

A STUDY OF CONDITIONS, 1911

should send their librarian and also the President or one other mem' er of the Board. I am sure of this, that there is nothing that will give you more life and interest and ambition in your library than to attend these meetings. Here you meet the Government Official, the Inspector of Libraries, who is able to answer your difficulties.

I would also like to ask the Government Inspector, Mr. Nursey, to have the government consider the matter of some kind of local inspection for each district, and have the government **MAKE AN ALLOWANCE** to pay the necessary expenses of such work.

Ladies and gentlemen, I wish to thank you for your kindness and patience in listening to this report.

Kindly pardon any mistakes or errors in this report.

DR. GEO. B. SNYDER,

President of Niagara District Library Institute, 1911.
