HEARST AND REPUBLICANS NOW IN THE SAME CAMP

Join Hands in New York Elections to Defeat Tammany Hall

It is Said That Governor Hughes Approves of the Deal, and That Roosevelt is of the Same Mind—John D. Rockefeller Poses as a Trustee of Providence, and Prominent Philanthropist in the World.

(From Our Own Correspondent) New York, Oct. 7.—Fusion between the Republican organization and the Hearst Independence League in this county is now an accomplished thing. At the various assembly and aldermanic conventions on Saturday night there were eleven instances where Parsons' men were endorsed by the Hearst people, or vice versa.

When the Republican county convention meets on Thursday night, it is understood that it will name Maximilian Ihmsen, Hearst's "political valet" for a number of years, for sheriff, and John Palmeri, one of the Hearst "operators" of local prominence, for the general sessions bench.

Hughes Favors the Deal. There has been a suggestion that Governor Hughes himself might throw his influence against a fusion with Hearst, in view of the circumstances of last year, and the issue on which he made his fight.
