5 German Ships Sunk, Is Late London Report

LONDON, Dec. 16--- The main British and German fleets are reported in a despatch from New York to be engaged in the North Sea.

LONDON, Dec. 16--- It is reported Turks Forced Of the Enemy that 3 German Cruisers and 2 Submar-No Evidence of German Machinations ines were sunk in action with a British London, Dec. 16.—The official Press flotilla off Scarborough this morning.

LONDON, Dec. 16-= The Official Bureau an- satisfactory solution. develop that wireless is being used dence of treachery on the part of any nounces that important developments are taking place in the North Sea.

German movements of importance occurred this morning. Scarborough and Hartlepool have been shelled and our flotillas have been engaged at various points.

PEOPLE THROWN INTO GREAT PANIC

London, Dec. 16.-A German fleet made a sudden dash into the North Sea today and shelled Scarborough and Hartlepool, English coast towns on the North Sea and engaged certain units of the British fleet.

Four German cruisers appeared off Scarborough at an early hour and began to bombard the town. It is apparent that they had no difficulty in dropping shells into the city. Panic seized the people and many of them fled from their homes. The residents of Hartlepool were aroused from their sleep by the sound of heavy gun firing and they flocked to the streets and thence made their way to the beach to learn what was going on.

Shells Began to Drop

In a few moments shells from the German cruisers began dropping into Hartlepool whereupon the crowd along the shore broke for shelter.

Panic also showed itself at this point, fear took possession of the people and many of them abandoned their homes and fled inland.

The news of this naval raid was announced by the British Admiralty shortly before 11.30 o'clock this morning and it threw London into the greatest state of excitement that has prevailed since the outbreak of the war.

Damgae Not Stated

The preliminary announcement of the Admiralty made no mention of the damage to Scarborough which is a fashionable sea resort on the North Sea, 37 miles North east of York and a little over 200 miles from London or to Hartlepool, an important shipping centre about 40 mles Northwest of Scarborough.

British flotillas have been engaged with the enemy at several points however

DID HEAVY DAMAGE TO SCARBOROUGH

Hull, Dec. 16.—Fugitives reaching here from Scarborough say the German bombardment of that port was heavy and that great damage was done to the property in Scarborough.

Scarborough, Dec. 16.—The shelling of Scarborough by the four German cruisers which took part in the operation, began shortly before 8 o'clock this morning.

Several buildings have been damaged by shellfire from three German vessels.

FIRST OVERT ACT AGAINST GT. BRITAIN

London, Dec. 16.—The bombardment of two cities on the East Coast of England by German cruisers is the first overt act of the war against British territory. Never before has the coast of England been attacked. It was felt that the British fleet in the North Sea was sufficient to render this possibility very remote.

The official announcement given out in London that the British flotillas have been engaged with the enemy is evidence (Continued on page 6)

and at noon the situation was described by the Admiralty as "Developing."

Design of Attack Unknown It could not be ascertained at first whether this German attack was designed merely to spread panic among the British people or whether its purpose was to engage the British fleet in a general action or to act an escort in an attempt to land

troops on the British coast. Neither Scarborough nor Hartlepool is fortified.

Scarborough has a population of 40,-000 people and during the summer months the seaside hotels are crowded.
