THE FINEST CALF IN THE COUNTRY.

International Stock Food Co., Toronto, Canada.

Ensenberg, R.S., June 25th, 1905.

Gentlemen— I am in receipt of your letter of the 15th Inst., and note contents carefully. I received a copy of your International Veterinary Digest with letter of March 2nd. Thanks for same. I am not a farmer so you might suppose, but always keep a Jersey cow or two. At present, I have two and have fed them two loads of I.P.S. VET. DIGEST. Since I was ever say for six months with great results. I have a three-month-old with second calf two months old, making 14 lbs of butter per week, the calf has had a (two-month) of Stock Food every day, night and morning since it was dropped, and I challenge the country to produce a better one. People come in and want to see it, and all without any exception, promise to pay double. I would not be without your Stock Food for anything and have recommended it to every one I can. J. S. Kinley, Druggist, keeps it for sale and has found it for all in my way.

Yours very truly,

GEO. H. LOVE, Town Clerk and Treas.
