GLAD TO BE CO-RESPONDENT.

Capt. Lawton Will Now Have Chance to Tell What He Knows.

New York, Oct. 19.—"I am glad to be named as co-respondent in the suit for divorce brought by William Newbold Boller against his wife." This was the statement of Capt. T. E. Lawton, a promoter, who added that he would now have the right to go into court in Mrs. Boller's defence and make public the persecution to which she has been subjected, and of which the suit is the climax.

The defendant in the suit has lived ten years with a broken neck, but her affliction is apparently only in that she cannot move her head sideways and that her carriage is a trifle more stiffly erect than ordinary. In 1892, shortly after her marriage, at Denver, she was working as a newspaper reporter, and was on a ranch. She had tethered an Indian cayuse, when Mr. Boller began beating the horse, and the rope to which the animal was fastened, became wrapped around her and she was thrown on her head. She suffered a dislocation of the vertebrae at the neck and lower in the spine, and for two years was confined in plaster casts.

Mrs. Boller was Miss Naomi Sherwood and is the daughter of Sir John Woodhouse Sherwood, one of the original settlers of the Red River lands, a descendant of the family whose estate once included Robin Hood's Sherwood Forest, and on her mother's side, of the blood of Marlstones, who gave their name to Marlston Moor.

BIG DROP OF VALUES.

Sensational Slump in Montreal Stock Market.

CREDIT OF FIRMS IMPUGNED.

Montreal despatch—There was a sensational drop in values on the Montreal stock market to-day, and in many instances prices touched the lowest on record, eclipsing the big slump in the market last June. For some weeks a clique of operators, feeling that there was little prospect of an upward movement, and believing that more money could be made on the short side, have been trying to break values, and that they have succeeded in their campaign is shown by to-day's record. Their operations have of course been helped by the weakness in New York, but in the furtherance of their efforts they have resorted to the distribution of the most audacious falsehoods, involving the credit of firms and individuals. The report was sent broadcast that leading Montreal brokers and financial institutions were on the verge of bankruptcy, and that they were obliged to throw over large blocks of stocks in order to realize. Queries from various parts of the country came to Montreal to-day asking if such reports were true. They only met with an absolute denial, but they had done their work. The market acted in a nervous manner and values broke violently. It was of course weak accounts that the bears were gunning for, and as many stop orders were reached in the course of the break, the volume of liquidation gathered force as it proceeded.

Canadian Pacific was the only stock that held up fairly well in face of the general break. It sold at 118-1/2 to 119 1-2 at the opening, but declined to 118-1/2 before the close. The heaviest liquidation was in Montreal Street, Montreal Power, Twin City, Scotia, Dominion Coal, and Nova Scotia Steel. There was a renewal of liquidation in Montreal Street, and the price broke from 212 to 205. As the result of heavy hammering by the bears, Montreal Power broke from 70, at the opening, to 65 3/4, the lowest price in its history, but recovered sharply to 68 before the close. Twin City declined from 83 to 80 1-2, Detroit United, after selling at 80 1-2 to 80 1-2 at the opening, broke to 78. Dominion Coal was another favorite target of the bears, and it broke from 67 at the opening to 59 3/4, recovering to 60. Nova Scotia Steel broke from 70 1-2 to 67, recovering to 65. Dominion Steel was neglected, the preferred selling at 26, and the common at 8. Toronto Street sold down to 89, and Toledo broke to 15. Richelieu declined to 69, but recovered to 72.

MURDER IN DELAWARE. Girl's Death is Similar to That of Irene Cole. Wilmington, Del., Oct. 19.—Mary Koskocki, a pretty 18-year-old Polish girl, was found murdered here this morning. Frank Smith, a Pole, who has been serving in the United States navy, is locked up at the police station on suspicion. The case is similar to that of Miss Helen S. Bishop, for which crime Geo. White, a negro, was taken from the New-castle county workhouse and burned at the stake several months ago.

Lincoln to Stop Cavalry. Novel Obstacles Erected by Mob in French Town. Armentières, Department du Nord, Oct. 19.—Strikers who pillaged linen stores have stretched pieces of linen across the streets to prevent cavalry charges. The banks have also been attacked, all the houses are closed, and the inhabitants are in a state of terror. There are troops here, but they are insufficient to maintain order.

Colonials are Ready. London, Oct. 19.—The Post, referring to the offer of New Zealand troops for service in Samoliland, rejoices that the reports that Colonial troops would not come forward to help the Mother Country in time of extreme emergency, owing to their treatment at the hands of the regular officers, are unfounded.

Paris, Oct. 19.—King Leopold of Belgium, who was received by President Loubet yesterday, is reported to have obtained France's support against Great Britain's view of the Congo situation. GAVE UP HIS SON TO BE HANGED.

