Klan pamphlet forgery

WATERLOO (CUP) — A Ku Klux Klan labelled pamphlet distributed at the University of Toronto, Sir Wilfred Laurier University and the University of Waterloo has been called a forgery designed to discredit MLS John Sweeney and the Council of Mind Abuse (COMA).

The pamphlet invites young white Christians to become members of the White Youth Corp, the youth wing of the Klan. The literature espouses Klan views on segregation of the races and includes the address and phone number of the Klan offices.

Ed March, an employee of the Klan's Toronto office, said the KKK was not responsible for the material. He said the Klan suspected the pamphlet was distributed by members of the Unification Church.

The pamphlet commended Sweeney and COMA for their efforts to combat cult groups.

Sweeney (Liberal - Kitchener-Wilmot) has recently put forward a private member's bill to legislate the activities of cults.

A spokesperson for the Unification Church in Toronto denied any connection with the Youth Corp pamphlet.

Drastic dope shortage

(ZNS) — The American government's "marijuana monopoly" has caused a serious nationwide shortage of "medical quality marijuana."

The states of Hawaii, California and North Carolina have been approached by a marijuana reform group, The Alliance for Cannabis Therapeutics, to seriously consider the growth of the weed for medical uses.

The officials in the three states seem interested in the idea. All three states are noted for their ability to produce particularly strong strains of marijuana.

Ronnie survival kit

(ZNS) — A Vancouver man has decided to take advantage of the war paranoia in the United States following the election of Ronald Reagan.

John Dawd has produced a "Ronald Reagan Survival Kit". It sells for \$3,000, and consists of a six-month supply of food for two people, a radiation detection kit, a fire extinguisher, an anti-contamination suit, and a copy of *War and Peace* to read while everyone else is in the final stages of meltdown.

Says Dowd, who at last report had yet to sell his first kit: "Perhaps I'll throw in a guide to infra-red cookery."
