TO
ONE word is too often profaned
For me to profane it.
One feeling too falsely disdain'd
For thee to disdain it.
One hope is too like despair
For prudence to smother.
And pity from thee more dear
Than that from another.
I can give not what men call love:
But wilt thou accept not
The worship the heart lifts above
And the Heavens reject not?
The desire of the moth for the star,
Of the night for the morrow,
The devotion to something afar
From the sphere of our sorrow?
PERCY BYSSHE SHELLEY,
(Born August 4, 1792; drowned July 8, 1822.)

MAKING FORESTS FIREPROOF
People are becoming aware of the tremendous loss to Canada through forest fires. Fire is not the necessary accompaniment of settlement and can be stopped. The cost of equipment and patrol necessary to stop fires amounts to only a small fire insurance premium on the value of the forest. How fires are caused, the influence of the weather, and what amount of damage they do are told in Bulletin No. 64, "Forest Fires in Canada 1914-16", just issued by the Director of Forestry, Ottawa. This is the first attempt on systematic lines to give the statistics of fires for the whole of Canada and to classify their causes. By this means the most prolific sources of fires are shown so that means may be applied for their prevention. Those interested in this subject will receive a copy of this bulletin free upon application to the Director of Forestry, Ottawa.

DECISION OF PRIVY COUNCIL
London, July 29—By a decision of the Privy Council, announced to-day, the domination of some 48,000,000 acres of land, in Southern Rhodesia, remains in the crown, but the British South Africa Company will continue to administer the land and may be reimbursed in financial matters.

IMMENSE VALUE OF CANADIAN FISH

Ottawa, July 26.—An increase of \$300,000 in the total values, in first hands, of sea-fish landed in Canada during the month of June, as compared with the same month a year ago, is shown by the monthly statement issued from the naval department this morning.
The value of the fish landed last month was \$3,771,107, while in June, 1917, it totalled \$3,460,999.
The department announces that the weather was not very suitable for fishing operations in the Atlantic during the greater part of the past month, and consequently such fish as cod, haddock, and hake were not landed in such large quantities as in June, 1917, when conditions were better. There was a falling off of 138,000 cwts. in cod, haddock, and hake, but the landings of pollock, mackerel, and herring were greater by about

10,000 cwts., 6,000 cwts., and 106,000 cwts., respectively.
Since the opening of the lobster season, on the 15th of November last, till the end of June, there were packed 91,686 cases, while 51,921 cwts. were shipped in shell. During the corresponding period last year 136,426 cases were packed and 67,315 cwts. shipped in shell.

COUPLE COMMIT SUICIDE

Bar Harbor, Maine, July 29—The bodies of a man and a woman, lashed together at the waist and feet, were found floating in the harbor near the break-water here Saturday. Papers found in the clothing were identified as those of Harry H. Morse, of Lynn, Mass., and his wife. The city medical examiner decided that both man and woman committed suicide. Morse's brother, Rev. W. I. Morse, is rector of the Church of the Incarnation (Episcopal) in Lynn. He is said to be at present on vacation at St. Andrews, N. B.
