

"Canada's Leading Company."

It is not the amount of new business written, nor the premium income of a life company which determines its success or its intrinsic value to policy-holders. The former may be purchased at too high a price, while the latter may be expended by an over-ambitious management for a dangerous or unprofitable expansion.

It is the economical administration of its funds and the consequent gain in surplus which is the true indication of success—or otherwise. On the same valuation basis for 1898 and 1899 the Canada Life Assurance Company last year gained much more surplus than the other sixteen Canadian companies combined. This is the vital test. By it the Canada Life vindicates its right to the title,

"Canada's Leading Company."

"Canada's Leading Company."

(See "Government Blue Book," page 37).

For many years the SUN LIFE OF CANADA has been the leader in new business.

Last year it attained to the position of having the largest Net Premium Income of any Canadian company.

"Prosperous and Progressive."
