to erect a superior building with our Corrugated Sheets.

They are made from galvanized sheets and do not require ting. They can also be applied without using sheeting boards, making a strong, rigid construction fire and lightning proof at small cost.

They will outlast two or three wooden shingle roofs. Tell us about new buildings or old ones requiring roofing, sending rafter and ridge lengths for estimates and catalogue.

You can recommend it for canker in dogs' ears, one part of BALSAM to three parts of vaseline. I have used it for shoe boils where they were old and hard, by injecting the BALSAM into the boils with a hypodermic syringe. THOS. G. GIBSON.

#### Fruit, Flowers and Honey Show

Arrangements are under way for the holding in Toronto next November of a fruit, flower and honey show, on lines similar to the Provincial Winter Fair. It is probable that the show will be held in the Granite Rink on Church street. The Government will give \$1,000 to assist in definition of the show of the property of the show of the property managed, cannot but be made attractive and of value to the interests concerned.
