THE TRYING TIME

In a young girl's life is reached when Nature leads her uncertain steps across the line which divides girlhood from womanhood. Ignorance and neglect at this critical period are largely responsible

for much of the after misery of womanhood. Not only does Nature often need help in the regular establishment of the womanly function, but there is almost always need of some safe, strengthening tonic, to overcome the languor, nervousness and weakness, commonly experienced at this time.

Dr. Pierce's Favorite Prescription establishes regularity. It is a strengthening tonic, soothing the nerves, encouraging the appetite and inducing restful sleep. It contains no alcohol, neither opium, cocaine or other narcotic.

"I wish to tell you the benefit we have received from using your remedies," writes Mrs. Dan Hall, of Broadhead, Green Co., Wis. "Two years ago my daughter's health began to fail. Everything that could be thought of was done to help her but it was of no use. She began to complain she was quite stout; weighed 170, the picture of good health, until about the age of fourteen, then in six months she was down her weight was but 120. She kept falling and I gave up, thinking there was no use, she must die. Friends all said, 'You will lose your daughter.' I said I fear I shall. I have your doctor, that only for your Favorite Prescription my daughter would have been in her grave to-day. When she had taken one-half bottle the natural function was established and we bought another one, making only two bottles in all, and she completely recovered. Since then she is as well as can be."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 31 one-cent stamps to pay expense of customs and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

There were also a number of accounts passed.

HEALTH RESORTS AND ATTRACTIONS

There is no region in America richer in mineral springs than Colorado, while throughout the state there are pleasure resorts and splendid places of attraction of various kinds in great numbers. It has been truly said that all of Colorado is a health resort, and this statement is sustained by the most eminent physicians of the country. What with its beautiful cities on the plains, its gorgeous mountain peaks and lovely valleys, its awful canyons and their rushing torrents, its forests and streams, its broad green parks, and charming crystal lakes amid the mountains, what more could nature provide or man desire for his welfare or his delight. Not only the health-giving mineral and thermal springs, which gush spontaneously from the mountain sides invincibly the invalid and weary, but in all the rest of these charms of nature is found a panacea for the ill and cares of body and mind diseased.

To enable persons to reach these favored localities without unnecessary expenditure of time or money, the Union Pacific has put in effect very low rates and splendid train service, three trains leaving Missouri River daily for Denver, one of which is "The Colorado Special," which is the finest train in the West. Accommodations are provided for all classes of passengers, the equipment including free reclining chair cars, dining cars, buffet, smoking cars, drawing room sleepers and day coaches for the ill and weary.

Full information cheerfully furnished on application to G. G. HERRING, G. A., 126 Woodward Ave., Detroit, Mich.
