BORERS WORKS CONSTRUCTION ERECTION OF NEW SHEDS

Will Anticipate Boom by Construction on Water St.—Railway Commission to be Asked to Instruct C. P. R. to Construct Overhead Bridge Across Tracks at Old Military Road to Develop Property There.

At its meeting last evening the board of works anticipated the boom by appointing a committee to look into the matter of replacing the old sheds on Water street, near the custom house with new warehouses. It also decided to request the railway commission to order the C. P. R. to construct an overhead bridge across the tracks at the old Military road to develop some property there. Much routine business was dealt with. Ald. McDermid, president, and there were present Ald. Elliott, Green, Kierstead, Codner, C. T. Jones, Scully, Hayes, Elkin, Potts, J. B. Jones, Smith with the common clerk, the city engineer, Harbor Master Fleming, Port Collector Alward, Street Supl. Winchester.

In opening the meeting the chairman said the snowstorms were costing the city a good deal of money. But the board of works wasn't responsible for the snow, and there were compensations—the poor people were getting some work.

D. J. Seely said he was surprised that Mr. Dick should have given up the matter. He wanted the city to continue his lease for the warehouses as Mr. Dick was unwilling to sublet them. Otherwise the business would be driven from here and there would be a loss of \$2000 in wages.

The chairman stated that the common council had decided to give Mr. Dick a lease of the wharf and it was up to Mr. Seely to deal with Mr. Dick. Mr. Dick wanted the co-operation of the city in developing 55 lots secured by himself and Ald. Kierstead on what he called Alexandra Heights in the neighborhood of Douglas Ave. To get access to it a bridge over the railway tracks was necessary. It would cost \$2500. He thought the city might get the C. P. R. to build the bridge, as the C. P. R. had taken possession of the road used in connection with the property.

On motion of Ald. McLeod it was decided to ask the railway commission to obligate the C. P. R. to erect an overhead bridge.

A sub-committee reported that the dredge and scows had been sold for \$7,715, and that Auctioneer Lantulum's fee was \$100.

Ald. C. T. Jones said he was a member of the sub-committee, but Ald. Elliott had conducted the business without reference to him. The other auctioneer, Mr. Webber had offered to sell the dredge and scows for \$55. Ald. Elliott said that after the hour upon which it had been agreed to close the bids, Ald. Jones had tried to ring in Mr. Webber. He said nobody could get along with Ald. Jones. The report was adopted.

The engineer recommended that permission be granted the N. B. Telephone Co. to erect three poles on Union street, west; six on Ludlow and six on St. James, West End. On motion the matter was referred to the engineer and Ald. McLeod.

In reference to the proposed playground on the Great Marsh, the engineer recommended that the work be done in installments, and that the cost which it is estimated will cost \$6,000 be left out for the present. The recommendation was approved and a committee consisting of Ald. Elliott, Hayes and McDermid was appointed to confer with the C. P. R. with a view to getting it to bear a share of the cost of draining the marsh.

Louis Green was granted permission to erect electric signs over his stores on Mill and Charlotte streets.

J. S. Gibson & Co. asked permission to erect a weighing scale in the northeast corner of Union street slip for 30 years at \$100.

Ald. C. T. Jones said it would be a mistake to give a lease for 20 years. Ald. C. T. Jones, Elkin and McDermid were appointed a committee to report on the matter.

The engineer reported that the old Water street sheds were unfit for tenancy and recommended that the Crosby Molasses Co. and S. D. Lewis be relieved of paying rent for the quarters beginning Feb. 1, the sums being \$37.50 and \$10 respectively. The chairman said he had frequent-

THE COUNTY COURT OPENED YESTERDAY

Only One Criminal Case Before It This Term—No Bill was Found Against James Tufts.

The first session for the year of the county court opened yesterday morning at 11 o'clock in the court house with His Honor Judge Forbes presiding. Although two criminal matters were sent to the grand jury, only one was tried, as that body found no bill in the case of the King vs. Tufts, charged with obtaining goods under false pretences. A true bill was returned against William Petersen charged with stealing 37 razors valued at \$20. Petersen was placed on trial at the afternoon session of the court, and shortly before 5 o'clock the court arose until this morning at nine o'clock when the case will be concluded.

Amon A. Wilson, K. C., appeared in the interest of the Crown.

Port Collector Alward asked to be relieved of collecting tolls in Market Slip, owing to increase of work on the West Side.

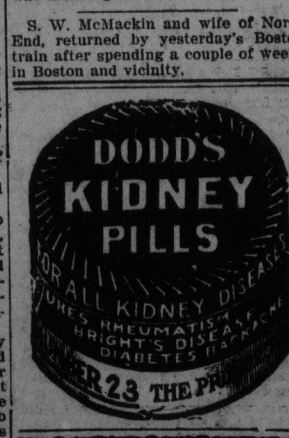

Ald. Kierstead moved that one of the clerks in the chamberlain's office be given the job of collecting the tolls in Market Slip on a commission basis.

On motion of Ald. J. B. Jones a committee consisting of Ald. J. B. Jones, Kierstead and Hayes were appointed to look into the matter with power to act.

A communication from the recorder was read, stating that E. E. Williams' claim for damages to potatoes stored in the city warehouse was not good, and recommending that it be filed.
