## WILLARD AND MORAN BOTH FIT AND CONFIDENT OF VICTORY

New York, March 23.—Jess Willard made up his mind to work hard today, although he was to have done only light work in front of a motion picture camera. He postponed his engagement with the movie men and put in a busy afternoon with his trainers in the club-house gymnasium.

He went much faster than when he took his so-called final "workout" yesterday. He put in a full session with the pulleys and repeated his shadow boxing. Then he took on Hemple, Hodel and Mooshan for two rounds each. There were no playful taps in any of the rounds, and all three of his sparring partners felt the stings of Willard's jabs, jolts and hooks much more frequently than they bargained for. The champion never looked in better condition than when he finished this afternoon.

Trainer Willie Lewis let Moran go along in a leisurely way today. In the morning he took a short walk and then ate a hearty breakfast.

Moran is on edge, but he did not seem to be much interested when he went through some light work before the movie cameras in the gymnasium. Moran's training partners are well pleased with the challenger's condition.

Willie Lewis, who had charge of Moran in his training for his fights on both sides of the Atlantic, said today: "I never saw Frank looking so well or in such splendid condition before any of his previous battles. He is stronger, more vigorous and vastly more confident than when he trained for his last two bouts with Coffey, and what is more, his hands are in fine shape, which was not the case when he met Coffey last January. I look for him to win sure."
