COLD WEATHER "DONT'S"

Don't use cold bits in cold weather. Your horse's mouth is tender and is formed of delicate glands and tissues. Don't clip your horse when the mercury is at freezing point. Don't fail to blanket your horse when he stands in the cold.

Don't forget that nasal catarrh, diphtheria, bronchitis and other ills often result from exposure and the chill which follows suddenly checked perspiration. Don't fail to keep your horse's shoes sharp when the streets are slippery.

Don't put your horse's feet in unskilled hands. Good feet are spoiled by shoeing.

Don't stable your horse in an overheated stable, then stand him for hours in an over-heated atmosphere, and wonder he became paralyzed.

Don't fail to water your horse first thing in the morning, but not with ice water.

Don't load your horse too heavily when the streets and roads are blocked with snow.

Don't force him to back a load over a heavy snow bank. A shovel, with a little energy, will make it easier for your horse and for your conscience.

Don't try to convince your horse that he is on skates when his feet strike the slippery asphalt. Go slow, my son.

Don't fail to oil your wagon axles. There is a heap of humanity in wagon grease.

Don't fail to properly shelter your stock from the cold, and exercise them when the weather is good.

Makes Broiling Easy

It is much more convenient to do your broiling by lifting this Key Plate, than to lift the cover or use the broiler door. You have more room and get the meat directly over the coals.

Notice the Low Warming Closet, a special feature of this year's "Peerless Peninsular" Ranges.

Daylight Oven, Adjustable Damper, Removable Grate Bars, Thermometer in oven—are only a few of the conveniences you should ask about.

Step in at any time and go over the "Peerless Peninsular" Ranges. Glad to explain their improvements to you.
