Vol. VI OCT. 29, 1914 No. 20

WHERE IS THAT REPORT?

The Standard, a bit uneasy over the near approach of the Dugal verdict, takes a sort of tentative shot at Mr. F. B. Carvell, K. C., M. P., whom it charges with having expressed disagreement with the report of General French on the Canadian militia. Mr. Carvell, as a representative of the people in the House of Commons, was well within his rights in his discussion of militia matters. We have yet to hear that he is unwilling to accept complete responsibility for any words of his Parliament, in an example not a few government members might follow with profit. Merely because the country has since been plunged into a great European war, Mr. Carvell can scarcely be shot at sunrise by Col. the Hon. Sam for candid criticisms of last year or two years ago.

The childish purpose of the Standard is, of course, to attack Mr. Carvell for a reason remote from the war, from Colonel Hughes, and from General Sir John French. Mr. Carvell's crime is that he conducted the court martial in the case of General James Kidd Fleming, commander of the Conservative forces in this province, economist, purist and lately head of the patriotic fund by the grace of the powers that be.

Every time the Standard fires at Mr. Carvell it reminds the public of the invaluable and courageous public service rendered this province by Mr. Dugal and his counsel and reminds the public, further, that the report of the Dugal commission, long since in the hands of the Lieutenant Governor, is distinctly overdue.

Have those worthy gentlemen of the cabinet and of the House, who assisted Mr. Fleming in rushing the 2,000,000 bond guarantee through the Legislature, not yet mustered up the courage to give the people the Commission's verdict? Have these noble but unfortunate statesmen not yet been able to decide whether they prefer to hang together or to hang separately? Why expect the public to be diverted by the party organ's sniping at Mr. Carvell when what the public wants is the verdict of the Royal Commission concerning the most dishonest administration in Canada's history?—Telegraph

NO ELECTION

The recent internal crisis in the Borden cabinet, from which an election was nearly precipitated in this time of national grief, has apparently subsided. Messrs. Pelletier, the postmaster general, and Nantel minister of Inland Revenue, having been shelved.

Their positions are filled by T. Chase Casgrain, a prominent Montreal lawyer, and P. E. Blondin, the fiery Nationalist who publicly told his constitu-

ents that "we have had enough of England and the English."

So near was an election that the voters' lists were in the hands of the printers, and the date set for election was Nov. 30.

WHY IS IT THUS?

The appointment of Premier Flemming as a member of the provincial committee on the patriotic fund, goes to show that there is a determination on the part of some people to keep that discredited politician in the limelight. There is no objection whatever to the provincial government being represented on the committee but it should be represented by a combatant member in whom the public has some measure of confidence. There could have been no possible ground for complaint if Acting Premier Clarke had been named as a member of the committee, but for some unexplained reason he had to be passed over in order that Mr. Flemming could be rehabilitated to some extent. Mr. Flemming's appointment, under the circumstances, created astonishment and there will be greater astonishment if he is permitted to act. New Brunswick has had enough of Flemming and Flemming methods and it will add greatly to the peace of mind of many excellent citizens who are taking a most active and praiseworthy interest in the patriotic fund—to say nothing of the thousands of others who came across with the cash—if he is quietly restored to the political grave which he dug for himself.—F'ton Mail.

ELECTION SCHEME WAS KNOCKED

Ottawa, Oct. 21.—Not only had the government last week decided definitely that there should be an election immediately but they had commenced the actual preparations.

The printing bureau, acting under rush orders, had commenced printing the voters' lists. The start upon this list was made with Halifax, the constituency represented by the prime minister.

Arrangements were being made for the publication of blank ballots, and ballot paper was ordered for immediate delivery. Instructions were sent to candidates to get ready for an election in November. All the machinery of the Conservative party was overhauled and at some points friction lubricant was freely applied.

The volume of protest which came to Ottawa from every part of Canada by the great business interests reached not only the prime minister but was heard at Rideau Hall. It was in consequence of this that the election was called off very much against the wishes of Hon. Robert Rogers, who left for Winnipeg in disgust.

A Possible Solution.

