HAVE PURE BLOOD

Hood's Sarsaparilla Makes Rich, Red

Your heart works night and day without a pause. It is the principal organ of the circulation of your blood. It is of the utmost importance that it should do its work well. The quality and quantity of your blood have much to do with its action. If this fluid is pure and abundant, your heart and other vital organs act with more energy than when it is defective in quality or

deficient in quantity.

Hood's Sarsaparilla makes the blood pure and abundant. It is the one old reliable medicine, that has been sold for forty years, for puri-fying the blood. There is no better blood remedy, appetizer, stomach tonic or nerve builder. From the very first dose of Hood's Sarsapa-

rilla improvement begins. Be sure your druggist gives you Hood's, for nothing else can possibly benefit you as much and nothing else can take its place. Get
