Petroleum Engineer,  
Department of Mines and Resources,  
503 Public Building,  
Calgary, Alberta.

Dear Sir:-

Re: Inland Sarcee No. 1 Well

We are enclosing you herewith further drilling reports numbered 32 to 38 inclusive and will send you a few more almost immediately.

The samples were left at the adjoining office to your own showing formation to a depth of 1190 feet inclusive, and we trust these samples have been duly handed to you for your inspection.

Yours very truly,

HIGHWOOD DEVELOPMENT LIMITED

Per: "R. G. Straker"

Managing Director.
