

Oliver Plows

**Plow This Year**

for Eastern Canada are the most recent study of plowing conditions in Canadian fields. The point that is made here, is whether or not you can get the best conditions require. See the results and you will find that he has in fact, an Oliver that is exactly the

new includes walking plows, three-wheel plows, high and low-lift gangs. Among these, the I-C gang and No. 26 sulky are prime examples. Most of the weight is carried on the wheels on a smooth surface all the time. This is a great advantage.

Write to the nearest branch or agent or write to the nearest branch to get full information about the Oliver Plow at advantage.

Oliver Plow Company of Canada, Ltd.

Branch Houses: Toronto, Estevan, Hamilton, Lethbridge, Regina, Winnipeg, Yorkton.

# YORKSHIRE PIGS

**Yorkshire Pigs** In 1915 we made a clean sweep at all the western shows in Berkshire and Yorkshire, winners in the West. First and second champion Tamworth boar at Guelph.

**Yorkshire Pigs** We are offering a choice lot of young sows in pig, also young sows and boars of various ages. Our Yorkshires are the quick maturing kind.

**Yorkshire Pigs** J. E. BRETHOUR & NEPHEWS, Burford, Ont.

## An Advertisement to Wives

Perhaps you don't want your husband to insure his life. The possibility of his dying suddenly seems too awful to think about. And getting money as a result of such a tragedy offends your conscience.

Well now, do you know two widows, one left comfortably provided for by life insurance money and another left destitute? Ask them what they think of life insurance. Then draw your own conclusions.

If what they say leads you to believe in life insurance—as we believe it will—ask for our free booklet "Safeguard your legacy." It will tell you about an Imperial Life Policy in which your husband can invest a few dollars each year. Then if he should die we will pay to you as long as you live—regularly—each month—a certain amount of money to keep you and the little ones from want.

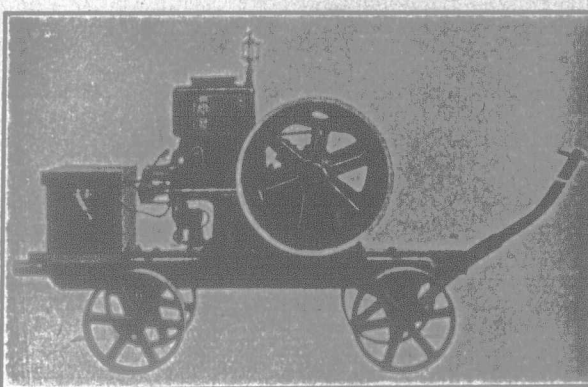

Fill out and mail the coupon below.

Name.....Age.....

**Monarch Gasoline Engines**

1½ to 35 Horse Power

Grain Grinders, Engine Cutters, Saw Frames and Pump Jacks

**1½ H.P. Horizontal Hopper Cooled**  
This engine built specially for small jobs around the farm and in connection with our intermediate pulley takes care of the churning, washing, pumping, etc. Being mounted it is easily moved from place to place.

Read this letter received by Canadian Engines, Limited, from their Eastern Sales Agents  
The Frost & Wood Co., Ltd., St. John, N.B. Clifton, Gloucester, Co. N.B., Dec. 13th, 1915.  
Dear Sir—In regard to the Monarch Engine purchased through you, I would like to say a few words as I may not have a chance again. I have used it two years now, and every day I run the machine I like it better. In fact I think it's the best thing I ever saw. I threshed six weeks this fall, and I just kept a record of its work for fun. In the six weeks I just made an average of 403 bushels a day, on an average of 2 gallons of gasoline a day, and the engine never missed an explosion in the six weeks. If this can be beat by any of the other makes of engines I am ready to eat my shirt.

I am entirely satisfied with the engine and would not take my money back to-day. You can publish this letter in any of your engine catalogues, and I am ready to prove what I said any old time.

Yours, (Sgd.) Jas. G. Powers, Clifton, N. B.
