"Lydia E. Pinkham's Vegetable Compound cured me after doctors had failed, and I want other girls to know about it. During menstruation I suffered most intense pain low in the abdomen and in my limbs. At other times I had a heavy, depressed feeling which made my work seem twice as hard, and I grew pale and thin. The medicine the doctor gave me did not do me one bit of good, and I was thoroughly discouraged. The doctor wanted me to stop work, but, of course, I could not do that. I finally began to take Lydia E. Pinkham's Vegetable Compound and felt better after taking six bottles I was entirely cured, and am now in perfect health, and I am so grateful for it."—Miss Georgie Menard, 537 E. 182nd St., New York City.—\$5000 forfeit if original of above letter procing penulneness sunnet by produced.
