Greece England's Soldier. "Greece is the soldier of Englaudi in the Orient, All the anti-Turkish policy of England would be impossible with-out the aid of Greece. To abandon Greece would mean the renewal of the Turkish treaty problem and England does not wish this, knowing that on the one hand she would never regain the sympathies of the Turks and that on the other that she will always be able to dominate a state so essentially marRine as Greece. "Second, instead of engaging exclus-tively against Constantine, Frace should rather remain with free hands in Turkey. For many believe that it is not at then sould an orbit to be settled, and the solution is the revision of the Turkish treaty with Greece. This

(London Delly Mail and Cross-At-lantic.) Paris, Dec. 1.—The French civil authorities have discovered that for many years marriages at a village near Lorient, Brittany, were illegal-ly conducted at an inn and not re-corded on the proper register. A number of couples are, therefore, not legally married. The village officials have also neglected to notify of the births of many children who conse-quently have no legal existence. Steps are being taken to rectify the mistakes.