A correspondent suggests that there might have been method in the madness of those who had Premier Flemming appointed a member of the provincial committee on the Patriotic Fund.

He points out that the premier is at present the custodian of a fund of \$62,000, collected from certain philanthropic lumber operators, and being duly flattered by his appointment to membership on the committee, may use his influence to bring about a merger of the funds. Possibly the correspondent has the right end of the argument but we have our doubts. Those intimately acquainted with the sanctimonious premier says that his policy is "What we have we hold."—F'ton Mail.

Circuit Court.

Circuit court opened on Tuesday and was in session all week, Judge Barry presiding. There are no criminal cases. The civil cases entered are:

David H. Phillips vs. William Montgomery et al. An action of trespass on land in the Parish of Peel.

The above case took nearly all the week, and went into jury on Saturday when the jury answered the questions proposed by His Honor, on which answers the verdict was given. The jury was composed of Ednar Long, foreman, Alex. P. Ritchie, James Watson, David Miller, Thomas Strong, James Toms and Wm. Cox. The judge ordered a verdict for the plaintiff for \$25 which settles the title to the disputed piece of property.

Court adjourned on Saturday until Tuesday, Nov. 24 when the latter, will be taken up.

A WOMAN'S RIGHT TO HEALTH

No Reason Why They Should Suffer From Backaches and Headaches.

To every woman belongs the right to enjoy a healthy, active, happy life, yet nine out of ten suffer, often in silence, from splitting headaches, torturing backaches, violent heart palpitation or some other of the many evils that follow anaemia or bloodlessness.

That is why one sees so many women with pale, thin cheeks, dull eyes and drooping figures—sure signs that the blood is out of order. All suffering women should win the right to be well by refreshing their weary bodies with the new, rich blood of health that promptly transforms them into healthy, attractive women. There is no other medicine can supply this new, rich blood so speedily and so surely as Dr. Williams' Pink Pills for Pale People. Through this medicine thousands of tired, suffering women have found new health and strength. Mrs. James Drost, Chipman, N. B., says: "For years I did not know what it was to be entirely free from headache or backache. My hands were cold and clammy all the time. It was difficult for me to get my work done, and to walk even a short distance would leave me completely worn out. My life was one of constant worry and I thought I would never be better. I was doctoring all the time but without a bit of benefit, and finally the doctor stopped giving me medicine as he said he could not help me. Do you wonder that I was in despair. My mother urged me to take Dr. Williams' Pink Pills, but I said 'what's the use, medicine can't help me.' However, my husband got six boxes of the pills, and to please him I began to take them. By the time I had finished them I undoubtedly had improved and there was the signs of returning health in my cheeks and hands. My husband thought the improvement so great that he got another half dozen boxes, and before these were completed I was enjoying such good health as I had not had in years, in fact, I was a well woman, and have since enjoyed the best of health. I sincerely feel that I owe my life to Dr. Williams' Pink Pills, and shall always recommend them to all sick people." You can get these pills at any medicine dealers, or they will be sent by mail, postpaid, at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams' Medicine Co., Brockville, Ont.

Today prices are being paid for produce as follows: potatoes; 70; oats, 45; hay, \$11.25; eggs, 25; butter, 25 to 28; dressed pork, 80 cents.

Year After Year

we have been giving guaranteed satisfaction in

SPECTACLES

If, as we sometimes do, meet such a complicated case of defective vision that requires the treatment of an oculist rather than an optician, we do not hesitate to say so, and we do not make matters worse by putting off on to customers glasses that we know will not correct the difficulty. But most cases of defective vision can be remedied with proper fitting lenses and bows. In every case of this kind we give the broad guarantee of Perfect Satisfaction or money back. In fact we don't want your money until you are given as good vision as glasses can give you.

Another point: We are here every day in the week. You are welcome to come and consult us on the spectacle question at any time. If you break a lens or a bow we can replace the broken part quickly. Still another point: We not only guarantee perfect fit, but we sell goods guaranteed for quality. If we sell solid gold bows, we guarantee them so. We can furnish a variety of styles of bows, in different materials. Our goods are always more dependable than the come-and-go peddler.
