H. Belyea, forward-mid; Bud Nic, after-mid; Lanyon, stroke. The crew stroked by Lanyon won in a close race, having a margin of only one length over their opponents, but however, were under the disadvantage of having two new men in their boat. The beaten crew promise of being a first-rate four in time.

The race for fishermen's motor boats was a source of great interest among those evening sugar craft, particularly the fishermen, and proved to be a good race. There was a large number of starters, boats owned by the following being in the race: Fishermen's motor boat race (of boats between fifteen and nineteen feet in length)--Owners: E. Woodworth, John Hamm, Murray Stackhouse, Geo. Wilson, John Silliphant, A. Colin and C. Murray.

Stackhouse's boat won by a good margin, while John Silliphant's boat was second, with a length to spare over George Wilson's, which finished in third place.

The single scull race between Jas. Ross and Hilton Belyea proved perhaps the most interesting of the regatta. Belyea maintained his reputation by winning, but Ross rowed a game race and made the other row every inch of the course and finished but a length and a half behind him.

Through the courtesy of L. M. Trask the motor boat owned by that gentleman was at the disposal of the La Tour Rowing Association during the afternoon.

SENSATIONAL TRUNK GRIME RECALLED

"Sir" Vere Good Dies in a French Court Settlement--Irish Knight's Brother.

LONDON, Sept. 20.--After having served two years of his sentence of penal servitude for life for the murder of Miss Emma Levin at Monte Carlo in August, 1907, Vere Thomas St. Ledger Good has died at the French convict settlement at Cayenne.

The news recalls a terrible and cold-blooded crime. Mrs. Good, who is a French-woman, was sentenced to death in with the crime, but her sentence was afterwards commuted by the Prince of Monaco to penal servitude for life, and she is now in a French prison.

A great sensation was caused by the discovery of the body of Miss Levin, the wealthy widow of a Swedish engineer, in a trunk at Marseilles Railway Station. It had been taken to the station by Good, who arranged with the goods clerk to have the trunk sent on to Charing Cross.

When the clerk, a man named Pons, came to move the trunk, he noticed red drops oozing from under the lid. The explanation offered by Good that the trunk contained poultry did not convince him. He communicated with the police, who opened the box and found the body of the dead woman. The head and legs had been severed, and these were discovered in a kit-bag in Good's possession.

At the trial witnesses gave evidence that the Goods had borrowed from Mrs. Levin, who, after various fruitless attempts to recover it, sent a peremptory message demanding repayment. Thereupon Mr. and Mrs. Good lured her to the Villa Menesim at Monte Carlo, and she was seen no more alive.

Mrs. Good told the judge that her husband while drunk had killed the woman, but they were proved to be jointly guilty of the crime, although Good afterwards admitted that he alone cut up the body. The head and legs, he said, he intended to throw into the sea at Marseilles.

Although Good called himself "Sir" Vere, he had no right to the title. He came of a good Irish family, and was, in fact, the youngest brother of Sir James Good, who succeeded his uncle in the title in 1893. It is said that he once offered the real title, which lives in Australia, £150 if he would waive his right to the title. Good was well known as a lawn tennis player in Ireland.

The Goods led a varied life. They were married in Faddington eighteen years ago, and opened a high class dressing establishment in Baywater. This did not pay, so they went to Montreal and started a similar business. They next appeared in Waterloo, Liverpool, and lived for some time in style at a house in Adelaide-terrace. Their next business venture was the opening of a steam laundry at Seacombe. This they turned into a limited company, and retired on the profits to Monte Carlo, where they lived in apparent affluence, but lost their money in heavy gambling.

A party of recruits were taken to the shooting range for the first time. The men fired at a target 500 yards away, and not one hit it. They were next tried at a target 200 yards away, and still every one missed. They were next tried at just 100 yards away, but no one hit it. "Attention!" thundered the sergeant. "Fix bayonets! Charge! It's your only chance!"