And Now Makes Application for the Reward Offered.

A Strange Stand Taken by Chicago Pressfeeders.

Fifteen Sailors Rescued From a Shipwrecked Vessel.

Chicago, Oct. 19.—Armed with revolvers, deputy marshals, thirty union pressmen employed in the printing plant of R. B. Donnelly & Sons' Company, were last night guarding the building against attack from striking members of Franklin Union of Press Feeders. The armed deputies are regular union employees of the company, all of them, members of local No. 3 of the International Printing Pressmen's Union. Beside them work non-union men and girls, who have replaced the members of the Franklin Union now on strike. It is union against union, and no serious trouble has occurred, precautions having been taken because of threats that have been made by Franklin Union members.

When the lockout against Franklin Union was declared by the Chicago Typographic two weeks ago, the pressmen were prepared to make a rival union of press feeders, but their plan was never executed. They refrained from taking any sympathetic action, however, and now they stand as officials of the union, barring the way to members of Franklin Union. Home, Sweet Home.

Maone, N. Y., Oct. 19.—A big cow moose was seen in Westville a day or two ago, near the place the bull was recently shot by a man named Barton. The moose had been seen in the vicinity of the Canadian woods, within two weeks, and it is believed to indicate that the attempt to stock the Adirondacks with moose has failed at best. These moose have all taken the same trail to Canada that their ancestors did 76 years ago. This fact is touched for by Chief Game Protector Rand and many old guides in this section.

What Kind of a Father is This? Atlanta, Ga., Oct. 19.—Application was made for Gov. Torrey, yesterday for the reward of \$150 offered for the capture of Rod Carruthers, sentenced to be hanged on Oct. 18, for the murder of Henry Bryd, and who escaped shortly after receiving his sentence. The application came from the father of the condemned man, who the sheriff says gave the information which led to his son's arrest.

Rescued Shipwrecked Crew. New York, Oct. 19.—The German steamer Verona, which arrived in port to-day from China and Japan, brought fifteen shipwrecked mariners, taken from the Uruguayan bark, Salvador Talavera, in latitude 32.57, longitude 57.44. Captain Spiesen reports that on Oct. 8, he spoke the vessel in a sinking condition, all the masts and boats gone, the forecastle careened by the sea, and the provisions spoiled. The steamer was making 3 inches of water an hour, the wheel was broken and the vessel had fallen in the rough sea. The remaining crew before leaving removed the main hatch.

The bark sailed from Feranda, on September 10. The crew clung to the wreck with a scarcity of provisions and constantly drenched by the breaking sea for days. The bark was loaded with pitch pine lumber and bound for Corunna, Spain.

LOCKPORT BELLE WEDS A HANDSOME YOUTH. Lockport despatch.—The city's younger society was startled yesterday by the announcement that Miss Gertrude Madden, daughter of Superintendent Robert Madden, of the Western Bell Company, had eloped with Mr. Walter Bartholomew, of Coshocton, O., and were married in Buffalo Sunday night.

The young bride of 20 years, informed her father by telegraph yesterday morning of the event which made her happy, but which completely prostrated her father.

Miss Madden is a beautiful young girl. She is the youngest of six daughters. She was educated in the St. Mary's Convent school of this city, and afterwards attended the Lorain Convent at Niagara Falls, 1901. Her husband is a handsome youth. That each should have become infatuated with the other is reasonable. He has frequently been a visitor in this city. A year ago he met Miss Madden while on one of his visits here. They corresponded. He came here again last week, and on Saturday the youthful couple took a trolley to Buffalo and negotiated for the tying of the knot. On Sunday Miss Madden was as busy as a bee around the house anticipating the happy event. She went to Buffalo with her intended on Sunday night and was married.

Her father thought that perhaps she had stayed with friends when she did not return a late hour Sunday night. He did not know that they were on their way to Ohio until he received the telegram yesterday. Though nearly heartbroken Mr. Madden is willing to extend paternal forgiveness.

A daring hold-up of a street car conductor took place on King street, Toronto, yesterday morning. Car No. 422 was held up at 12.30 by two highwaymen, and Conductor Wm. Howard, of 668 Queen street west, was robbed of \$25. The car, which was on its last trip, was running to the Roncesvalles barns. There were no passengers on board.

Sir William Holland, M. P., lately returned from Canada, has issued a manifesto stating "that the Canadian manufacturers mean to protect their own market at all costs, that Canadian loyalty is superior to fiscal considerations, and that Canada is destined to become the granary of the empire. Her position is so impregnable that she needs no protection at Britain's hands."

TRY TO HOLD BRITISH TRADE.

Sweden, Norway and Denmark Ready to Make Tariff Concessions.

