

# READ THE GREAT PEACE BOOK

Is war a necessity? Does it increase the wealth of a nation, or does it improve the nation's credit? Do great armaments benefit a nation? Does increased victory add to national wealth? These and many other questions are of great import in the understanding of the present day discussion regarding universal peace. No more lucid or logical arguments have been presented anywhere than can be found in "THE GREAT ILLUSION" by Norman Angell. Every Clergyman, Sabbath School Official, and every Senior Student should read this book.

Examinations represent the highest standard of proficiency to be attained by auditors and accountants in Canada. We prepare candidates by our **Excellent Mail Course**, and results prove the merits of our work. For six years we have made a great Record. The 1911 examination held in May is no exception. Six years' results show—31 out of 49 successful candidates in the Final examination were our students. That 67 out of 104 who passed the intermediate were students of our course. Think of it! 64 per cent. in Finals, 64.5 per cent. in Intermediates owe their success to our course.