Christiania, Oct. 19.—Scandinavia is following with intense interest the development of the fiscal struggle in the United Kingdom. The exports of Sweden, Norway and Denmark are chiefly to Great Britain. England is in particular, the best customer of Denmark. Sixty per cent. of all Danish products go to England, while 43 per cent. of all the products of both Sweden and Norway also go there. Denmark's import tariff on industrial products is of a class that meets with much favor in Great Britain. Denmark therefore hopes much from British self-interest, and does not fear overmuch colonial competition. Furthermore the Danish Government is willing to adapt its tariff to British conditions.

Of the three Scandinavian countries Sweden has the highest tariff, while Norway is midway between it and Denmark. The great exports are timber, wood manufactures, wood pulp, fish, butter and condensed milk. Sweden and Norway will probably develop a preferential tariff system. The three countries are ready to make considerable concessions to retain the British market.

TO ATTACK NEW YORK.

Dowie and His Host Will Arrive This Morning. Niagara Falls, N. Y., Oct. 19.—The large train carrying the followers of John Alexander Dowie, the front and centre of the religious movement, founder of the city of Zion, Illinois, and the prophet of the Zionists, are expected to arrive at Niagara Falls at 8 o'clock to-night. Just before his departure Dr. Dowie stated this his morning.

plans were to call the roll at 10 o'clock to-morrow morning in Madison Square Garden, the place for the army of evangelists to assemble in New York City.

In spite of the cloudy weather and threatened rain massive photographs of the "Redemption Host" were successfully taken this afternoon. The women each wore a broad silk sash of blue, white and orange thrown over one shoulder. The sight of the gathered thousands was one of the most interesting that has been witnessed at the Falls in a long time. All day long as the crowd passed and repassed each other in their walks, the salutation of the pilgrims could be heard in different parts of the city. The first one to speak says, "Peace to thee be multiplied."

BRITISH TREATY WITH FRANCE.

Text of the Three Articles of Agreement.

The Kronz Prince Had a Stormy Passage.

Arbitration of Anglo-Belgina Trouble in the Congo.

London cable.—The arbitration treaty between Great Britain and France was signed here to-day by Foreign Secretary Lansdowne and the French Ambassador, M. Cambon. The text of the treaty is as follows: The Government of the French Republic and the Government of His Britannic Majesty, signatories of the convention concluded at The Hague, on July 29, 1899, for the peaceful settlement of international disputes.

Considering that by article 19 of that treaty do not limit the contracting powers reserve to themselves the right of concluding agreements with the view to have recourse to arbitration in all cases in which they shall consider it possible to submit thereto.

Have authorized the undersigned to agree to the following provisions: Article 1. Differences of a judicial order of such as relate to the interpretation of treaties existing between the two contracting parties, which may arise between them and which it may not be possible to settle by means of diplomacy, shall be submitted to the permanent court of arbitration established at The Hague by the convention of July 29, 1899, on condition, however, that they do not involve either vital interests or the independence of honor of the two contracting States, and that they do not affect the interests of a third power.

Article 2. In each particular case the high contracting parties, before addressing themselves to the permanent court of arbitration shall sign a special arbitration bond setting forth clearly the subject under dispute, the extent of the powers of the arbitrators and the details to be observed as regards the constitution of the arbitral tribunal and the procedure.

Article 3. The present arrangements are concluded for a term of five years from the date of the signature. (Signed, Cambon, Lansdowne.)

Tempetuous Voyage. Cherbourg, France, Oct. 19.—The North German Lloyd steamer Kron Prinz Wilhelm, which arrived yesterday, New York, experienced one of the worst passages for many years. She passed through a succession of gales, and the steerage passengers were battered down during the whole passage, except one day.

On Thursday and Friday last, the furious seas compelled the vessel to reduce speed, and caused slight deck damage.

May be Arbitration. London, Oct. 19.—The Vienna correspondent of the Daily Mail asserts that King Leopold is going to that city to ask Emperor Francis Joseph to become arbitrator of the Anglo-Belgian differences concerning the Congo, and that the Emperor will accept, as both Germany and England have intimated that they will be content with his arbitration.

WILL CLEAN UP DEATH HOLE. Brantford Council Determined to Remove "The Willows." Brantford despatch.—Several residents of Eagle Place appeared before the Council last night and urged that the locality known as "The Willows," in which little Irene Cole was cruelly murdered a couple of weeks ago, be cleared of the growth of rank grass and willows. A strong case was made out, and resolutions were unanimously carried that the police commissioners give the outlying portions of the city better police protection, and that the Building and Grounds Committee be authorized to have "The Willows" as far as they extend on city property removed, and the sympathy of the Council to the Cole family was also put on record.
